CHAPTER 1

"KYAAAAAAAAAAAA!" you started fangirling in front of your laptop's screen after watching the first teaser of EXO, the new boy group under SM Entertainment.

"What happen to you?" your bestfriend, Baekhee asked you in confusion. You turned to her and just give her a bright smile.

"Yah! What's with that smile?" she raised an eyebrow. "EXO revealed their first ever teaser!" you beamed with a giggle.

Baekhee frowned, "EXO?" she asked, puzzled. "Yes! The new boy group under SMEnt." you replied.

Baekhee grew excited, "Really? SMEnt make a new boy group?!" she asked with interest. You eagerly nodded, "And their first teaser already came out!" you added.

Baekhee immediately sat next to you as she explore you laptop. She click the 'play' button to watch the first teaser.

"Kai?!" she whispered. You nodded with a smile, "Yes! SMEnt revealed the first member of EXO!" you said.

"Omo! This Kai is so hot!" you heard Baekhee commented. "I know right?!" you agreed as you play the teaser once more.

"KYAAAAA!" both you and your

bestfriend fangirling together.

"This is why I love SMEnt! All their artists are hot!" you said. Baekhee nodded in agreement, "I can't wait for their debut! When is it?" she asked.

You shook your head, "Molla. I keep serching for their debut date but failed. SMEnt still not announce their debut date." you pouted.

Baekhee joined you pouting. "How many members of EXO have anyways?" she asked. "I saw in one article that they have 12 members." you replied.

"12?! So many." she gasped. You nodded, "You're right! But I hope they all looks hot too like Kai." you lightly tapped your chin and started imagining the looks of the other members.

Suddenly, Baekhee's phone ring. "Yeoboseyo?" she answered. You titled your head to her. "Uh.. yeah! Araseo." you saw her nodded before she ended the phone call.

"Who is that?" you asked. "Omma.. She want me to go home now because it's already late." she explained.

"Uh-oh.." you nodded. "I'll see tomorrow then?" you said.

Beakhee smiled and nodded, "Okay. I'll go ahead now. Annyeong!" she waved and say to your parents before she completely leave your place.

Next day. You woke up early to prepare yourself for school but your laptop caught your attention.

You shook your head, *No Haewon! You can't open your laptop right now. You still have

to attent school today.* you mentally snapped your head and headed to the bathroom, totally ignored your laptop.

Hour later, you stepped out from the bathroom and walks back to your bedroom to wear your school uniform.

After wearing your uniform, your eyes caught your laptop once again. After just a few seconds, you already opened your laptop.

EXO's teaser

You typed on the search space. You excitedly pressed the 'enter' button. After a second, the results appeared.

Your face fell, there's still no new teaser for EXO. There's still only one teaser, the one you watched yesterday with your bestfriend.

To complete your day, you watched the first teaser again. You couldn't help but to feel more excited to see their other teasers.

Suddenly, your door burst open. You lookes up only to see your bestfriend wearing her school uniform. "Uh.. Baekhee!" you gasped.

She raised an eyebrow, "Why are you still in front of your laptop?" she asked and walked towards you. "Uh-oh.."

"EXO again?!" he gasped. You smiled, "I can't help it. I was really excited!" you snapped.

She rolled her eyes, "So was I? You're really addicted to SMEnt artists Haewon-ah.." she shook her head, amused.

"What are you doing here anyways?" you asked. Baekhee's eyes widen, "Omo! I

almost forgot! We're already late. Come on, we need to go to school now." she blurted.

"Omo! I forgot about school!" you snapped yourself as you quickly turned off your laptop.

"Palli!" you heard your bestfriend said. "Be patient. My laptop still didn't shut down." you replied. As your laptop already shut, you and your bestfriend rush outside.

"Haewon, you still haven't grab your breakfast!" your mom shouted at you. "I'll just eat at school. I'm already late. Bye omma!" you shouted back with a wave before you could disappeared on your mom's sight with your bestfriend.

CHAPTER 2

"Mianhe Seonsaengnim, we're late." both you and Baekhee bowed in front of your teacher as both you two reach the school.

"Why are you two late today?" your teacher asked. "Mian. I wake up late and Baekhee wait for me that's why she's late too." you explained.

"Okay then. I'll give you two detention after class. Now, please take your seat." your teacher ordered.

"But Baekhee just wait for me so please don't give her detention." you snapped.

"No. Both of you arrived at school late so I'll give you both detention. Take your seat now so I can continue the discussion." your teacher

ordered once more.

Without a choice, you and your bestfriend headed to your respective seats.

"Mianhe." you whispered to Baekhee. She shook her head, "It's nothing. We're bestfriend so I will join you whatever it is." she said.

You smiled, "Gomawo." Baekhee smiled back, "You're welcome." You giggled as Baekhee joined you along.

"Ms. Shim and Ms. Yoon, will you two keep quiet and listen in my lesson?" your teacher shouted. Both you and your bestfriend bowed, "Mianhe Seonsaengnim."

"Listen now, will you two?!" your teacher hissed. "Dae." both you and Baekhee replied.

With that, both you and Baekhee finally focus on the class.

The bell suddenly rang~

It's time for lunch. "Come on Haewon, let's eat. I'm already hungry." Baekhee said. "I am too. I didn't eat breakfast. I'm craving already." you whined.

Both you and Baekhee headed to the canteen to eat lunch there.

As both of you found a place, you two ordered a food to eat. As you were both eating, you suddenly heard a conversation from the table next to your table.

"Did you guys watch the first teaser of EXO? the new boy group under SMEnt?" you heard a girl said. "Of course! I won't let myself to missed it." another

girls said.

"Omo! The guy on the first teaser, he's so handsome!" the first girl said. "Umm.. K... If I'm not mistaken, his name is started with letter K.." the other girl replied.

"Kai." you suddenly joined their conversation. You saw the girl nodded, "Yeah! That's right! Kai is the name of that handsome guy!" she agreed.

Just then, the 2 girls paused and slowly turned to you. "Who are you?" a girl slowly asked.

"Just a fan." you simply replied with a smile before you turned back to continue your food. The 2 girls stared at you, puzzled but didn't dare to ask you again.

"You crazy fangirl! You even joined their conversation." Baekhee whispered to you. You giggled, "I was just excited for EXO that I even don't forget the first teaser." you whispered then continue your food and so did Baekhee.

After grabbing your lunch with your bestfriend, both of you went back to the classroom for the next classes.

School end, both you and Baekhee do the detention that your teacher assigned to you.

After the detention, both you two went back home.

A week and half later, you went to Baekhee's house for a visit. You found her in front of her laptop smiling.

You raised an eyebrow, "Yah! What are you smiling at?" you snapped her. She turned to you, "Oh.. Haewon-ah.. What are you doing here?" she asked. "Wae?"

Can't I visit my best friend if I want to?" you crossed your arms across your chest and rolled your eyes.

"Psh! I was just asking." Baekhee replied. "So.. What are you doing in front of your laptop?" you asked once more.

"Oh right! I was just watching the teasers of EXO. Did you already watch it all? They have many teasers now." she said.

You took the seat next to her and sighed, "I'm a bit pissed watching it all because it just makes tease even more. Many new groups already debuted with only one teasers but them? Many teasers already came out but SMEnt just keep us hanging. I wonder how special EXO is." you replied.

Baekhee tilted her head to you, surprised by your answer. "I thought you were excited for them?" she asked. "I do." you replied.

"Then why don't you watch their teasers?" she asked once more.

"I don't want to. I'll just wait for their debut."

CHAPTER 3

Days had passed, you grew tired watching EXO's teasers. Everytime you heard about their teasers, you started to get bored.

"Did you see the 23rd teaser of EXO?" Baekhee asked you. You shook your head, "No." you simply replied.

"But they said that's their last

teaser." Baekhee snapped. "Last? Really? I don't think so. To be honest, I was thinking if SMEnt still want to revealed them as a performers or revealed them as a teaser artists." you said.

"But you know what? The news said that EXO's debut date will be tomorrow." you heard your best friend said.

You finally brightened, "Really? Is that true or just a rumor?" you asked. "Molla. We must wait." she beamed.

You smiled, "I hope it's true." you still hoped.

Baekhee chuckled at you. You raised an eyebrow, "Wae?"

"Your expression changed. You're more than excited than me now." she said. "Psh! I was just excited to see them performing." you snapped.

School end. Baekhee decided to go with you to your house.

As the time you and Baekhee reach your house, both of you greeted your mom and straightly went to your room.

You immediately open your laptop and search about EXO.

"Omo! Look Baekhee! SMEnt already released their MAMA MV." you beamed excitedly. "Cheongmal? Eodi?" she asked, also excited.

"Here." you clicked the play button as the video started.

Both you and Baekhee's eyes were glued on your laptop screen, amazed on what you two were watching.

"God! Their voices! So strong!"

you commented as your jaw dropped because of their amazing voices. Baekhee nodded in agreement, "You're right! I already love them now." she beamed.

After watching, you scroll down to see the comments.

Woah! So hot!

Love them already!

OMG! Are they the new SMEnt artists?! SMEnt always choose perfect artists!! Live it <3

MAMA!!!!!! Kyaaaaa! I'm going to buy their album!!

Their voices are pretty cool!

That was all you saw in the comment section. You then click the comment box to leave a comment.

IKR?! All of them are Hot! Even their voices!!!! Kyaaa! EXO hwaiting!

You happily pressed the enter button to show your comment to everyone.

Baekhee shook her head, "You do really excited than me." she commented. "But I couldn't help it. They're just amazing!" you snapped.

Baekhee nodded in understanding, "Yeah! I'm amazed too and excited but you're more excited than I am." she said. "Aish! You know I'm always like this with all the SMEnt artists." you snapped.

Baekhee just shook her head seeing her best friend crazy fangirling.

On the next day, EXO's debut date finally came. You missed

their live performance because of school stuffs.

Luckily, you have a chance to watch their performance in Youtube.

You opened your laptop and search for their performance. Then click! Just a second, there's already a result.

You excitedly click one of the video and played it. You focusly watch their performance with excitement.

In the whole performance, you couldn't help but to giggled watching them performing. Their performance was pretty cool.

Satisfied, you scroll down to leave a positive comment. But suddenly, one of the comments there caught your eyes.

Woah! They are the best! They will be the next Super Junior, SHINee and even DBSK!!! Daebakkk!

A frown suddenly appeared on your face. *They're just new and they already comparing to the other artists of SMEnt?*

Your decision of leaving a positive comment turned to be a negative comment. You clicked the comment box and start typing.

They're lipsyncing? What the??!! After 23 teasers??!! Plus, they're just new so stop comparing them to the other idols! The old artists of SMEnt are still the best!

A bit pissed, you pressed the enter button.

With that, you immediately turned off your laptop and closed it then you whispered bitterly, "The best than SHINee,

SuJu and DBSK? Psh! They're not, definitely not!"

CHAPTER 4

The next day you woke up, you visit your laptop and saw another comment that made your mood to be bad.

Kyaaaa! EXO the best!!! I'm officially EXOtic now!! They will definitely be the next SuJu! EXO saranghae <3

You clenched your fist together and frowned. "EXOtic?! What kind of fandom is that?! And next SuJu?! Impossible!" you bitterly hissed.

You position yourself to leave a comment. Clicking the comment box, you started typing.

EXOtic?? What kind of fandom is that?! Haha! You guys are going crazy because of these fake idols! They're just lipsyncing!!! And they will never be the next SuJu!!! NEVER!

You the clicked enter, log off and lastly closed your laptop before you completely leave your house to attend school.

"Haewon-ah!" you heard Baekhee's voice coming from the school gate. You looked up and saw her waving at you.

You smiled and waved back at her before you walked towards her.

"What take you so long?" she asked. "Oh.. It's nothing." you replied. "I'm guessing. It's about EXO, am I right?" she

guessed.

You let out a sigh, "You're really my bestfriend. You know all about me." you said. "Omo! So you did watch it? They're amazing, right?" Baekhee beamed.

"Mwo?! What amazing to them?! They're just lipsyncing on their debut! I can't believe they did that!" you snapped.

"Eh? But all the idols did lipsyncing many times." she said. "Yes but not on their debut!" you snapped.

Baekhee rolled her eyes, "What's with you again?! I thought you were excited to them?" she asked. "I did but not now, not anymore. They're just new and there's nothing special to them. I can't believe there are lot of fangirls love them even you. They even compare them to the other artists of SMEnt. They're totally different to them!" you bitterly said.

"But they still amazing!" Baekhee snapped. You rolled your eyes, "Whatever! Let's just go to our class before we get detention again." you snapped and walked passed by her.

Baekhee shook her head on you before she followed you.

"Did you watch tge debut of EXO?" "Yes, I've watched it. They're so freaking hot!" "Yeah! I love their voices! SMEnt never fails to amaze me!" "I know right?!" that was the first you heard as the time you entered the classroom.

"Then SMEnt disappoint me! EXO is not so good! They're just lipsyncing okay.." you snapped them. They turned to you, "Who are you to say those things

about them?!" one of them asked you.

"Just an anti-fan!" with that, you walked passed by them and headed to your seat. Barkhee bowed to them, "Mian.. She's just in a bad mood today. Don't mind her, continue on what you were talking about." with that, Baekhee bowed once more before following you.

"Yah! You joined somebody's conversation again. Tsk!" Baekhee hissed as she sat next to you. You rolled your eyes, "I was just saying the truth." you snapped.

Baekhee shook her head, amused. She didn't say a word anymore, already gave up.

A week had passed, you still can't believe the fact that EXO is getting more and more popular kpop group. Even at your favorite fanfiction site 'Asianfanfics', they're always the hot topic.

In the whole week, all you just did is to bash them. You always says negative comments about them.

One day, it's Monday. You woke up early to prepare yourself for school. As always, you leave a negative comment again in one of EXO's videos before going to school.

As you stepped out from the house, you suddenly saw a unfamiliar van in front of you. You stared at it for a while until you saw the door slowly open.

Just then, a mid age man went out. You stared at him, *He looks familiar. I think I already saw him...* you thought.

Suddenly, you saw him walking towards you. Your eyes widen as you completely saw his face. "Lee Sooman?!" you gasped as the chairman of SMEnt was already right in front of you.

He smiled, "Oh! You know me?" he asked. You nodded and bowed, "Yes, sir. I'm actually fan of SHINee, TVXQ, SuJu and the other artists of SMEnt." you politely said.

"Really?" he asked. "Oh well.. Not all actually but I love majority of them." you replied.

He nodded in understanding, "Are you Ms. Shim Haewon?" he asked. You nodded, "But how did you know sir?" you asked.

"You're actually the reason why I'm here. I need to talk to you. So can I have your time and bring you to SM Building to talk about some important things?" he asked.

He will bring me to SM Building? That means.. I will see SHINee? TVXQ? and SuJu? you smiled and eagerly nodded, "Yes sir. I always have time." you replied.

He nodded, "Okay then. Please follow me." he said as he walked to the van. You followed.

Lee Sooman open the door for you. You lightly bowed, "Gomawo." you the turned to hopped inside the car but suddenly stopped halfway.

"Omo!" that was your reaction when you saw all the members of EXO inside the van looking at you.

CHAPTER 5

"Omo!" you gasped with wide eyes when you realized that EXO was inside the van.

They're all looking at you. For some reason, you couldn't explain their stares. It feels like there's something they want to express by their stares. "Are you going to go in or not?" Sooman suddenly snapped you.

"Uh-oh.. Ne.." as much as you wanted to back-away, you can't. You already accepted his offer. Without any other choice, you slowly entered the van as Sooman carefully closed the door.

With that, Sooman also entered te van and he sat on the driver's seat. "Put on your seatbelt." he said. "Uh-oh.." you nodded and did what he said. Sooman did on his too.

With that, the van droved off. The whole ride was filled of silence. You held your seatbelt tightly as you took a deep breath continuously because of nervousness.

To check what EXO was doing on the back, you slowly look up at the mirror in front of you to see them. Surprisingly, you saw them also looking at you through the mirror.

You gulped, *Omo! Their stares again. Eoteokhae?* you started panicking on your head.

Suddenly, the van stopped in front of SM Building. You was about to went out when Sooman suddenly spoke, "Wait up. I'll open it for you." Sooman went out and open the door for you as EXO also went out.

With that, all of you entered the SM Building.

As you was walking, you suddenly saw SHINee practicing in one of the room there that made you stopped as your eyes sparkled. But someone suddenly bumped to you when you stopped.

"Ow!" you spun around and saw Kai just in front of you. He looked at you, expressionless. "Uh-oh.. Mian." you quickly apologized, afraid to be scolded by him.

"It's okay. Just focus on your way." he politely said. "Oh.." you did what he said, completely forgot about SHINee with a thought on your head, *I thought he will yell at me..* you thought.

Just then, Lee Sooman entered an empty room as you and EXO followed.

"So.. I'll bring you here to ask you something." Sooman started. "Umm.. May I ask why are they also here?" you pointed at EXO.

"Exactly! All my questions will deal about them." Sooman replied. "Eh?!" you gasped in surprise.

"You said you're Ms. Shim Haewon, right?" Sooman asked for the second time. You simply nodded.

"Did you know these guys with us?" he asked once more. You nodded again, "EXO."

Sooman chuckled, "Of course you do." he said. "What do you mean?" you asked in confusion.

"Isn't you're their anti-fan?" Sooman asked that made you froze on your spot. "If I'm not mistaken, you're the one who keeps giving negative

comments about them, aren't you?" Sooman asked you another question.

EXO stared at you, waiting for your answer.

You took a deep breath before answering, "Okay. You're right Mr. Lee Sooman. I admit, I'm EXO's anti-fan." you replied.

EXO's jaw dropped because of your honest answer. Sooman smiled at your answer, "I didn't expect your answer honest." he said.

"So, what's the real reason of bringing me here?" you suddenly asked. "Since you're a anti-fan, I think you already know why." Sooman replied.

"You're going to convince me to stop being negative about EXO, stop commenting negative comments?" you asked raising an eyebrow.

Sooman shook his head, "No." You tilted your head, puzzled. "Then why?" you asked.

"I brought you here because I want to offer you a job as a personal assistant of EXO." he simply said. "Mwo?! But I don't need any job." you snapped.

"Are you sure?" he asked. You paused for a while and then you remembered about your mom. She's a bit old but she still working for your own good since your dad already passed away long ago.

But you still couldn't imagine yourself to be your hated boy group's personal assistant. "I'm sorry but I don't really need a job." you firmly replied.

"Even though I report you because of ruining EXO's career? EXO's fans will surely hunt you. Do you want your life

to be miserable? Not only your life but also your mom's." Sooman dared.

Your eyes widen in horror, "You will do that?" you asked. Sooman simply give you a nod.

You paused as you bit your bottom lip. You think for a while then suddenly stood up. "I'm sorry but I'm not going to be their personal assistant." you narrowed your eyes to EXO then back to Sooman, "I can't stay any longer here. I'll go ahead now. Goodbye Mr. Lee Sooman." you bowed and started to walk away.

"Think carefully. Because of your decision, your life will ruined and even your mom's." Sooman spoke again that made you stopped. You didn't look back and stepped your foot forward again but Sooman spoke once again that made you stopped for the second time.

"I'll give you one week. If ever you change your decision, you're free to visit me here again and we'll talk about it." he said.

After he finished his words, you continue to walk again until you disappeared.

"Isn't that black-mailing?" Kris asked Sooman. Sooman simply shook his head, "No, it's not. I just want her to realize something."

CHAPTER 6

You madly leave SM Building as you stepped your foot away from that place.

Not wanting to attend school today nor going back to your house, you decided to go to the park to stay there for a the mean time.

You search for a seat and sat in one of the bench there. You heaved a sigh as you glued your eyes to the ground.

Who he think he is?! A god who can ordered me on what to do? you bitterly thought as you remembered your conversation with Sooman.

You tried to forget about what happened earlier at SM Building and just relax yourself in the park.

Late afternoon, you decided to go home.

As you reach your home, you saw your bestfriend Baekhee in front of your house, waiting for you.

"Haewon-ah!" she called as he noticed your presence. She run up to you and held both of your shoulder, "Yah! Why didn't you attend school today?" she asked.

You remained silent and decided to not give her a response. Baekhee lightly shook you, "Haewon? Is there something wrong? Something bad happened?" she asked worriedly.

You let out a sigh and slowly shook your head, "Nothing. I'm fine. I was just tired today. I'll tell you tomorrow. I need to rest now." you said.

Baekhee then let go your shoulder, "Uh-oh.. Okay. See you tomorrow then." ahe said. You simply nodded and entered your house.

Baekhee give you one last

glance before she could completely left.

You straightly went to your room to sleep, not wanting to think anymore. You woke up next morning hearing the sound of your alram clock.

You gently rubbed your eyes using the back of your hands as you alowly sat up.

You got off from your bed to prepared yourself for school.

"Haewon-ah!" Baekhee waved. You give her a small smile and walked over.

Baekhee and you entered the school together.

Baekhee wasn't used of your changing of mood. You become silent all the time when you're with her. You're not the Haewon she know in years.

"Haewon-ah, about yesterday. Can you tell me what happen?" she suddenly asked.

You paused, "Baekhee mian." you said. "Wae?" she asked in confusion.

"Sorry but I can't tell you about it now. I'll tell you when I already decided what to do." you said.

Confused, Baekhee just give you a nod in understanding.

A week had already passed. The day to make your final decision finally came.

Still, you didn't know what to decide. Yes, you need a job because of your mom but you

couldn't imagine yourself to be EXO's personal assistant.

You laid on the couch, deeply thinking on what to decide.

Just then, your mom suddenly went back home from her work. You immediately sat up, "Omma! Why are already here? Isn't your work will ended at night?" you asked.

"Uh-oh.. I got a headache and I can't continue my work until night." she said as she sat next to you.

"Uh.. Gwenchana?" you asked. Your mom shook her head, "My head is killing me." she whispered.

"Come on omma, I'll bring you to your room." you said as you help her, holding her arm for the support.

You gently laid her to her bed, "Wait here. I'll get you medicine." you said and went out from her room to get the medicine.

As you went back, you handed your mom the medicine and a glass of water.

"Take a rest. The pain will go away soon." you said. She nodded and smiled, "Gomawo." she said and closed her eyes.

You watched your sleeping mom for a while before you stood up rushed out her room.

You went to your room and changed your clothes into formal one. After that, left the house and made your way to SM Building.

CHAPTER 7

"I'm looking for Mr. Lee Sooman." you muttered as you arrived at SM Building.

"Um.. May I know who you are Miss?" the secretary asked you. "A anti-fan." you simply replied.

"What?!" the secretary gasped. You could see on her expression that she was very shocked on what you said.

You cleared your throat, "Just tell him, there's a anti-fan here and looking for him." you said in annoyance.

"Err.. Okay wait fir a moment Miss." she said as she took the phone and started dialing.

"Hello sir. There's a girl here and looking for you." you heard the secretary said to the other line of phone.

"She said, she's a anti-fan." you heard her spoke again. "Are you sure sir?" you heard her said as she glance at you.

"Okay sir I get it." she said again then hang up the phone.

The secretary look at you, "Follow me." she said as she led the way. You followed.

While you was walking, your eyes suddenly caught one of the practice room there that made you satopped.

You saw EXO was practicing there. At the time you saw them there, you couldn't take off your eyes from them. Honestly, they're good just like the other idols.

Just then, Sehun caught you that made him stopped as the others made a stop on it too. They followed Sehun gaze and

saw you staring at them.

You gulped and immediately followed the secretary again.

"Hyung, do you think she will accept the offer?" Sehun asked Luhan. Luhan shrugged, "Who knows?.."

"Oh! You're here.. Come and sit." Sooman greeted as you entered his office. You did and sat on the chair across him.

"Are you going to accept my offer now?" he quickly asked. You remained silent for a while.

You bit your lower lip before answering, "Ne, I'll take it." you replied with a bit low voice.

Sooman clapped his hands once and beamed, "Okay then, pack your things now and you'll move in a new house." he announced.

"Mwo?! I'll move?! Andwae!!" you snapped. He raised an eyebrow, "But you don't have a choice. I'm your boss from now on so you need to follow whatever I say." he said.

"What kind of rule is that?! You're ordering me to move a place and leave my mom alone? No! I can't do that!" you said coldly.

"Wait! What?! Leaving your mom? Of course not! She'll move with you." Sooman replied.

"Eh?! Wait wait.. I don't think we need a new house. Firstly, we already have a house. Secondly, our house is near my school. And lastly, I don't want to accept any house from you." you bitterly said.

Sooman chuckled, "No worries, I'll send you a driver to bring

you at school. And about your current house, it's really yours. It's just a rented house, isn't it? If you live in your new house, no need to be bother for the payment. So.. why don't you just accept my offer?" he replied.

You bit your bottom lip and think for a moment. "I want you to live there because it's near to EXO's dorm plus, your mom will comfortable there." Sooman added.

You cleared your throat, "Okay, I'll take it." you replied. Sooman smiled at your reply.

"But!" you raised a finger, "..I'm going to pay for it." you snapped. Sooman raised an eyebrow, "You're going to pay for it?"

You nodded, "I don't want to received any free from you so I'll work hard to pay it." you said.

Sooman let out a sigh, "Okay then. I can't argue with you anymore. I'm not going to win if I do so go and pack your things now. I'll send you a car to bring an your mom to your new house." Sooman replied.

With that, you left his office and made your way to the exit.

As you was walking, you saw EXO walking to the opposite direction which is towards you. They were looking at you as you stared back.

As you passed by them, *I can't believe I'm going to be their personal assistant.* you thought as you exited SM Building.

CHAPTER 8

As the time you arrived at your house, you found your mom still sleeping. Not wanting to disturb her, you went to your room and start packing your things.

After that, you went back to your mom's room to pack her things also. Just then, your mom suddenly awake.

"Uh.. Haewon-ah, what are you doing?" she asked, still half awake. You looked up, "Uh-oh.. Omma.. We'll going to move a house." you replied.

This time, your mom is fully awake as she sat up, "Mwo? Wae?!" she asked in confusion. "I already finished packing our things. We're moving in a few minutes." you replied, completely ignoring her question.

Your mom walked to you, "Where are we going to move? Don't you want to live in this house anymore?" she asked. You shook your head, "Ani. I just found a job and my boss offer a house near to my work." you replied.

"What? Job? Why? You're still a student to get a job. Aren't you satisfy with my salary?" she asked.

You shook your head, "Ani omma. I want to work on this job and from now on, you will stop working." you said.

"What? No, I can't." she said. Just then, you heard the sound of a car outside the house.

"It's time to move omma." you said as you took your things and walked out. Hesitated, your mom followed you.

"Uh.. Why there's a car here?" your mom suddenly asked. "I'll explain to you later omma. Let's go inside the car for now." you said.

Confused, your mom did.

"Welcome to your new house Ms. Shim Haewon." Sooman greeted as you and your mom arrived at the place. "Welcome Mrs. Shim." he also greeted your mom.

Your mom peek at you in confusion. "Uh-oh.. Omma, this is Lee Sooman. He's my boss, Founding Chairman of SM Entertainment." you introduced. "SM? you mean one of the kpop industry?" she asked. You simply nodded.

Your mom immediately bowed after she confirmed. "Annyeong haseyo Mr. Lee." she greeted.

"Feel free to your new house." he said. "We will." your mom replied.

"Hmm.. Mrs. Shim, can I borrow Haewon for today? I need to introduce her to EXO." Sooman asked. "Okay but who is EXO?" she asked.

"One of the boy group in kpop industry under my company. Your daughter is now their personal assistant." he replied. Your mom turned to you, "You're a personal assistant of an idols now?" she asked. "I'll explain to you later omma." you replied.

"So.. Can I bring her to SM Building now?" Sooman snapped. "Uh-oh.. Ne. You can." your mom replied.

With that, both you and Sooman went to SM Building.

"EXO, meet your new personal assistant, Ms. Shim." Sooman introduced you to them.

EXO stared at you as you stared back. "Guys, introduce yourselves." Sooman said. EXO obeyed as they introduced themselves one by one.

"Now, your turn Ms. Shim." Sooman said. "I don't think I still need to do that. I bet they're already know me, right?" you snapped as you tilted your head to them.

Sooman sighed, "I'll do it for you then. So EXO, as you know, she's your anti-fan. Shim Haewon. But now, she's your personal assistant now. Please take care for her. You too Ms. Shim, try to get along with them since it's part of your job." he said.

"Do I have a choice?" you asked in annoyance. "Exactly hyung. Why did you hired her when it's obviously that she's not willing to do her job." Xiumin snapped.

"It was an offer and she accept it." Sooman simply replied. "Yeah.. I wonder why did she accept it." Suho said.

You remained silent, not knowing what to say. You took a deep breath, "Okay. Honestly, I don't want to take this job and since I really need a job, I don't have any choice but to accept it." you finally spoke.

"But how we will work with you if you're not willing to do your job?" Chen snapped. You paused on it. Even yourself, you couldn't imagine how to play your role as their personal assistant.

"Wait.. Stop asking such

questions. From now on, you need to work all together for your own good." Sooman snapped.

"I understand her situation. If I were her, I will also accept the offer." Baehyun suddenly said. Luhan nodded in agreement, "Me too. I don't want to judge her just because she's our anti-fan." he said.

"If hyung agreed, I agree too." Sehun snapped. EXO rolled their eyes to their maknae.

"I think we need to deal with it." Tao said. "Yeah since we don't have a choice." Chanyeol added.

The others nodded hesitatedly.

"D.O. and Lay, any comments?" Sooman asked. D.O. shrugged, "I think it would be fun to work with a anti-fan." he stated.

EXO's jaws dropped by the sudden statement. "Well.. I think it is." Lay agreed.

"Okay then, it settled. I hope you all will get along and by the way, Haewon's new house is next to your dorm's guys." Sooman said.

"Eh?! Next to ours?" Kris gasped. Soan simply nodded, "So.. are you guys finish practicing?" Sooman changed the topic. "Yes, we're already done." Kai replied.

Just then, your phone suddenly vibrated. You pulled it out and received a message from Baekhee.

to: Haewon

Yah! Where are you? Why did you move a house? You didn't even told me!

from: Baekhee

You pressed the reply button to reply a text to her,

to: Baekhee

Mian. Let's meet up in our old house, I'll explain to you.

from: Haewon

"Umm.. Mr. Lee, I have to go now." you said. "Okay, just go with EXO. They will also go back to their dorm." Sooman said.

You shook your head, "No need. I can go by myself." you snapped. "Yah! We know you hate us but you don't need to refuse our ride." Suho said.

You ignored him and face Sooman, "I'll go ahead now." you lightly bowed an left.

"Aish! That girl!" Xiumin cursed. "She really did hate us I think." Chen said.

Sooman cleared his throat, "You guys go back to your dorm now and take a rest." he snapped.

"Dae." EXO bowed then also left.

CHAPTER 9

"Sorry for keeping you wait.." you said panting as you reach your old house. "Mind explaining this to me?" Baekhee talked about your moving a house.

"Can we please find another place to talk about it?" you snapped. "Uh yeah.." she nodded.

With that, you and your bestfriend went to a Coffee Shop near your old house.

"What?!" Baekhee gasped out loud after hearing what you said that made the people around turned to your table.

You immediately covered her mouth and bowed at them, "Mian." you keep saying.

"Yah! Lower your voice, will you?!" you hissed almost whispering. Baekhee slowly nodded.

You finally released her as Baekhee let out a sigh, relieved. "Mian." she whispered.

You let out a sigh, "It's okay." you said. "So.. You're now EXO's personal assistant?" Baekhee asked in a low voice.

You tiredly nodded, "Yeah and I hate it." you replied. "Why did you accepted the offer then?" she asked in confusion.

"I want to help omma." you simply replied. "Why? Is there something happen to your mom?" she asked worriedly.

You shook your head, "No, there's nothing but you know, she's already old to work by her own that's why I wanted to help her. I don't want her to work again." you replied.

Baekhee softened. She placed her hand on top of yours, "Everything will be okay soon." she said.

You nodded, "Gomawo." You let out a heaved sigh, "This will be one of the hardest part of my life I guess.." you whispered.

"By the way Haewon-ah.." Baekhee started. You titled your head, "Hmm?"

"Umm.. Did you already saw

EXO in person?" she continued. You rolled your eyes, "Aish! I thought you're care about me but I guess you're not."

"Of course I do care about you. But back to the question, did you already meet EXO?" she repeated her question.

"Yes, I did. I saw them two times." you replied. "Omo! Omo! Are they handsome, hot, or what?" she asked continuously.

"They're rude." you replied. Baekhee frowned, "Mwo?!" she gasped. "I just found them rude." you simply replied.

Baekhee rolled her eyes on you, "You're really a anti!" she muttered. "Whatever! Let's not talk about them, shall we?" you said, irritated.

"If you say so." Baekhee replied and took a sip on her coffee.

After a talk with your bestfriend, both you and Baekhee went to your separate ways.

As you reach your new house, you saw Sehun went out from their dorm. "Annyeong noona!" he brightly waved at you as she noticed your presence.

You rolled your eyes and immediately entered the house. *Noona? We're not close for him to call me like that.* you thought and closed the door.

Sehun pouted because of your attitude, "She didn't even say a word." he mumbled to himself.

You found your mom already sleeping on the couch as you passed by the living room.

You walked to her and lightly shook her, "Om妈 wake up." you whispered. Your mom slowly open her eyes, "Uh.. You're finally here." she whispered and smiled.

You gave her a nod, "Yeah. Don't sleep here om妈, go to your room. It's more comfortable there." you said.

Your mom nodded as she sat up and headed to her room.

Suddenly, your phone ring. You pulled it out and saw a unknown number from the screen of your phone.

"Yeoboseyo?" you answered. "Uh.. Haewon?" the other line asked. "Ne, it's Haewon speaking. Who's this?" you asked. "It's Sooman." he replied.

After hearing the name of the caller, your mood suddenly change. "Where did you get my number?" you asked in annoyance.

"I'm your boss and you're my worker. Of course I know!" he replied. You rolled your eyes on the phone, "So why did you call then?"

"I send some papers there. You can see it on the living room. Go to EXO's dorm now and make them filled it up by them." Sooman replied.

"What?! Right now? It's already late. I want to rest now." you replied. "So, you're not going to do your job huh?" he said.

"Mwo?! Job? If I know, My job is being a assistant not a secretary." you replied.

"Oh really? I think you didn't read the contract.." you heard him said. "What do you mean?" you asked.

"You're right. Your job is being EXO's personal assistant but you're also my secretary at the same time but for EXO matters only." he replied.

Your eyes widen, "I'm your secretary?! You didn't even told me!" you hissed. "But I let you read the contract so it's not my fault if you haven't read it." he said.

"Aish! Araseo, araseo. I'll do it." you finally gave up. "Good." Sooman replied. Then the phone call ended.

I hate my life now! you screamed to your head. You get all the papers from the living room and made your way to EXO's dorm.

CHAPTER 10

Ding Dong! Ding Dong!

You rang the EXO dorm's door bell a couple of times, patiently waiting for it to open despite of feeling annoyed.

Ding Dong!

You rang it once more. "Aish! What taking them so long?!" you mumbled to yourself.

Suddenly, the door burst open with a shirtless Kris greeted you. Your eyes widen as you gasped. You quickly turned around with a red face.

Kris covered his upper body using the shirt that he was holding, "Uh-oh.. Mian." he apologized.

"Just put a shirt on!" you

snapped. "Uh-oh.." Kris immediately put his shirt on. "You can face me now." you heard him said.

You slowly turned around. You sighed in relief after seeing that he was wearing a shirt now.

"So.. How can I help you?" he asked. *Uh yeah! I almost forgot!* you cleared your throat and raised the papers that Sooman left for you, "I'm here for this." you replied.

Kris followed your hand as he raised an eyebrow, "What was that?" he asked in confusion.

"Mr. Lee Sooman told me to make you all fill up this." you replied. He nodded in understanding, "Oh.. Come in." he said as open the door widely for you.

You stepped your foot inside the dorm as Kris closed it before he followed you.

"Hyung, who is—" Tao was cut off when he saw suddenly saw you. The other members look at the door's direction.

You could see that they were shocked by your sudden visit. You rolled your eyes, "I'm only here for this." you said raising the papers that you was holding.

Suho raised an eyebrow to Kris. Kris shrugged, "Sooman hyung want us to fill up that papers." he snapped.

Suho nodded in understanding. "Please take a seat." Luhan stood up as he offered his seat to you.

Without any thinking, you sat there not even say thank you to him. Kris walk over as EXO search a seat and focus to you.

You straightened up and started to distribute the papers to them one by one. "Please answer all the questions. Ask me if there's a question you don't understand." you said.

They all nodded and started filling up the papers. Minutes later, they already finished answering and give the papers back to you.

Good thing! They don't have any question.. you thought, relieved.

You clapped once then stood up, "I'll go ahead now." you said and was about to leave when you heard Baekhyun spoke, "Why don't you stay here for a while?" he asked.

You stopped and turned around to look at them raising an eyebrow. "As you can see, Sehun isn't here yet so why don't you stay here for a while and wait for him? Besides, he also need to fill up that papers right?" Baekhyun excused.

You look at them one by one and realized that he's right, Sehun wasn't around. Then you remembered that you saw him go out earlier.

You scanned the papers that you was holding and noticed that there's one paper that has no answers.

You let out a heaved sigh, "I don't have a choice, I guess." you whispered and went back to your seat.

As you were sitting making yourself busy on the papers, you could feel that they are staring at you. You started to feel uncomfortable.

Just then, the door burst open as Sehun entered the dorm that made the others look at his

direction. You closed your eyes with a sigh, *Thank God!*

"You're finally here!" Luhan beamed. "Yeah and here's our food." Sehun replied as he showed the food to all of you.

"Uh.. Noona, you're here too?" he gasped in surprised. "Don't call me noona. We're not close, okay." you snapped and rolled your eyes.

Sehun pouted. "Here. Fill this up so I can leave now." you said as you handed the paper to him.

Sehun just nodded and took the paper to you. In just one go, he already finished the paper. Sehun gave it back to you, "Here noona.."

"I told you don't call me noona!" you said in a bit loud voice that made him startled. EXO look at you in surprise.

Even yourself, you were surprised by your sudden raising a voice. You cleared your throat, "I have to go now." you said and stood up.

Suddenly, your stomach made a sound that made you stopped halfway. You held your stomach with eyes closed, *Omo! This is embarrassing!* you cursed to yourself.

Just then, EXO burst into laughter. You looked back at them and shot them a glare, "There's nothing to laugh at!" you hissed.

"Seems like you still haven't eat dinner huh?" D.O. commented. "Yeah! And if you want, you can join us. Right guys?" Kai added.

The other members nodded in agreement. You rolled your eyes, "Whatever!" you said before you completely leave the dorm.

"Aish! My stomach reacted in no time!" you hissed to yourself as you entered your house.

Your stomach make a sound again, "Aigoo! Wait up! I'll make a food for you." you said to your craving stomach.

You went to the kitchen, and serch for a food. Unluckily, there's no food to be seen. You frowned, *What?! No food?!*

You glanced to the clock, it's already pass 9:00pm that means it will be dangerous for you to go out alone.

For the 3rd time, your stomach made a sound again as you placed your hand on it again. You closed your eyes and bit your bottom lip, *I only have one choice now and I don't like it!*

With that, you stepped out from your house and dragged your foot towards EXO's dorm.

CHAPTER 11

Right at this moment, you was already standing in front of EXO's dorm. You played with your fingers aa you bit your bottom lip.

Should I or not?

you asked yourself. After thinking in a minute, you decided to not approach them.

You shook your head, *I still have pride for myself. I must choose to starve in my house than to eat with them.*

Right after you spun around to go back to your house, you heard a sudden voice from brhind. "Oh! Haewon?!" Chen gasped in a loud voice that made the others heard it.

It made you stopped and bit your lip, *Omo! I'm caught!*

"Eh?! She's here?" Lay asked Chen as he walked out to see you there. "Oh! Haewon, you're still here." Xiumin said as he walked out.

You slowly spun around to face them, "Uh-oh.. I was about to go.." you said. "Yah! Yah! What's happening here?" D.O. suddenly came on the scene and surprised to see you there.

"Oh! Haewon? Why are you doing here? Are you going to eat with us now?" D.O. asked. You quickly shook your head, "Ani. Ani. I was about to—" you didn't even finished your sentence when your stomach make a sound. "Uh-oh.."

You saw them staring at you until they burst into laughter. "Your stomach already answer my question for you." D.O. said with a smirk.

"No! I shall go now." you was about to leave when Chen and Lay grabbed your both hands and dragged you inside their dorm.

"Yah! Let me go!" you yelled at them as you tried to escape but you're already inside their dorm.

"Oh? Noona? You're here again?" Sehun brightly beamed. You rolled your eyes as you shot Chen and Lay a glare, "Ask them." you said.

Kris raised an eyebrow at the two, "Why is she doing here?" he asked. "She's going to eat with us." Xiumin snapped.

"You're going to eat with us noona?" Kai asked. You frowned, *Noona?*

"Yah! Will you two stop calling me noona?! We're not close, okay!" you hissed.

"But you're now our personal assistant so as for being polite, they need to call you noona." Luhan snapped. You rolled your eyes, "Whatever!"

"Come on, let's eat now." Baehyun interrupted as grabbed your arm and dragged you to the dining area. Before you could protest, you was already there and so was EXO.

Suho get the plates and placed it to the table along with the food. They started to eat as you just stared at them. "Woah! So tasty!" Sehun beamed.

"Hmm.." you heard Luhan mumbled while chewing his food. You swallowed hard a you bit you bottom lip. *Omo! I'm starving here badly..*

"Don't you want to eat?" Suho suddenly asked you. You looked away, "No, I'm not." but seems like your stomach says the opposite because it make a sound again.

You face palmed yourself, *Oh God!*

"Aigoo! Your stomach will hurt if you keep denying and just sit there. Come on eat." Tao said.

You cleared your throat, "Okay then." was all you said and started to eat. You could feel that they are staring at you.

You stopped on eating and face them, "Quit staring, just eat." you snapped in annoyance and continued eating again.

Luckily, they obeyed you and continue their food also.

"Who's assigned to wash the dishes?" Kris asked as all of you finished the dinner. No one reacted.

You cleared your throat, "I'll go wash the dishes." you blurted. EXO gulped as they look at you in surprise.

"No, noona! You don't need to do it. I'm the one who assigned to do it." Kai snapped. You shook your head, "No, I'll do it. Besides, I'm not that kind of person who just eat with strangers and just left without doing anything." you said as you took all the plates.

"Strangers? Is that what you think to us?" D.O. asked. You didn't respond instead you headed to the kitchen to wash the dishes.

Luckily, no one followed you. With that, you started washing the dishes. After washing it, you carefully placed the plates to its right place before you went back to the living room.

As you reach the living room, you found them talking to each other seriously. You walked closer to them and heard that Kris telling a scary story to his co-members.

Since they were busy on what they were doing, you just stood there and decided to listen to them.

Suddenly, you heard one of them sob. You followed the sound and found out that it was Tao. You was surprised to see him crying.

"Hyung, please stop. I don't like scary stories." Tao managed to say. You couldn't believe what you were seeing right now, a guy

with that look was scared hearing a scary story.

"Aigoo! We're enjoying the story, okay. Just try to enjoy it, will you?" Lay hissed.

Tao cried even more when Kris continued the story. You couldn't help it as you burst into laughter.

Kris suddenly stopped as EXO turned to your direction with an open mouth, surprised to see you there.

Xiumin elbowed Tao who's sitting next to him, "Look Tao! You makes her laugh!" he blurted. Your smile faded. You cleared your throat, "I've already finished the dishes. I'm going now." after saying those words, you hurriedly left their dorm.

EXO chuckled because of your reaction except the crying baby, Tao.

CHAPTER 12

You woke up next morning and found your mom preparing a breakfast. You walked to her direction.

"Good morning omma!" you greeted. "Oh! Haewon-ah, you're finally awake. Have a sit and eat." your mom said.

You took the seat across your mom and stared at the food, "Where did you get all this?" you suddenly asked.

"Oh about the food! Mr. Lee Sooman went here early and he gave this to us. Oh! Another, there's a car outside with a

driver. Mr. Lee Sooman told him to take you to school." your mom said.

"Mwo? He did?" you gasped. Your mom simply nodded. "Eat now or you'll be late for school." your mom snapped.

"Uh-oh.." you nodded and started your food.

"Omna, I'm off now. Don't go to work anymore. I'll be back early for my first day of my job." you said.

"But I need to work—" before your mom could finish her sentence, you cut her off. "We're living here now because of my job and I accepted my job because I don't want you to work anymore so please omma, do what I say. It's for your own good." you snapped.

Your mom let out a sigh before she gave you a nod. "I'm going now. Annyeong!" you kissed your mom's cheek and stepped out from the house.

"Annyeong haseyo Agashi! Please get in." the driver greeted you as he opened the car door for you.

You shook your head, "I'm not going to ride that car. Please tell Mr. Lee Sooman to stop sending me a car for school." you simply said and walked away.

"But Agashi! Mr. Lee Sooman told me to send you to school." you heard the driver shout.

"Just tell him what I said to you." you said without looking back and continued walking.

As you passed by EXO dorm, you saw them went out and

looking at you that made you stopped. You rolled your eyes and walked away.

While you was walking, a van suddenly stopped at your side. You also stopped and turned to to it. One window of the van suddenly open as Chanyeol's face greeted you, "You're going to school, right? Wanna ride?" he asked brightly.

You rolled your eyes for the second time and continued walking without saying a word.

The van started to move again and stopped at your tracks once again. "Come on! This ride is free. Plus, your school is far from here." this time, it was D.O. who spoke.

You paused and look to the way to school. He's right, your school is far from the place that you were standing right now.

"Okay, I accept the offer." you said and with that, D.O excitedly open the door for you. You entered the van and sat in between Sehun and Luhan since that's the only vacant seat.

You didn't talk in the whole even thr members tried to talk to you. All you did was closed your eyes and rested your back comfortably on your seat.

"Haewon-ah, we're already here." you felt someone shook you. You slowly open your ryes and saw Luhan looking at you. You look around and saw the other members focusing on you.

You finally realized that you fell asleep because of the whole ride. "Uh-oh.. I'm off now." you said as you straightened up.

You was about to open the door when you heard Kai said, "I'll

open it for you." "Don't—" before you could protest, Kai already open it, WIDELY OPEN.

"Omo! Is that EXO?!" you heard a girl outside shouted out loud. "Kyaa! It's Kai!!" another girl shouted until you heard the squeals become loud.

You facepalmed yourself in disbelief, *This is bad!*

"Close the door! Palli!" Suho shouted as Kai quickly closed it again. "Drive!" Kris ordered in panic as the driver immediately start the car again.

"What? Wait! I still have to attend school!" you protested but the car already departed.

CHAPTER 13

"Yah! Let me out!" you shouted as the van keep going away from your school. "No, we can't!" Xiumin snapped. "We'll get caught if we let you out." he added.

You rolled your eyes, "Whatever! Just let me out! I need to attend school." you was about to stood up when both Sehun and Luhan held you back that made you sat back on your seat between them.

"You can't go noona. The fangirls will hunt you if you do." Sehun snapped. You rolled your eyes, "I already told you, don't call me noona. It irritates me!" you cursed.

Sehun pouted. "Yah! He just want to respect you. Just let him, will you?" Luhan snapped.

You rolled your eyes for another

one and let out a sigh, "I think I'm stuck with all you of you now." you whispered.

"Don't you want to stuck with an idol like us?" Baekhyun asked. "Yes! I don't want!" you blurted with a rolling eyes.

"Will you stop rolling your eyes?! An please stop arguing!" Kris snapped. You made a face, "Where do you guys planning to bring me?" you asked.

"SM Building." Lay answered. You raised an eyebrow. "We have practice today so we're going there." Chen added.

"Can you please stop right there. I'll just walk back to school." you said to the driver. "NO!" you heard EXO echoed at the same time.

You frowned, "Yah! Just let me off, will you?" you hissed. "Just continue driving. We're going to be late in our practice now." Suho said to driver as the driver did.

Without a choice, you just sat there until the van stopped at SM Building.

As the van stopped right in front of the SM Building, all you 13 stepped out. Just when you decided to escape, Tao caught you in time and nodded you to go with them.

You gulped when his eyes met yours. Then you remembered that martial arts is one of his specialties. Scared, you obeyed him.

"Uh.. Ms. Shim, what are you doing here? I thought you have school." Sooman said he spotted you walking with EXO. before you could reply, he already snapped you. "Excited

for your first day of job huh?" he teased. You firmly shook your head, "Ani—"

For the second time, he cut you off. "By the way, EXO have photoshoot later at 4:00pm and since it's still early, just go and watch their practice." Sooman said.

"No! I was about—" for the third time, your words cut off again when Sooman's phone suddenly rang.

"Uh-oh.. Excuse me.." was all he said before leaving you with EXO. You pouted, *This is my worst day ever!*

EXO looked at you, giving you a hint to go. Without a choice you went to their practice room together with them.

EXO started to dance separately, the K and M. You didn't planned to watch them but when they started to dance, you couldn't help it. Your eyes were glued to them, focusing.

Cool! was all you said on your mind. They dance continuously and many times. All you just did was watch them. You couldn't take off your eyes from them.

Suddenly, your phone rang but seems like you didn't hear it. EXO stopped when they heard the sound of your phone.

They all turned to you while your eyes still glued at them. "Your phone was ringing." Chanyeol said.

You snapped out your gaze and gasped, "Eh?!" D.O. pointed at your pocket, "Your phone." he simply replied.

Just when you realized that your phone is ringing. "Uh-oh..

Mian." you pulled out your phone and saw the name of Baekhee as the caller.

"Excuse me.." you excused yourself and answered the phone call. With that, EXO continued their practice.

"Yeoboseyo?" you answered. "Yah! Where are you? It's already break time. Are you sick?" she asked. "No, I'm not. It's just that.. Umm.." you trailed off. "What?" you heard her asked.

"I can't tell you right now. I'll tell you when we meet at school." you said. "Wait! Did I hear EXO song? Wait! Where exactly are you?" Baekhee asked from the other line.

"Uh-oh.. Mian Baekhee but I can't hear you. Let's talk later. Bye!" before she could say anything, you immediately hang up your phone.

Just when you ended the call, your eyes landed to EXO again. You couldn't help, it's just that.. they were amazing. Little did you know, you were already enjoying the sight.

CHAPTER 14

"Haewon-ah.." you felt someone shook you. You slowly open your eyes and saw a chubby face right in front of you.

Just when you realized that it was Xiumin, you quickly sat up and taken a back. "What happen?" you asked.

"You fell asleep." he replied. You looked at his back and saw the other members staring at you.

You cleared your throat, "Uh-oh.. Mian.." you said. "It's okay. We already finished practicing anyways.." Xiumin said.

You nodded in understanding, "What time is it now?" you asked. Xiumin looked at his wrist watch before answering you, "It's already 4pm." he replied.

"Omo! I've been sleeping like forever?! Why didn't you wake me up earlier?" you shouted in annoyance.

"Yah! Stop shouting! We keep waking you up but all you did was hitting us." Kris snapped.

"I did?" you asked, not believing. The others nodded in agreement. You bit your lower lip, "Aigoo! My sleeping habit strikes again!" you cursed yourself.

"Wait! It's already 4pm right?" you asked once more. They simply nodded. You immediately stood up, "Aigoo! I need to go home now." you was about to leave when Xiumin caught your wrist.

You stopped and looked back at him, raising an eyebrow. "Don't you think you forgot something?" he asked.

You frowned as you scanned your things. You shook your head, "No, I didn't." you simply replied as you removed your wrist from his grip.

"Job." Luhan snapped. You turned to him, "What?!" you gasped. "Hyung reminded you about your job. Remember we're having a photoshoot today?" Sehun reminded.

Right. you slowly nodded, "Uh yeah.. So where is the venue?" you asked. "Follow us." Suho

said as all of them left the room. Unwillingly, you followed.

You and EXO went out from the van as it stopped at the venue. EXO walked in front as you was behind, holding some of their stuffs since it's part of your job.

While you was walking, you saw the fangirls around glaring at you. *Psh!* you just ignored them with a rolling eyes and continued walking until you finally entered the venue.

With that, EXO started their photoshoot as you sat there and watched them.

Just when your eyes landed to them, you couldn't take it off anymore. It seemd like your eyes were already glued to them.

Your jaw was dropped unknowingly. Just then, you saw Baekhyun winked at you that made you closed your mouth and looked away.

Aigoo! So embarassing! you facepalm yourself before lifting your head back to look at them.

Luckily, Baekhyun wasn't looking at you anymore and just focus on the photoshoot.

Handsome~ you sang on your head seeing the beautiful view in front of you, 12 beautiful boys.

After a couple of shots, the photoshoot finally done. With that, you and EXO dropped off from the venue.

As always, EXO led the way as you was walking behind them.

Just when you stepped out from the door, a hand suddenly grabbed your arm that made

you stopped. You turned around and saw one of the fangirls glaring at you. She also have 2 friends on her both sides, glaring at you also.

You raised an eyebrow, "What?!" you arritatedly asked. "Why are you with them?" she asked.

"Who?" you asked, completely confused. "EXO oppas." she replied.

You rolled your eyes and twisted your arm to escape from her grip, "I'm working that's why I'm with them." you said in annoyance.

"Working? What exactly your job?" she asked in envious. "I'm their personal manager." you replied.

You could see that their eyes went wide. "How could you get that job?" he cried. You rolled your eyes, "Stop fangirling, will you? So irritating! As if I want this job!" you snapped, still annoyed.

"Mwo? You must be happy to work with EXO oppas!" she said bitterly. You chuckled, "Sorry but I'm not! I never imagine to work with them even once. I hate them okay. They don't hve talent. Only lipsyncing EXO can do." you said outloud because of annoyance that made EXO stopped on their tracks and looked back at your direction.

The 3 girls in front of you eyes widen. "How dare you!" the girl at the center yelled at you until you realized that her hand already landed on your cheek.

CHAPTER 15

PAK!

A loud sound of slap can be heard. It was like the time stopped. You couldn't move nor speak just when you realized that the fangirl slap you.

Just then, you heard a voice from behind said. "Why did you do that?" Suho said to the girl.

"Because she said that you guys are just lipsyncing." the girl defended. "Just because of that?" Kris joined the conversation.

The girl raised an eyebrow, "Mwo?! Didn't you guys should mad at her now?" she asked in confusion.

"Yes but she's right. We did lipsyncing sometimes. And as you can see, she's our personal assistant so if you hurt her, it seems like you also hurt us. I understand why are you angry with her but please don't hurt her just because of us. Do it not because I said, do it as being EXOtics, our fans." Suho said.

The girl bit her bottom lip and turned to you, "You're lucky, they still defended you even you said hurtful things about them." then she looled back to Suho and Kris bowed a little, "We're sorry for causing a scene." she said as her two friends also bowed.

"Okay then, do you want a fansign from us?" Kris asked. The fangirls eagerly nodded.

Kris turned to the other members, "Guys come here. We will give them a fansign." EXO nodded amd went to them.

"Kai and Sehun, bring Haewon inside the van first." Suho ordered as the two walked to

you and led you to the van. Still shocked, you followed.

With that, Kai and Sehun went back to the other members to give the fangirls a fansign.

After the fansign, EXO went back to the van seeing you staring at the window.

Luhan was about to sit next to you beside the window but you didn't move and you were sitting on his spot. He decided to sit to your other side so he's now sitting in between you and Sehun.

As all the members already hopped inside, the van drove off.

"Why did you guys do that?" you suddenly blurted along the ride, still staring at the window. No one replied.

They must be angry at me.. you thought.

With a sigh, you turned around to face them. Your jaw dropped when you saw them already sleeping.

You rolled your eyes and face the window again, *I guess they're not. They must be really tired now.*

The van stopped in front of EXO dorm. The driver turned around only to see EXO silently sleeping.

He was about to wake them up when you suddenly spoke, "I'll do it." you snapped.

The driver looked at you, "Are you sure?" he asked. You simply nodded. "Okay then." he said and flatted his back to his seat.

You turned back to face EXO's

sleeping positions. You gently shook Luhan who is sitting next to you, "Wake up." you said.

Luhan started to move and slowly open his eyes. "We're already here. Come one and help wake the others." you said. He simply nodded as both you two started to wake the others.

"Sehun-ah, wake up!" Luhan shook him. "Baekhyun, wake up. We're here." you said with a gently shook of his shoulder. Then to the others and soon, they all wake up.

With that, all of you get off from the van. "Mian if we fall asleep." Lay said to you with a yawn.

You shook your head, "Ani. It's okay." you replied with a normal tone. EXO paused and slowly gaze at you, surprised by your sudden change of mood.

"Umm.. About what happened earlier," you started. "Why did you guys do that? You must be mad at me because of what I said about all of you, you know.." you added.

"Just because we did that doesn't mean we're not mad at you." D.O. said that made you look up at them.

"But partially, you're right. We did lip syncing at times and plus, you're still our personal assistant. We need to take care of you and vice versa." D.O. continued.

You softened. "And we still are human and have feelings too. We understand why you are like this. We have different beliefs so maybe your beliefs don't match with us." Chanyeol added.

You lowered your head, not knowing what to say. "Go home now, you must be tired now. We

also need to take some rest. This day is really tiring." Xiumin motioned to you.

You nodded as you spun around and walked away. EXO made their way inside the dorm.

You stopped halfway and turned back to them. "EXO!" you shouted. That made them stop and look back at you.

"Mianhe!" you shouted once more before rushing inside your house. EXO look at each other, surprised by the sudden showing of your soft side. With a smile, they entered their dorm.

CHAPTER 16

The next day, you woke up early to take a jog. Since no school today, you're free to do whatever you want.

You went to your mom's room first to check on her. You spotted her on her bed, still peacefully sleeping.

You smiled and went to the kitchen. You prepared a breakfast for your mom so if she wakes up, no need to cook anymore.

After preparing the breakfast, you carefully placed it on the table and put something on it to prevent some insects from getting in it.

Then you went back to your mom's room. There she was, still sleeping. You walked in and sat on the edge of the bed.

You stared at your mom for a while. *I'll do everything just for you omma, always remember

that..* with a sigh, you lightly kiss her cheek before leaving her room.

Wearing a normal shorts and jacket, you dragged your foot towards the main door as you stepped outside the house.

You started jogging and when you reach the front dorm of EXO, you herd a voice called you.

"Haewon-ah!"

You looked up only to see baekhyun waving at you with a bright smile. You rolled your eyes amd continued jogging.

With a frown, Baekhyun run to you until he caught you up. "Wait!" you heard him said that made you stopped.

You looked back at him and raised an eyebrow, "What?" you asked in annoyance.

"Where are you going?" he asked. "Can't you see? I'm jogging." you simply replied with another rolling eyes.

You was about to go when Baekhyun spoke again, "Can I go with you?" he asked.

"No." you quickly replied and continued jogging. Baekhyun pouted but followed you. You shot him a look, "What are you doing?" you asked.

"Jogging." he simply replied. You stopped and he also stopped. You narrowed your eyes to him as you crossed your arms across your chest, "Why did you stop?" you asked.

"Because you stop." he replied. You rolled your eyes, "Are you following me?" you asked, irritated.

"Ani." he shook his head. "Then

go ahead now." you said. He nodded and continue jogging.

You shook you head before continued jogging. Baekhyun stopped and looked at you. You raised an eyebrow, "Wae?"

"Are you following me?" he copied your question. You chuckled, "Me? Following you? You wish!" you replied and left him.

With a smile, Baekhyun followed you. "Yah! Stop following me, will you?!" you cursed. "I'm not following." he replied without looking at you.

You rolled your eyes as you keep jogging, "Whatever!"

"You changed again." he suddenly said. "What?!" you asked. "You're mean again." he said.

You open your mouth to protest but he continued, "But I'm already used to it. I think it's better. It suit you." he stated.

You frowned, "Mwo? Are you saying that being mean suit me than being nice?" you scoffed.

He chuckled, "You're the one who said that." was all he said before leaving you as he continued jogging.

You narrowed your eyes on his back, *Aish! He's so annoying!* you thought in anger but also followed.

You realized that Baekhyun getting slower than his normal run. You frowned but you ignored him as you passed by him.

Surprisingly, he caught your arm that made you stopped. You looked back, "What?" you asked, still annoyed.

"I'm hungry. Let's eat." he suggested. You was about to walk away but he already dragged you with him.

"Yah! Stop dragging me!" you hissed. He didn't replied and just continued dragging you along with him.

Suddenly, both of you stopped in a mini bread shop. You two entered the shop and grabbed a breakfast. Even you protested, Baekhyun keep nagging you to eat and you do so.

After eating, both you two left the shop. As you two were walking, you heard some voices said, "Omo! He looks familiar." "Wait! That's Baekhyun!" "Omo! Omo! Baekhyun oppa!" some girls started to walked towards tge two of you.

You looked up at Baekhyun and seems like he doesn't know what to do. With a sigh, you immediately grabbed his wrist, "Run!" you shouted as you started dragging him away from the fangirls.

"Wait! Baekhyun oppa!" "Who's that girl? His girlfriend?" "He already has a girlfriend?!" the girls keep asking in confusion as they continued running towards the two of you.

"Aish! Now, I've mistaken as an idol's girlfriend." you mumbled in annoyance as you continue dragging Baekhyun away. Baekhyun chuckled at you statement.

You shot him a glare, "Yah! How can you still smile at this kind of situation? We're in trouble so keep running! Palli!" you scoffed but he did.

Then you saw a small alley. "Come on, let go there!" both you two went there to hide. Just then, the fangirls passed by.

You heaved a sigh and finally let go his wrist. "Aish! Those fangirls are killing me! Well, they're all stupid to not saw us!" you stated with a short laugh.

Baekhyun stared at you before saying, "You looks better when you're smiling. You must always smile, you know.." he commented.

Your smile faded as you cleared your throat. "I have to go back now. Omma must be awake at this time." you said and walked away.

Baekhyun smiled at you. You stopped and looked back at him, "Do you have plan on going back or not?" you sanpped.

"Uh-oh.. Ne, I'll go back." he nodded and followed you.

CHAPTER 17

Just when you and Baekhyun reach the dorm, a familiar figure could be seen. Your facing he's back so you couldn't figure out who is it.

"Sooman hyung is here?" then Baekhyun suddenly speak out. *Uh yeah! That's Lee Sooman.* you thought.

"Oh! Baekhyun finally here!" Chanyeol beamed, "With Haewon?" he slowly added with a question look.

Sooman and the others turned to yours and Baekhyun's direction. You shrugged, "We just saw each other in the way." you defended.

Sooman walked towards you. "I

need to talk to you with them." he said as he nodded to EXO's direction.

You simply nodded a you followed him inside the dorm. The others also followed.

Chanyeol run to Baekhyun and started questioning him, "Yah! Why are you two together?" he asked with curiosity.

Baekhyun shrugged, "If you heard what she said then you must already know it." he replied as walk passed by him.

Still unsatisfied, Chanyeol run to catch him up again for another question. "I don't believe her. Where exactly you two went to?" he asked.

"Just look at my outfit and hers. It explains it all." Baekhyun replied before he completely entered the dorm.

Pouting, Chanyeol followed entering the dorm.

As all of you settled on the seats, all the attention were focus at Lee Sooman.

"So," Sooman started. "We all know that EXO is divided into two groups right?" he continued.

EXO nodded as you wait for Sooman to continue.

"Let me continue. You guys also know that EXO-M need to focus in China so EXO-M will go to China and I already set you flights tomorrow. You guys will have some interviews there." he said.

EXO nodded in understanding.

"Another thing, when we came back here from China, EXO-K

and EXO-M will stay in separate dorms." Sooman added.

Sadly, EXO just give him a nod. You raised an eyebrow, "Do I really need to be here? I don't think I'm involve with this." you snapped.

"Of course you are! You're their personal assistant so you must get involve with this." Sooman simply replied.

"What do you mean?" you asked in confusion. "Since EXO-M is going to China tomorrow and you're their personal assistant, you're going too." he replied calmly.

Your eyes rounded in shock and so was the members. "Mwo?! I'm going to China with them? How about my study? And my mom?" you cursed.

"No worries. I already talk to your school's director and of course he understand. For your mom, I've talked to her erlier and she also agreed since it's part of your work." he muttered.

Your shoulders fell in disappointment, *Ahhh! What's happening to my life!? I hate it!*

"Wait hyung! What about us? Who will be our personal assistat when she's not around?" Suho asked as the other EXO-K's members nodded in that question.

"Yeah about that, TVXQ's personal assistant will take care of you guys when Haewon is gone for a while. EXO-M need Haewon there so I decided to bring her along." Sooman explained.

EXO-K's face fell because of that statement.

Sooman turned to your direction, "You can go now. Pack your things and you'll go to China with EXO-M." he stated.

"Do I really need to go there?" you asked, hoping that he will say no but sadly, Sooman nodded. "You must." he replied.

Without a choice, you just give him a nod and went out the dorm.

Gaaahhhh! First, I become their personal assistant and now I also need to go to China just because EXO-M need me! Aish! I hate my fucking life now!!!!

CHAPTER 18

Next morning fastly came. You haven't pack your stuffs yet. You don't want to get up from your bed either, totally forgot about what Lee Sooman told you.

Just then, you felt someone shook you. "hmmm.." you mumbled with eyes closed.

"Haewon-ah, wake up!" you heard your mom's voice said. You slowly open your eyes and saw your mom's face in front of you.

"Omma, I want to sleep more." you said. "But Mr. Lee Sooman is already here. Your flight in China was scheduled today, remember?" she reminded.

Hearing your mom's words made your day worse. "Aish! I don't want to go there." you whispered.

"Are you saying something?" your mom's asked. You shook

your head, "Ani. I'll be up now." you replied.

Your mom nodded in understanding, "Okay then. Do it quickly, ne? Don't let Mr. Lee wait for you." she said.

Aish! I hate this day. but you nodded since you don't have a choice.

After taking a bath and preparing all your stuffs that you needed, you went out from your room and found Sooman at the living room.

"Ready?" he asked. "What if I'm not? Do I have a choice?" you replied with a rolling eyes. Sooman chuckled.

Your mom elbowed you, "Yah! Give some respect." she whispered to you. You let out a sigh, "Okay, I'm ready." you forcedly said.

Sooman smiled, "Okay then, kaja!" he said as he stood up and dragged his foot towards the door. With another sigh, you say goodbye to your mom before following him.

Just when you stepped out from the house, 6 boys popped in front of you. There they are, EXO-M.

They all smiling at you. "Good morning!" Xiumin greeted. You rolled your eyes, "What's good in this morning?" you snapped. He pouted.

"Let's go before we get late in our flight." Sooman snapped. EXO-M nodded as they went inside the van.

As you was about to enter the van, the corner of your eyes caught another 6 boys from afar. You turned to their

direction and saw EXO-K sadly gazed at your direction.

For some reason, you felt sad because of their expression. With a sigh, you stepped forward until you heard a voice called you.

"Haewon noona!"

You facepalmed yourself after hearing the word 'noona' again. You slowly turned around and saw Sehun running to you while the other EXO-K members on his back.

"Noona, we will miss you." Sehun said. It's sweet but you found it corny. "But I won't." you replied.

He pouted and immediately hug you that made your eyes widen in shock. "Yah! What are you doing?! Let me go!" you cursed. Sehun pulled away, "Take care noona." he said.

You rolled your eyes, "Whatever!" you was about to enter the van when a hand grabbed your wrist that made you stopped.

You spun around and saw Baekhyun looking at you. You raised an eyebrow, "What now?" you asked in annoyance.

"Can I also hug you?" he asked. "Mwo?!" before you could escape from his grip, Baekhyun quickly hugged you.

"We will miss you. Let's jogging again when you came back here, araseo?" he said between the hug.

"Yah! Let go of me!" you hissed. "No. Not until you agree to join me jogging when you came back." he commanded.

You facepalmed yourself and finally gave up. "Okay, okay.

Now, let me go." you said. With a smile, Baekhyun finally released you.

Just then, you saw 4 pairs of eyes staring at you. *Omo! I must escape now.*

Before you could enter the van, Kai hugged you immediately and whispered, "Take care noona." then D.O. was next, "We will miss you. Don't forget about us here hmm?" he said.

Next is Suho, "I wish you goodluck there. I heard you couldn't speak mandarin as well as me. Take care of EXO-M and yourself at the same time. We will miss you." he said.

The last one is Chanyeol, "Always take care. We will miss you. And when you came back here, I wanna join you and baekhyun with jogging." he said.

"Yah! You're not belong okay! We're the only two will go jogging." Baekhyun snapped. Chanyeol released you. He frowned at Baekhyun, "But I want to join." he snapped.

"No, you're not joining!" Baekhyun snapped. "Sorry but I will." Chanyeol replied.

You shook your head to them and continued walking towards the van. "Annyeong noona!" Sehun and Kai waved at you. "Bye! Bye!" Suho and D.O. also waved.

Chanyeol and Baekhyun stopped arguing as they looked at your direction. "Annyeong Haewon-ah! I'll be waiting for our jogging!" Baekhyun waved. "Nado! Nado!" Chanyeol said, earning a glare from Baekhyun but Chanyeol ignored him and just continued waving at you.

With another shook of head,

you finally entered the van.

CHAPTER 19

"Are you that close to them now?" Sooman asked, who was sitting next to you inside the van.

You flatted your back on your seat and shrugged, "I'm not close to any member of EXO." you replier and closed your eyes.

"But I can see that you're close to them especially Baekhyun. You guys already get along and even went jogging together." Sooman commented.

"Just because you saw me with him doesn't mean we're close. And about their reaction earlier, they're just over reacting." you replied with annoyed tone.

"If you say so." he said and also flatted his back on his seat. Still eyes closed, you turned your head opposite to Sooman to take a god nap.

"Haewon-ah, wake up." you felt someone shook you, interrupting your sleep.

You slowly open your eyes and saw Kris' face right in front of yours. You immediately pushed him that made his head hits the van roof.

"Ow!" he winced in pain. "Hyung, what happen?" Tao asked. "I was trying to wake her up but she just pushed me and my head hits the van roof." Kris replied while rubbing his head.

Tao turned to you. You gulped because of scary stare, *That eyes..* "Ani, I was just shock to see him right in front of my face that's why I accidentally pushed him." you defended yourself.

"Don't explain to me. Explain it to hyung." Tao snapped. "Uh-oh.. Ne. Sorry, I didn't mean to.." you trailed off.

EXO-M stared at you with wide eyes. "Woah! Did you hear that? She say sorry." Lay blurted, earning a glare from you.

"Uh-oh.."

"Are you guys planning to get off the van or not?" Sooman suddenly snapped. "Dae!" EXO-M echoed.

With that, all of you went out from the van.

"Aren't you going to China too?" you suddenly asked Sooman as you didn't saw any baggage around him.

He shook his head, "Ani. I still need to handle EXO-K here and the other SMEnt artists." he replied.

You raised an eyebrow, "Mwo?! Do you mean.. I'm going to China with only these 6 guys?" you asked in disbelief.

Sooman firmly shook his head, "No. Their manager will join you guys." he simply replied.

Just then, a man went out from a car and walked towards your direction. "So, this is EXO-M manager. He will take care all the schedule of EXO-M there. You can ask him with some stuffs too, Ms. Shim." Sooman said to you.

You just nodded and bowed,

showing some respect.

"Shall we go now?" the manager asked you and EXO-M. You nodded and so did EXO-M.

Lee Sooman entered the van again and waved goodbye to all of you before the van drove off.

You, EXO-M and their manager headed to the plane since it's already time for the flight to China.

"If you have a question, don't hesitate to ask me." the manager said while walking. You just give him a nod, "Ne."

"Don't be shy, okay? Just feel comfortable around me." he said. You nodded once again.

Just then, you guys are now in front of the plane. All of you entered it.

The manager sat first and you was about to sit next to him but someone already did.

With a sigh, you search for an empty seat.

You smiled as you saw one empty seat. You was about to sit there when a hand suddenly grabbed your wrist that made you stopped halfway.

CHAPTER 20

You turned around and looked at your wrist. You followed the hand to see the owner, it was Luhan.

"Sit next to me." he said as he nodded on the seat next to him. You raised an eyebrow, "Shirreo!" you replied a you

twisted your arm to escape from his grip.

With that, you headed to the empty seat that you saw earlier. Unluckily, there's already someone sitting there.

You facepalmed yourself, *Aigoo! God doesn't love me, really..* without a choice, you went back to Luhan seat.

Luhan smirked when he saw you came back. "Changed your mind that quick huh?" he teased.

You rolled your eyes and sit next to him, "This is the only empty seat that's why I came back." you said. "Oh really?" he said, not exactly believing you.

You shot him a glare, "Just shut up, will you?" you cursed. "If you say so."

You ignored him and make yourself comfortable on your seat. "Since when did you get close with Baekhyun?" Luhan suddenly asked.

You just ignored him, not even giving him a answer. Luhan frowned and lean closer to you, studying your face.

You was looking at the opposite side when you felt a hot breath near you. Curious, you slowly turned your head to the other side and let out a gulp. There he was, Luhan's face was just a centimeter near from yours.

Shocked, you quickly pushed him that made him accidentally turned the volume higher on Chen's ipod since he was sitting to the other side of Luhan.

"Omo!" Chen immediately removed his earphone from his ear, completely stunned.

You shot Luhan a glare, "Yah! What do you think you're

doing?!" you yelled that made the people inside the plane turned to your direction.

You stopped on your tracks and slowly bowed, "Minahe.. Mianhe.." you keep saying. Though the people around you don't understand what you was saying, they ignored you and went back on what they were doing.

Then EXO-M's manager approach you, "What's happening here?" he asked. "Uh-oh.. It's nothing. I was just dreaming.. Yeah! Dreaming." you lied.

The manager nodded and went back to his seat.

As the manager disappeared on your sight, you give Luhan another glare. "It's all your fault." you cursed.

"Why me? You're the one who yell not me." he defended. You rolled your eyes and was about to curse him again when Chen snapped you.

"Shhh! Don't be too loud. I'm peacefully listening music here." he said. You turned to Chen and saw him putting his earphone back to his ear then closed his eyes to feel the music.

He really loves music, I guess.. you thought while studying him. "Quit staring." you heard Luhan said.

You look away, "I'm not staring to anyone." you coldly said. "If you say so." he said, earning another glare from you.

Luhan nagged at Chen, "Look! She's going to yell at me again." he said but Chen ignored him, still eyes closed.

You stucked your tounge out at him and rolled your eyes. Luhan

pouted.

Just then, the flight attendant came. "Ni hao! What do you want to eat ma'am and sir? Ham sandwich or chicken sandwich?" she said. You stared at the lady in confusion, completely don't understand what she had said.

"She's asking you what you want to eat. Ham sandwich or chicken sandwich?" Luhan said as he noticed your confused expression.

"Uh-oh.." you nodded, "I want ham sandwich." you told him. Luhan nodded and turned to the flight attendant, "2 ham sandwich please. And?" Luhan tapped Chen, "What do you want to eat?" he asked.

Chen looks at the flight attendant, "Give me one chicken sandwich please." Chen said.

The flight attendant nodded before handed the sandwiches to the 3 of you. You took it with a bow and so did Luhan and Chen. "Enjoy your meal." the flight attendant said then went to the opposite seat which is Lay's, Xiumin's, Kris' and Tao's seats.

"What did she said?" you asked Luhan. "She said enjoy your meal." he said.

"Ohh!! Just like 'enjoy the mayo'." you snapped. Luhan give you a look, "Are you trying to piss me off?" he asked.

"Wae? Are you?" you smirked. He rolled his eyes, "Whatever!" the took a bite on his sandwich. "Gomawo." you suddenly whispered.

Luhan paused before turning to you, "What did you said?" he asked, seems like he heard

wrong. "I already said it and I don't want to repeat it anymore." you simply said and took a bite on your sandwich.

"Yah! Will you two eat silently? I'm getting pissed off because of the noise." Chen snapped. You stucked your tongue out at Luhan and took another bite on your sandwich.

"You're acting like a child but it's okay. And by the way, you're welcome." Luhan whispered, emphasizing the last two words.

With that, both you and Luhan stopped arguing and did what Chen said. Both of you eat silently while Chen eat his sandwich while listening to his ipod.

Lay, Kris, Tao and Xiumin on the other hand were also eating their sandwiches.

Minutes later, all of you finished eating and soon, drifted to sleep.

CHAPTER 21

The plane finally landed in China. All of you exited the plane and took the van that was already waiting for all of you, on the way to EXO-M's dorm.

Hour later, the van finally stopped. All of you went out from the van and entered EXO-M's new dorm.

"Ms. Shim, this dorm has only 4 rooms and it was already divided to all of us but you need to stay with the other members for a while." the manager explained.

Your eyes widen, "Mwo?! I'll stay with them?!" you gasped in disbelief. "Don't worry. Once we added another room here, you'll move there." the manager said, "Or you can stay with me in my room if you don't want to stay with the 2 of them." he added.

You study the manager's face and paused, "Araseo, I'll stay with the other members." you replied, afraid to sleep in the same room with the old man.

"Is that so? Okay! So, where do you want to sleep? Kris and Chen's room, Xiumin and Tao's room or Luhan and Lay's room?" he asked.

You looked at EXO-M members one by one and made a long pause. EXO-M was staring back at you.

Luhan give you his angelic smile. Xiumin show you his bun face. Lay smiled at you and so did Chen. Tao stared at you with a serious yet scary face. Kris looked at you seriously.

You let out sigh, "Do I really need to stay with the 2 of them in one room?" you asked the manager. He simply nodded.

You looked at EXO-M once again. They're still looking at you with the same expression except with Tao. He's eyes was scary but you could see that he was shyly staring at you.

With another sigh, you spoke. "I'll stay with Xiumin and Tao." you blurted out. The unchosen members face fell.

Xiumin jumped in happiness and the one who surprised you is Tao, you saw him smiled after you choose to stay in their room.

*Woah! He smiled. That was the

first time I saw him smile.* you thought, amused.

"Okay then. Xiumin and Tao, go and bring her to your room." the manager ordered. Xiumin and Tao beamed and nodded before leading the way to you.

"So, the others go to your respective rooms also." the manager said. They nodded and do what their manager said.

With that, the manager went also to his room.

"Mwo?! There are only two beds?!" you gasped in disbelief. Just then, the manager came.

"Boys, can you help me bring the extra bed to this room?" he asked. You sigh, finally relieved.

Tao and Xiumin nodded. Minutes later, they're back lifting the bed and positioned it inside the room.

"This will be your bed and feel comfortable, ne?" the manager said. You nodded and bowed, "Dae. Gomawo."

The manager give you a nod, "Go and have a dinner after unpacking your things, okay?" the manager said. All you 3 nodded, "Dae."

Then the manager left.

"Do you want to help with that?" Xiumin asked. "No. Don't mind my business, just do yours." you replied without looking at him, unpacking your stuffs.

"Okay. As you wish! But atleast you choose to stay with us." he beamed and went back to unpack his things.

"I wonder why did you choose to stay with us?" Tao suddenly

blurted out. You shrugged, "I don't have a reason." you simply replied.

"Then why don't you choose the others?" Xiumin asked. You lifted your head to face them, "Do you want me to choose the others then?" you raised an eyebrow.

Tao and Xiumin quickly shook their heads, "Ani. We're just asking." Xiumin snapped as Tao nodded in agreement.

You rolled your eyes continued unpacking, "Then stop asking me." you said.

With that, they didn't ask you anymore and also continued unpacking their things.

CHAPTER 22

You, both Tao and Xiumin went out the room after unpacking then straightly went to the dining area to meet up with the others.

Just when the 3 of you reach the dining area, the manager suddenly passed by.

"Hyung, where are you going?" Xiumin asked. "I have something important to do. I won't be eating with you guys, mian. I'll be back pass midnight or maybe tomorrow. I don't know. Just eat without me." with that said, the manager left.

You let out a sigh, *Now, I'm stuck with these boys!*

"What's that sigh for?" Tao suddenly snapped you. You shrugged, "Nothing." was all you said took a seat at the

dining area.

Tao pouted but followed you. He sat next to you as Xiumin was about to sit on your other side, Kris already did.

Xiumin frowned, "I supposed to sit next to her." he said as he sat in front of you instead.

Kris rolled his eyes, "You're already sharing room with her. Let the others have a chance to get close to her." he snapped. Xiumin made a face, "Whatever!"

You just ignored him and started your food when you felt a pair of eyes glued to you. You looked up and saw Luhan seriously staring at you.

"What?" you asked in annoyed tone. Then you saw him frowned, "You must choose to stay with me and Lay." he stated with a pout. Lay nodded in agreement.

"No. You must choose to stay with me and Kris." Chen complained. "No worries. You've made a right choice." you heard Tao said who's sitting next to you.

You ignored them and looked back on your food when you saw an arm from your other side reach your plate as he put some food there. "Don't mind them. Just eat." Kris said.

Finally! There's someone here not trying to annoy me. you slowly turned to Kris but then he said, "But you must really choose to stay in our room."

You facepalmed yourself before rolling your eyes and just continued your food, completely ignoring them.

After the dinner, you volunteered to wash the dishes.

Even they're stopping you of doing that, you still won and wash the dishes.

After washing the dishes, you walked towards the living room and found them talking with a serious face. Then your eyes caught Tao's expression, scared.

Your head voluntarily shake because you saw that expression again for the second time. *I really can't believe he's the crying baby among them all.*

Just then, you heard Tao started crying. You facepalmed yourself, *There he is again...*

Even Tao is already crying, the boys still continued talking about scary things.

You let out a sigh before stepping in, "Yah! Tao is already crying. You guys should stop talking about scary things now." you blurted out.

Tao brightened and went your side. Kris raised an eyebrow, "Did you just defended Tao?" he asked in surprise.

Tao smiled, "Gomawo, Haewon-ah.." he beamed and wiped his tears. You turned to him and rolled your eyes, "I'm not defending you, okay. I just can't take to hear your cries." you said. Tao pouted.

You turned back to the others, "Now, stop making loud noise. I'm going to sleep now." was all you said then left.

"I'll go with you too." Tao called then followed you.

Xiumin stood up. The others look at him in confusion. "I'm going to sleep too." he beamed and walked away.

The others left with a pout on

their faces. "I want to sleep in the same room with her too." Luhan whined. "Nado." Chen agreed.

Kris shrugged, "I have an idea." he blurted out. The other 3 looked at him. Lay smirked, "I know what you're thinking and I like that idea." he said.

Chen and Luhan were still confused but then Kris blurted out,

"Go get your own blankets and pillows. We'll going to sleep in their room."

CHAPTER 23

As you was about to lay on your bed, the door burst open that made you turned on that direction and so was Xiumin and Tao.

Surprisingly, you saw Kris, Chen, Lay and Luhan standing there along with their pillows and blankets.

You raised an eyebrow, "What are you guys doing here? And what's that blankets and pillows for?" you asked.

"We're going to sleep here." Kris

simply replied as he made his way inside the room. The others followed.

"Yah! It's our room. You guys better go back to your respective rooms." Xiumin snapped. "No. It's unfair! We want to sleep with her too." Chen whined.

Xiumin rolled his eyes. "But Haewon chose to stay with us so I think it's fair." Tao muttered.

Kris shot him a look that made Tao shut up his mouth. Then Kris turned to you, "You have no problem with this, right?" he firmly asked.

You raised an eyebrow, "Of course I do have! A big problem!" you snapped. "Whether you like it or not, we're going to sleep here." Kris turned on his back, "Boys, go set your place." Kris nodded them to go.

With that, the other 3 fully entered the room.

You narrowed your eyes to Kris, "Yah! What do you think you're doing?! We can't stay in just one room! This will be crowded." you cursed.

Kris ignored you and just set his blanket on the floor next to your bed. Just then, you felt your bed bounce. You turned to your left and saw Luhan's face, just inches away from you.

You pushed him hard that made him fall on the floor and bumped to Kris. "Ow!" both Luhan and Kris yelped.

You narrowed your eyes to Luhan, "Serve you right pervert!" you hissed. Luhan pouted, "But I didn't do something on you." he defended.

"What are you doing in my bed just now then?" you asked, raising an eyebrow.

"I just want to try your bed." he muttered. You rolled your eyes, "Whatever! If you guys don't want to leave this room, I'll leave then." you stood up and made your way to the door when both Chen and Lay blocked your way.

You looked up with a frown, "Step out of the way." you calmly said. "No, you're not going anywhere." Lay said with a serious tone.

You ignored him and tried to escape with the 2 boys but unluckily, they won't let you. The worst is, Lay locked the door behind him and Chen.

Your eyes widen in horror, "Yah! What do you think you're doing?! Let me out!" you yelled but Chen and Lay continued blocking your way.

"You're now stuck with us. You can't go out or call for help since our manager is not around." Kris snapped as he laid on the floor.

You facepalmed yourself and unwillingly back on your bed. "Good girl." Kris said with his eyes closed.

You glared at him and forced yourself to sleep. Satisfied, Lay and Chen set their blankets near the door to secure that you can't escape while Luhan set his blanket to your other side. Now, both of your sides are Luhan and Kris lying on the floor.

Tao and Xiumin silently laid on their beds and soon, fall asleep. Then Luhan, Kris, Chen and Lay followed.

Minutes later, your eyelids

dropped as you drifted to sleep.

In the middle of the night, you heard a voice whispering. You slowly open your eyes and looked around. You spotted Kris sleep talking. You frowned when you realized that he's not talking in Korean but in Chinese then it suddenly changed in English then back to Chinese again.

You rolled your eyes and tried your best to sleep but Kris' voice keep interrupting your sleep. You groaned silently as you sat up. You made a face before getting up and carefully left the room.

Since it's dark, you couldn't see anything. Luckily, you didn't step to anyone's body.

Once you out, you went to the living room and sat on the couch. You placed your hands on your pocket just when you felt your phone there. You pulled it out to check it.

Your eyes widen whe you saw 30+ new messages and 20+ missed calls from your bestfriend, Baekhee.

You immediately open the messages and Baekhee was asking where you are, why she didn't saw you at school, why you didn't reply to her or answer her calls, if you're sick or something, etc.

You bit your lower lip before setting your fingers on texting her.

to: Baekhee

Sorry for not replying and answering your calls. I only check my phone just now. Call me tomorrow when you wake up. Jalja~

from: Haewon

With that, you put back your phone to your pocket and let out a heaved sigh. But then, you heard a sudden voice spoke,

"What's with that sigh?"

CHAPTER 24

"What's with that sigh?" you heard a voice said. You turned to your left side and saw Chen sitting next to you with eyes closed and earphone on his both ears, his back was resting on the back of the couch.

You gasped in surprised, almost having a heart attack. "What the hell are you doing here?!" you cursed.

"Shhh! I'm listening here." he snapped. You paused and stared at him for a moment. He was peacefully listening to the music through his ipod.

"I went here first." he blurted out. "Mwo?!" you asked. Chen open his eyes as he removed his earphone then turned to face you, "You're asking what am I doing here, right? You see, I'm peacefully listening here before you came." he said.

You rolled your eyes and flatted your back on the couch like Chen did. "Why are you still awake?" you suddenly asked. "Couldn't sleep, you?" he asked back.

"Same." you replied. Chen chuckled, "I'm glad I couldn't sleep." he muttered. You turned to face him and raised an eyebrow, "Wae?"

"Because I got a chance to have a talk with you." he replied. You rolled your eyes, "Whatever! I should continue my sleep now." you stood up and walked away.

"As if you can sleep hearing Kris hyung sleeping talk." Chen snapped that made you stopped. *Right.* but you just ignored him and continue on your way back to the room.

As you open the door, the first one you heard was Kris. You facepalmed yourself and closed the door again. You decided to check the other rooms but unluckily, all the rooms are locked.

With a sigh, you went back to the living room and sat next to Chen once again.

"I knew it!" you heard him beamed. You shot him a look before rolling your eyes then flatted your back on the couch like what you did earlier.

Silence filled the atmosphere.

"You still didn't give me your answer." Chen blurted out that broke the silence. You titled your head in confusion.

"Your sigh, what's that sigh for?" he asked as he stared at you. You shook your head, "Nothing." you replied.

"Really? You can share it with me, you know." he said. You remained silent and flatted your back again on the couch. You rested your head on the couch also as you stared at the ceiling.

"Don't force yourself. You can open up with me or to the other members once you're ready to." he said then put back the earphone on his ears.

Still head rested on the couch, you turned to Chen and watched

him listening to music for a while.

"Do you really love music that much?" you asked all of a sudden because of curiosity. Seems like Chen didn't hear you because of his earphone. His eyes were closed as his head resting on the couch like yours.

You stared at the ceiling again since you don't receive any response from Chen.

"I just miss my bestfriend and omma.." you whispered, not knowing that Chen was listening to you since he lowered the volume of the music.

"I miss them," you paused, ".a lot." you continued. "How I wish they are also here with me.." you said once more.

"So, that's the reason of your sigh." you suddenly heard Chen whispered. You turned to him in shock, "You heard me?" you asked.

Chen's eyes popped open as he gazed to you, "I do." he replied. "But I thought... you're listening to music?" you asked.

"Yes, I do." he replied again. You frowned. "The volume is low so I could still hear you." he simply replied.

You raised an eyebrow, "So you just trick me huh?" you hissed. "I did? How?" he asked in confusion.

"Because I already stated the reason of my sigh." you said. "Wae? Did I told you to say that? You're the the one who volunteered to say that, not me." he defended.

Right. He has a point. "Whatever! You still trick me." you snapped. "Okay, If you want to believe that." he said.

SILENCE!

"How about you?" you broke the silence this time. "Me? What about me?" he asked. "Do you have friends?" you asked.

"Of course! EXO are my friends." Chen replied with a smile. "What about a family?" you asked. "I do have but they're in Korea so.." he trailed off.

"Don't you miss them?" you asked again. "Of course I do. I really miss them. It's been a long time aince I last visit my hometown. That's before our debut. Now you mentioned it, I really want to go back to Korea and visit them." he replied. You could feel the sadness on his voice.

You let out a sigh and amazingly, Chen also did at the same time with you. Both you and Chen looked at each ither before bursting into laughter.

"You looks better when you laugh." Chen commented that made your laugh faded. "You said the same words with Baekhyun." you suddenly said.

"I did?" he asked. You nodded, "Those words annoys me the most." you said rolling your eyes. Chen chuckled setting his earphone on his ears.

"About your question earlier, my answer is yes. I do love music very much. Hearing music is the one could make me forget about the emptyness of my family even for a moment." he said.

"Really?" you asked innocently. Chen nodded. He turned to you, "Do you want to listen to the music? This will help you cheer up yourself." he said handling you the other piece of earphone.

You just stared at the earphone. Chen nodded you to take it, "Come on, music will make you relax." he assured.

With a sigh, you took it and stuck it on your left ear while the other piece was in Chen's right ear.

Minutes later, you started to forget all the emptiness that you were having earlier and started relaxing yourself. The music was continued playing as both you and Chen silently listening to it.

CHAPTER 25

It was already 7:00am in the morning. Luhan was the first one who wake up. He slowly open his eyes and realized that he was sleeping in the same room as you.

A smile formed on his face as he stretch his arms upward with a yawn. He sat up and search for you on your bed. In his disappointment, you're not there.

Luhan frowned as he scanned around the room. "Where is she?" he went to Kris side and shook him, "Kris, wake up!"

Kris groaned as he open his eyes, "What?!" he asked in annoyance. "Haewon is missing." Luhan quickly stated.

Kris' eyes popped open as he quickly sat up and peeked on your bed. Luhan was right, you're nowhere to be seen.

Kris then wake up the others, "Wake up! Haewon is missing!"

he said shaking them.

All awake, they got off from their bed and glance at your bed. "Omo! Where is she?" Xiumin asked while rubbing his eyes.

Lay stared at your bed and looks around just when he noticed that you're not the only one who's missing but also one of the members.

"Wait! Chen is also missing!" Lay announced. The other members looked at Chen's place just when they realized that Chen is missing too.

They looked at each other, "They must be together." Tao stated. "Must check. Let's go." Kris said as all of them left the room.

There it is, you and Chen was silently sleeping on the couch. Your head was resting on his shoulder as Chen's head on the top of your head.

Chen was still holding his ipod while the earphone was dropped on the ground still connected on the ipod.

"I knew it." Tao said. "How they end up in this state?" Luhan asked. "Come on, let's wake them up." Xiumin said as the others nodded in agreement.

Kris shook you while Lay shook Chen. "Wake up." Lay and Kris cooed. "It's already morning." Kris added.

Both you and Chen slowly open eyes. Kris' face was one that greeted you as Lay's face greeted Chen.

You turned to your side and so did Chen. You stared at each other for a while.

You frowned, "What's going

on?" you asked yourself in confusion.

Seconds later, you realized you fall asleep on Chen's shoulder. You immediately looked away made a distance from him.

"Why did you two end up sleeping here together?" Lay asked. You bit your lower lip, not knowing what to say. Just then, your phone rang. "Thanks to my phone!" you beamed on your head as you pulled out your phone.

Baekhee is calling

You saw the screen says. "Excuse me." you excused yourself as you stood up and headed to Xiumin and Tao's room. As you fully inside, you locked it so no one can disturb you.

"What did you two do last night?" Kris asked Chen. "Listen to the music." Chen simply replied as he stood up and went to the kitchen.

The others followed, "Why did she sleeping on your shoulder and your head on top of her head?" Luhan asked.

Chen shrugged, "I don't know either. The last time I remember is, we're just listening to music then.. I don't know the next and I don't know why we end up like that." he replied.

"Did you two talk?" Xiumin asked. Chen nodded, "A little bit." he said as he get a glass of water and drink it.

"What are you two doing outside the room then? You should be sleeping at the room." Tao muttered.

"Yeah but I couldn't sleep."

Chen simply replied. "How about Haewon?" Lay asked. "Same with me." Chen replied.

"Why did you two can't sleep?" Kris asked. Chen looked up and raised an eyebrow, "You still asking why? You should know why.." Chen muttered. The others understand what Chen said as they nodded their head.

Kris frowned, still confused. "I don't get it. Tell me, why?" he asked. Chen rolled his eyes, "Because of your sleeping habit." he snapped.

"Uh-oh.." Kris rubbed the back of his neck in embarrassment. "Come on, let's prepare a breakfast. I'm hungry." Xiumin snapped. They rolled their eyes on him. "Yeah! Mr. Baozi is already hungry." Luhan said.

Xiumin shot him a look as Luhan stucked his tongue out. Xiumin rolled his eyes then pouted.

Suddenly, the main door burst open and revealed their manager. "Oh! Hyung, you finally back." Lay said. "Go get ready, you guys will be guesting on Happy Camp later." the manager said.

EXO-M nodded as they continued preparing the breakfast.

"Yeoboseyo?" you answered. "YAH! WHERE ARE YOU? WHY ARE YOU NOT SHOWING UP AT SCHOOL?" you pulled your phone away from you ear because of your bestfriend sudden shout coming from the other line of the phone.

You put it back again, "Lower your voice, will you?" you hissed. You heard Baekhee let out a sigh, "Okay, now tell me where you are?" she asked

calmly.

With a sigh, you told her all that happened to you. "Aww.. You're so lucky to be there." she commented. You rolled your eyes, "I'm not, okay."

"Psh! I miss you Haewon-ah~" she cooed. "Nado, I miss you." you replied with a heart.

"Where are you going to come back here by the way?" Baekhee asked. You shook your head through the phone, "Ani. How I wish I can go back there now." you muttered. "Aww! You must be bored there. I can sense it on your voice." she said.

"Yes, I am. My bestfriend wasn't here so it's really bored here." you replied. "Aww! You're so sweet." she said. "I know right?!" you replied proudly.

"Oh! I almost out of load now, let's talk again next time or let's text." she said. You nodded, "Okay, bye!" you said and with that, the phone call ended.

CHAPTER 26

After the phone call ended, you open the door and went out. Right after you stepped out, EXO-M's manager passed by.

"Oh.. Ms. Shim.." he called. You bowed a bit, showing your politeness. "Get ready, EXO-M will guesting on Happy Camp tonight." he gestured.

"Happy Camp?" you asked, completely confused. He simply nodded, "One of the popular variety show here in China." he explained.

"Uh-oh.." you nodded in understanding. "It's still morning so you can prepared the boys' clothes later." he said.

You nodded once again, "Dae." The manager give you a nod before heading to his room. With that, you headed towards the living room.

You found EXO-M watching TV there. They were sitting on the long couch all together. You walked over and sat on the single couch on the side.

All 6 pair of eyes gazed at you. You didn't care to turned your head to them and just focus on the TV screen. Seconds later, their gazes went back to the TV screen.

"Could you guys tell me what kind of show 'Happy Camp' is?" you suddenly blurted out, eyes still locked to the TV screen.

Their gazes went back to you in synchronized. You stared back, raising an eyebrow. "Is my question hard to answer?" you asked.

"Uh-oh.. Ani. Umm.. Happy Camp is one if the most popular variety show here in China. It's like a game show for me and maybe an interview. More like that." Kris said.

Your mouth formed an 'o' as you nodded in understanding. "Why did you ask?" Xiumin asked.

"Nothing." you replied and turned back your gaze on the TV screen. "Are you going with us on that show?" Tao asked.

"What do you think? Of course, I will go. I'm your personal assistant, remember?" you replied with a rolling eyes.

Tao pouted as Kris patted his

back. 'Get use to her attitude.'
Kris mouthed to the maknae.
Tao nodded in understanding.

You stood up, making EXO-M
looked up to you. "Where are
you going?" Lay asked as you
started to walked away. "I need
to prepare all you guys clothes."
you replied without turning back
and soon, disappeared from
their sight.

EXO-M looked at each other.
"Let's also prepare, shall we?"
Luhan suggested. "But it's still
early.." Chen snapped.

"And so?" Luhan raised an
eyebrow. "Luhan is right, we
need to prepare now. Plus, we
need to be there early, right?"
Xiumin explained.

Luhan smiled, "Thank you
Baozi." he sang. Xiumin rolled
his eyes. "I'll go with them too.
Come on guys, let's get ready."
Kris motioned.

With that, all of them went to
their respective rooms including
Chen to prepare themselves.

It was already 5:00pm, all was
prepared already. EXO-M, the
manager and yourself leave the
dorm and went to the show
called 'Happy Camp'.

There are lots of fans there.
Almost all of them are waiting
for EXO-M, holding their own
fanboards with an 'EXO-M' on it
and some of them are holding
posters of each member.

You gaze at how many fans are
there to wait EXO-M. *They're
already famous. But.. other
SMEnt artists are still the best.*
you bitterly thought.

Minutes later, the show got
started. The opening of the
show is a dance. Back-up

dancers are one that was
dancing then followed by the
hosts.

The hosts made an opening
speech before calling EXO-M.
Just when EXO-M came out, the
crowd started to make a loud
noise. They were going crazy
seeing the new idol EXO-M.

You rolled your eyes then shook
your head, *What a crazy fans!*

The hosts started to talk with
EXO-M then each member
started to introduced
themselves one by one. Even
you don't understand mandarin,
you could still sense that they
were introducing themselves.

The show went good. Unluckily,
you don't understand the whole
show. You're really sucks in
mandarin so you completely not
understand what tgey were
saying.

But during the show, a smile
just suddenly went up to your
face unknowingly. When the
time Xiumin, Luhan and Tao
were going to kick the ball, you
could help but let out a short
laugh.

After the show, all of you went
back to the dorm. All the
members of EXO-M looks tired
as they fall asleep in the whole
ride on the way to the dorm.

Even you did nothing on the
show and just watch, your
eyelids voluntarily dropped and
soon enough, fall asleep also.

CHAPTER 27

It was already morning as your

eyes fluttered open. Still with a
blured vision, you gently rubbed
your eyes and looked around.

Just then, you realized that
you're alone in the room. You
forced yourself to sat up and get
off from the bed. You made
your way outside the room and
found EXO-M preparing the
breakfast.

You stared at them, still
confused why did you end up
lying on the bed. The last thing
you remembered that you fell
asleep on the way to the dorm.

"Oh! Good morning Haewon-
ah~" Luhan greeted as he
noticed your presence. The
other looked up and give you a
smile except for Kris. He was
totally frowning at you.

You raised an eyebrow for
exchanged. The other members
followed your gaze and saw Kris'
frowning expression. They burst
into laughter.

"Yah! Hyung, don't be mad at
her." Tao managed to say. You
turned to Tao and also raised an
eyebrow, "Why is he mad at me
huh?" you asked, totally
confused.

"Because last night, hyung
carried you to I and Xiumin
hyung's room since no one can't
wake you up even manager
hyung. Then manager hyung
motioned Kris hyung to carry
you instead." Tao explained.

"So?" you raised your eyebrow
even more. "And you keep
kicking him while he was
carrying you on the way to
Xiumin and Tao's room. Plus,
you slapped him on the face
when he laid you on your bed."
Lay added with a laugh along
with the other members.

Kris shot his co-members a
glare that made them stopped

on laughing. Kris then rolled his eyes. "You're just kidding, aren't you?" you asked. Lay shook his head. "He's saying the truth." Chen stated.

You turned to Kris and noticed the red mark on his left cheek. You lowered your head, "Uh-oh.. I didn't meant to do that.." you whispered.

"Is that your way of apologizing?" Kris smirked. You looked and saw him with a wide grin on his face. You rolled your eyes, "Whatever. Let's just eat, shall we?" you snapped in annoyance.

"Yay! Finally! Food!" Xiumin beamed. Luhan chuckled, "Baozi really loves food." he stated. Xiumun stucked a tounge out and started his face.

With a shook of head, you also started your food and so did the other members.

A week had passed. Well.. just today, the manager gave you a new room alone. It was a pleasure for you so no one can bothered you anymore. EXO-M were already sleeping as you couldn't.

You stood up and walked towards the door. You stepped out to get some water when you noticed the manager sitting on the couch while using his laptop.

"Why aren't you sleeping sir?" you asked. He turned around to face you, "I'm almost done with this. I'll sleep after I finish this one." he replied, pointed at the screen of the laptop.

You nodded in understanding as you headed to the kitchen and get a glass if water then drink it. After that, you walked back and saw the manager closed his

laptop and stood up.

You looked at him, "Ummm.. Finished?" you asked. He nodded, "I just made some important business." he replied.

"About EXO-M?" you asked. "Only half part, yes." he replied. You frowned in confusion, "What do you mean?" you asked.

"You'll know tomorrow." he simply replied then walk passed by you before he disappeared from your sight.

You titled your head, *I wonder if he's related with Lee Sooman.. They're completely the same.* you thought before heading back your new solo room.

Morning came. As usual, you, EXO-M with their manager eat breakfast all together. "I'll announce an important matter today. Finish the food then follow me to the living room including you," the manager pointed at you, ".Ms. Shim." he added then walked towards the living room.

After the breakfast, you all stood up. Completely confused, you and EXO-M headed to the living room and started gathering there.

"So," the manager started. All the pair of eyes including you were focusing on the manager, waiting for him to continue.

"The important matter that I want to say is," he paused, "EXO-K and their own manager will going to stay here in one week and their flight is today. They will arrive here anytime tonight."

CHAPTER 28

"EXO-K and their own manager will going to stay here in one week and their flight is today. They will arrive here anytime tonight." EXO-M's manager announced.

"Mwo?!" you're the first one who reacted since EXO-M seems happy with the good news.

The manager titled his head to you, "Wae? Is there a problem with that?" he asked, raising an eyebrow. "Uh-oh.." you shook your head, "Ani.."

The manager nodded and turned to the boys, "How about you boys?" he asked. "Of course there's no problem with us. Plus, we already miss EXO-K." Xiumin replied as he co-members nodded in agreement.

The manager pressed his palms together and straightened up, "Okay then, let's just wait for their arrival." he said then left.

You let out a sigh, *So, that's what he meant last night..* you thought with a poker-face.

"What's with that expression?" Lay snapped. You looked up and stared at him for a while. Just then, you realized how closed your face to his face.

You immediately pushed him and give him a glare. Lay frowned, "Yah! Why did you pushed me?" he hissed.

You rolled your eyes and stood up. You give him one last glare before heading to your room. Lay titled his head, "What happen to her?" he whispered.

"If you hadn't realize, your face

was too close to her just now." Luhan muttered.

"I did?" Lay asked as he turned to the others. They simply nodded. "How come I didn't notice that?" Lay wondered. EXO-M looked at each other then to Lay. They shook their heads then walked away, leaving Lay dumbfounded.

Lay pouted then followed Luhan to their room.

As you entered your room, you quickly closed the door and jumped on your bed. You placed your palms to your both cheeks trying to calm yourself.

For some reason, you couldn't take off Lay's face on your vision. On how his face was close to you. You could see how perfect his face is.

He's handsome.. you immediately shook away that thought and laid on your bed.

Staring at the ceiling for a while, your eyelids suddenly dropped. Soon, you drifted to sleep unknowingly. Even you just got up from bed earlier, you still fell asleep just now. This day was bored and you was completely tired.

It was already 3:00 in the afternoon as you open your eyes. You walked out from the room and headed to the living room.

"Woah! You're finally awake." Lay said as he suddenly appeared in front of you with his face close to you again.

You made startled on it as you jumped a little. You pushed him again for the second time today

and walk passed by him with a poker-face.

EXO-M was busy watching TV at the living room as Lay followed you with a pout.

"You've been doing that face today a couple of times." Xiumin snapped as you sat on the single couch. You turned to him, "What?!" you asked in annoyance. Xiumin chuckled, "See? You're doing it again. You really loves doing that face." he commented. You rolled your eyes, "Whatever!"

"Haewon-ah, we left you a food for your lunch at the kitchen. You should eat now, it's already late for your lunch." Tao said. "Right." you stood up and headed to the kitchen. As you found the food, you took it and headed to the dining area to eat your lunch even it's already 3:00 in the afternoon.

Exactly 8:20 in the evening when the door bell rang. "That must be them." the manager stood up and approach the main door.

You let out a sigh, *My life here in China will becoming a hell now!* you thought in disbelief.

Expectedly, EXO-K and their own manager entered the dorm. EXO-K has a bright smile on their faces as they walked inside.

"WELCOME TO OUR CHINA!" EXO-M greeted all together. "YAY!"

You saw Luhan and Sehun approach each other first then soon, hugging each other. "I'm happy to see you again hyung." Sehun said. "Nado!" Luhan beamed.

You rolled your eyes by the view, *Eeeww!*

"Haewon-ah!" you suddenly heard a voice whined. You turned to the direction of the voice and saw Baekhyun walking towards you while spreading his arms intending to hug you.

Your eyes widen in horror. But before Baekhyun could hug you, you immediately grabbed Xiumin's arm who is standing right next to you. Then you dragged him in front of you so with Baekhyun eyes closed, he's now hugging Xiumin.

"Yah! Let go of me!" Xiumin hissed. Baekhyun open his eyes and saw you standing in front of him but not hugging though. Then he realized that he was hugging Xiumin. He immediately let go of Xiumin. The others laugh at him.

"Yah! Hyung, why are you hugging me?" Baekhyun hissed. "Correction, you're the one who hugged me." Xiumin muttered with a rolling eyes.

"Guys, stop that." EXO-K's manager snapped. "Baekhyun, behave. We're just got here so please give EXO-M's manager some respect." he added.

"Oh.. Mian." Baekhyun apologized. EXO-M's shook his head, "No, it's okay. I know you just miss EXO-M." he said.

Baekhyun glanced at you as you rolled your eyes, still annoyed at him.

"Come on guys, let's talk about the room arrangement." EXO-M's manager said as he led the way to the living room. All of you gathered to the living room and focus on the managers.

"So.. since I have my own

room, EXO-K's manager will share with me." EXO-M's started. "Then, there are 4 rooms here except mine." he continued.

EXO-M's manager glanced at you, "Is that okay if the two of them will share a room with you?" he asked.

You stared at him in disbelief. You just got an own room last night and now, you're going to share with the 2 of them again? Well.. That's what life is.

With a sigh, you spoke. "Do I have a choice?" you asked back. EXO-K's manager chuckled, "Sooman was right. She's different to the other assistants." he commented. "I know right?!" EXO-M's manager agreed.

You rolled your eyes because of their comments. "So, who's going to share a room with her?" Chen asked.

"Good question! We decided that Kai and D.O. will share a room with Chen and Kris since that room is biggest among the other members room. Then Sehun, you'll be staying with Luhan's and Lay's room." M's manager stated.

"Yay!" Sehun jumped up and down because of excitement. K's manager chuckled by the maknae's reaction, "Behave Sehun." he snapped as Sehun calmed himself again.

"Shall we continue?" M's manager asked. EXO nodded as you annoyingly waited for him to continue.

With that, M's manager continued, "Suho will be sharing room with Xiumin and Tao. Chanyeol and Baekhyun will stay at Ms. Shim's room."

CHAPTER 29

"Chanyeol and Baekhyun will stay at Ms. Shim's room." M's manager announced.

"Yay!" both Chanyeol and Baekhyun beamed as they high-five each other. "Mwo?! Why them?" you reacted.

"Wae? Do you have a problem with them?" K's manager asked. "You can stay with us again if you want, right Tao?" Xiumin snapped as Tao warmly nodded in agreement.

You open your mouth to speak when Baekhyun snapped you, "No! Of course! She don't have a problem, right Haewon?" Baekhyun eyed you.

You rolled your eyes and was about to say something when someone interrupted you again. This time, it's Chanyeol. "Yeah! And I think she like to sleep with us." he muttered.

"Okay then. Now, go to your respective rooms." M's manager gestured. You stared at him in disbelief but M's manager and K's manager already left and headed to their room.

You shot Chanyeol and Baekhyun a look as they flashed you a bright smile. "Kaja! I want to see our room." Baekhyun beamed. Before you could protest, both Baekhyun and Chanyeol already dragged you to your room.

Tao pouted, "I still want to sleep with her.." he muttered. "Nado." Xiumin joined. "But you can't. Now, mind telling me where our room is?" Suho snapped.

"Oh yeah! This way.." Xiumin and Tao led the way as Suho followed. With that, Kris, Chen, D.O. and Kai headed also to their room and so did Lay, Luhan and Sehun.

"Yah! I don't want to sleep with you two in one room. Let me go!" you screamed under your breath as both Chanyeol and Baekhyun settled you on your bed.

"Only one bed here?" Baekhyun raised an eyebrow as he scanned the room. "I'm the only one who's sleeping here so of course there's only one bed here." you said with a rolling eyes.

"So.." Chanyeol trailed off as he gave you a creepy smile. You frowned, "So now, get off my bed and settle your blankets on the floor." you snapped.

Chanyeol looked down on your bed, "Your bed seems big and I think all the 3 of us can sleep here, right Bacon?" he said. "You're right Yeol." Baekhyun smiled on that idea.

Your eyes widen in horror, "Mwo?! Andwae!! Get off. NOW!" you blurted as you try to pushed them off the bed but they are stronger than you so you failed.

You let out a heaved a sigh, *What have I done in my previous life to give me this kind of punishment?*

"Okay, I give up." you said and laid on the bed. BaekYeol beamed as they laid next to you. They both facing you that made you feel uneasy.

You cleared your throat, "Er.. Can one of exchange position

with me? I don't want to sleep at the center." you said, coolly.

"Okay. Let's exchange." Baekhyun said. You let out a sigh, relieved. As you was about to exchange with Baekhyun, Chanyeol grabbed your arm to stopped you.

You turned to him, "What?" you asked, annoyed. "Let's exchange instead of him." Chanyeol said. Baekhyun eyed him, "No. She's going to exchange with me. I want to sleep next to you." he muttered. "I want to sleep next to her too so she's going to exchange with me." Chanyeol protested.

"No! She will exchange with me!"

"No! She won't!"

"She will!"

"She won't!"

"She will!"

"She won't!"

Your ears will going to explode anytime because of their argument. "Yah! Stop it! I'm not going to exchange to anyone. Now, sleep. I need some rest." you snapped and closed your eyes.

You heard them beamed as they started nagging at you. You ignored them and let yourself to sleep.

"Haewon-ah, don't sleep so fast. Let's talk for a while. You know, we miss you a lot." Baekhyun said. You didn't open your eyes, completely ignoring him.

"Haewon-ah, don't sleep please.." Chanyeol whispered to you ear that made you felt shivers went up to your spine. Still, you didn't open your eyes

and tried your best to sleep.

To you unluck, BaekYeol didn't gave up easily. They continued nagging you but you keep your eyes shut closed.

Just then, silence filled the room. You mentally smiled, *Finally! I thought they didn't know how to give up.* with that, you slowly drifted to sleep.

Just when you was about to fully entered the dreamland, you felt 2 pairs of hand started tickling you.

Your eyes popped open, totally startled. You couldn't help it but laugh. "Y-Yah! S-Stop it!" you managed to say.

"Say that you won't going to sleep fir a moment and have a talk with the 2 of us first before we'll stop." Chanyeol challenged.

"N-No!" you replied. With that, BaekYeol tickled you more that made you laugg hard. "Ara, ara. I w-won't sleep a-and talk with y-you 2 for a m-moment." you managed to day between your laugh.

Finally, they stopped. "Good girl!" Baekhyun smirked. You rolled your eyes while breathing heavily.

"So.. did you miss us, EXO-K?" Baekhyun asked as Chanyeol nodded along the question. "No, why would I?" you simply replied, not even thinking if you hurt them or not.

BaekYeol pouted. "Even so.. We miss you," Chanyeol paused. ".a lot." he continued. You stunned by his word and remained silent, not knowing what to say.

"Right, we all miss you a lot." Baekhyun said. "W-Whatever!"

you said with a rolling eyes.

With that, no one talk or started a new conversation. That time, you thought that they already done nagging at you but no. They're just started.

The next thing you realized, they already asking you some random questions. You firmly answered it without you knowing.

It's already 2:00am but BaekYeol seems don't want to stop on talking. You facepalmed yourself and mumbled, "I'm tired. Let me sleep now."

"Want us to sing a song for you for you to sleep peacefully?" Baekhyun asked. You just give him a nod, "That's good since my sleep isn't peaceful on the first place." you sid and closed your eyes.

Baekhyun started the song as Chanyeol sing a long. A smile formed on your face as you heard them sing. Their voices are awesome. Soon enough, you completely fell asleep.

CHAPTER 30

You woke up next mprning because of the loud sound of voices that can be heard around the room.

Your eyes fluttered open as you saw 10 pair of eyes were glued to you. You could see that they were panicking. You frowned and was about to sit up but you couldn't, you felt a heavy thing on your stomach that making you stopped on sitting up.

You looked down to your

stomach and saw two different arms wrapping around your waist. You turned to your both side and saw Chanyeol's and Baekhyun's sleeping face.

"Aaaaahhhhhhhhhhh!!!!" you burst a loud scream that made BaekYeol to wake up. They let out a short groan before slowly opening their eyes.

"What happen?" Baekhyun asked in alert. "Did something bad happen?" Chanyeol also asked in alert.

"Get off of me now, you two perverts!" you cursed as you pushed their arms away from your body. With that, you immediately jumped off the bed.

Both Chanyeol and Baekhyun sat up and saw the other members inside the room. "What are you guys doing here?" Chanyeol asked.

Suho raised an eyebrow, "We're just planning to wake you 3 up and then we found out that both you," he pointed to Baekhyun and Chanyeol, "were sleeping in the same bed with her." Suho finished.

Kris stepped in the conversation, "Now, mind explaining why you two sleeping on her bed." he asked as he nodded on your direction.

"Because we both miss her. As simple as that." Baekhyun answered without a second thought. Chanyeol nodded in agreement. "Just because you miss her, you can force yourselves to sleep on her bed." Suho snapped. "Exactly!" you exclaimed. BaekYeol pouted.

"Omo! Noona, what happen to your eyes?" Kai suddenly snapped. You stared at him, clueless. "Eh?" you touch your

eyes before rushing to the wash room.

As you reach inside the wash room, you immediately faced the mirror and saw something dark below your eyes, eyebags. Your eyes widen, "Aahhhhhhhhh!" you let out another scream.

Outside the wash room, EXO stared at each other after hearing your loud scream.

Xiumin narrowed his eyes to both Baekhyun and Chanyeol, "What did you two do to her last night? Nagging all night hmm?"

"Uh-oh.. We're just too excited last night so we keep nagging at her.." Chanyeol replied as he lowered his head, guilty. Baekhyun looked away, "Mian.." he apologized.

"Go and apologize to her not to me." Xiumin snapped. Just then, you went out from the bathroom with your eyebrows furrowed together.

You shot BaekYeol a glare before walking out the room. "See? She was pissed. Now, go and apologize." Xiumin said before following you exited. With another glance, the other members exited the room also.

BaekYeol looked at each other. "Eotteokhae?" Chanyeol asked. Baekhyun let out a sigh, "Apologize is the answer." he replied and get off the bed. Chanyeol also did and with that, they left the room also.

"Oh! Ms. Shim, what happen to your eyes?" K's manager greeted as you reach the living room. "Ask those bastards who shares room with me." you replied in annoyance as you sat on the couch next to M's

manager who was sitting next to K's manager.

"Did Baekhyun and Chanyeol didn't let you sleep peacefully?" K's manager asked. "Positive." you replied with a tired nod. "Uh-oh.. Please excuse them for that. Those two are bit stubborn when they are together." K's manager muttered.

You rested the back of your head on the couch, "I want to sleep in deifferent room." you whispered. "Oh.. They must really that annoying for you, I guess." M's manager said. "They are." you said.

"You can sleep in our room again if you want." Tao suddenly said as EXO appeared. You stared at him and Xiumin. "Only if you want." Xiumin said.

You turned to the managers, "I think it's better to sleep at their room that the room you gave to me." you said.

"So.. You're saying that you wanted to move to their room?" M's manager asked. "It's not that I wanted to. It's just that.. I don't have a choice but to move to their room." you corrected.

The managers looked up the boys, "Suho, is it okay if you exchange room with her?" K's manager asked. Suho nodded without a second thought, "No roblem with me. I know BaekYeol is hard to handle but I think I can." he replied.

"Okay then. Starting tonight, Haewon will sleep on Xiumin's and Tao's room back again and Suho on BaekYeol's room. Understand?" K's manager announced. EXO nodded except for BaekYeol. K's manager peeked at them with a raise of eyebrow. BaekYeol lowered their heads before answering,

"Dae.."

"Good! Now, prepare yourselves. You guys will have a performance all together in a show." K's manager gestured. With another nod, they followed what the manager said.

M's manager turned to you, "Sorry again for thr boys attitude. You go also and prepare." he said. You give him a nod and left.

The whole ride to the show was silent. Neither Baekhyun nor Chanyeol got a chance to talk to you since you keep ignoring them.

As the van stopped, you all went out and entered the venue. Inside the dressing room, you help EXO on their clothes since that's your job.

"Are you still mad at me?" you heard Baekhyun asked as you was fixing his cloth. You remained silent then turned to Chanyeol and fixed his cloth next. "I guess, you're still mad at us." you heard Chanyeol said with a sigh.

You looked up and faced them. "Just stop asking me and I won't mad." you said and walked away, leaving them dumbfounded.

The show got started. Some Chinese artists started to perform. EXO will be the last one will perform so you just waited for their turn. For some reason, you was impatiently waiting to see them performing together.

Hours later, EXO finally went up the stage. Before they start their performance, they make a

short introduction first. Kris started, "We are EXO!" then all together, "*We are one!*" after that, they introduced themselves one by one in mandarin.

Just after the introduction, EXO started performing 'MAMA' continued with 'History'.

After the show, all of you headed to the van and went in. You sat at the back beside the window as Baekhyun sat next to amd Chanyeol next to him.

"Still mad?" Baekhyun worriedly asked as Chanyeol peeked at you, also waiting for your answer. "Just stop bothering me and I won't." you replied before closing your eyes.

BaekYeol formed an O shape on their mouth as they looked at each other. Satisfied, a smile went up to their lips and don't bother you anymore.

The whole ride on the way to the dorm was silent. All of you was completely tired as all of you fell asleep.

Minutes later, the van stopped. The managers started waking you all up one by one. As your eyes popped open, you found yourself carrying by someone. It was Tao and you noticed that Xiumin was walking behind him.

"What are you doing?" you asked, half sleep. "Don't talk, just sleep. You must be too tired since you didn't sleep well last night." he said.

Just then, the 3 of you reach the room. Xiumin open it for the 3 of you as Tao gently laid you on his bed.

"Use my bed tonight. I'll just sleep on Xiumin hyung's bed." Tao said as he pulled up the

blanket to your body. You turned to Xiumin.

Xiumin give a nod with an assuring smile. Satisfied, you nodded and closed your eyes. In a few seconds, you drifted to sleep just in quick. You were really tired to talk anymore.

With another one last glance, both Tao and Xiumin went to their place and sleep together in one bed.

CHAPTER 31

The next day you woke up, you found yourself sleeping with unfamiliar bed. Just then, you remembered that Tao let you sleep on his bed last night.

You slowly sat up and carefully get off the bed. Peeking on Tao and Xiumin, you found them silently sleeping together on Xiumin's bed.

You stared at them for a while until a smile escape on your face, *How cute.* you thought, without even noticing that you were secretly smiling at the view.

You then skipped the room and stepped out. You found the two managers already preparing the breakfast.

"Oh! Ms. Shim, you already awake. We're preparing the breakfast just now.." K's manager said. "Oh yeah.. Sorry.. Please wait for us to finish this." M's manager added.

You shook your head while waving your hand, "Ani, it's okay. I'm not that hungry, anyways. But.." you paused, "..if you won't mind, please let me help you two with that?" you

blurted out, peeking at them.

The two managers look at each other in surprised. Then they turned back to you and faced you. They nodded, "Sure.." they both beamed at the same time.

With a smile, you went up to them and helped them prepare the breakfast for the boys, you and the 2 managers.

"Hmmm.. Smells delicious." you suddenly heard Luhan said. His eyes were closed while walking towards the Kitchen.

Just then, Luhan open his eyes and saw you with managers preparing the food. "Woah! You know hoe to cook?" he asked, amused. You turned to the two managers and asked, "Do I look like I don't know how to cook?"

The 2 mnagers paused for a moment before bursting into laughter. You made a face and shot Luhan a glare. "Luhan, look what you did. You already make her pissed early in the morning." M's manager said.

Luhan stared at you. You lowered your head and continued on what you was doing. Luhan rested his both elbows on the kitchen counter as his jaw rested on his palms. "Mian.." he sang.

You looked up and saw the sincerity on his angelic face. "Whatever!" you replied and continued on what you was doing again. Luhan pouted.

Suddenly, you heard other voices came. "Ahhhh~" the other EXO members came out with a yawn. You simply ignored them like what you did with Luhan.

"Omo! Haewon noona, knows

how to cook?" Sehun gasped as he excitedly run next to Luhan. With that comment, the 2 managers bursting into laughter. Not only the two managers but also Luhan.

You bit your lower lip and stopped on what you was doing. "I don't want to continue this anymore. I'll just wait at the living room until the breakfast will finish." you said without looking at any of them and stormed off to the living room.

The managers and Luhan stopped laughing by your sudden reaction. Sehun turned to Luhan, "Did I say something bad?" he innocently asked.

Luhan simply shook his head, "Ani, you didn't but I did and so they are." he said pointing at the two managers.

"You started it Luhan, remember?" M's manager snapped as K's manager nodded in agreement along with unreadable smile.

"Okay, I'll go to her." with that said, Luhan go after you. Totally confused, the other members except D.O. followed Luhan behind.

"I'll help the hyungs about The food instead." D.O. stated as the 2 managers nodded in agreement.

"Are you mad at me?" Luhan asked as he sat next to you. You shrugged and sat on the other couch as you started playing with your phone.

Luhan followed you, "Hey, are you mad?" he asked once again. "Stop annoying me and don't go near me." you said, eyes still glued at your phone.

Still confused, the other members sat on the long couch as the others on the floor staring at you and Luhan.

Luhan then snatched your phone away. You shot him a look, "Yah! Give my phone back to me!" you yelled. "No, not until you answer me." he replied.

"What?" you asked in annoyance. "Are you mad at me?" he asked. "Yes. Now, give my phone back." you replied without any hesitation.

You could here the boys reacted with an 'ohhhhhh' sounds because of your unbelievable amazingly reply.

Luhan then handed it back to you, "I'm really sorry.." you heard him whispered as he lowered his head before walking away from you and sat next to Sehun.

You lifted your head up and watched him. The sadness was appearing on his face. You started to feel guilty on what you did. Being a cold-hearted girl, you shrugged it away and continued playing on your phone.

You could feel 10 pair of eyes were glued to you. You sloely look up and saw the other members staring at you. "What?" you asked, annoyed. "Look at Luhan, he was sad beause your mad at him." Lay said. "So?" you raised an eyebrow.

EXO shook their heads in disappointment. Just then, the managers finally called all of you since the breakfast was ready.

All of you headed to the dining area and make yourselves comfortable on the seats. You

was sitting in between the two managers while Luhan sitting across you.

As you all started the food, you noticed that Luhan was eating very slow. Seems like he was still sad because of you being mad at him.

You let out a sigh and cleared your throat, "If you're not going to eat a little bit fast, I'll be forever mad at you." you said and took a bite on your food.

Everyone stops eating except you. They stared at you with wide eyes, surprised on what you had said. Slowly, a smile formed on Luhan's face. Brightened, Luhan started to eat a little bit fast with full of energy.

The others were still staring at you that made you stopped, "Aren't you guys going to eat? Or you guys want me and Luhan to eat all these foods?" you simply snapped.

"Uh-oh.." they nodded and continued their food. You shrugged as you accidentally met eyes with Luhan. He give you a bright smile as you rolled your eyes and continued your food.

Luhan pouted as he also continued eating. With another glance at Luhan, you went back to your food and secretly smiling.

CHAPTER 32

As the breakfast finished, the managers make an important excuse. "We have something important to do. We'll be gone

the whole and right back at late night, I guess. Today, EXO' free day but you guys can't go outside though. It will be dangerous if you you guys do." M's manager said.

K's manager nodded, "He's right." he turned to you, "Ms. Shim, please take of the boys while we're gone, okay?" he asked. You simply nodded.

"Okay then. We're going now." with that said, the 2 managers left. As the managers disappeared, EXO turned to you and give you a smile.

You raised an eyebrow, "What now?" you asked in irritance. "Let's have a movie marathon!" Chanyeol beamed. "Yeah!" the others cooed.

You rolled your eyes, "Go and watch. I'll go to sleep again." you said and was about to leave but someone stopped you.

Just then, you realized that you was carried by the tall man named Kris. "Yah! Put me down!" you yelled.

He ignored you and continued bringing you to the living room until he make you sat on the couch as he sat next to you. Suho then sat next on your other side. The other boys search for their seats and make themselves comfortable.

D.O. was the one who choose and set the movie that you all are going to watch. He chooses a horror film that was really a boring genre for you.

As the movie started, a yawn already escape from your mouth. The boys stared at you. "Horror films are boring." you stated. "Change it Kyungsoo hyung." Kai said.

"But I want to watch a horror

film today." D.O. snapped. "Then go watch it by yourself in our room." Kai said. D.O. pouted, "Okay, I'll change it." he then changed it to a comedy one.

"I don't like comedy either." you said. They all stared at you in surprised. "Then what genre do you want?" Xiumin asked.

"None. I don't want to watch a movie today, actually." you simply replied. "For some reason, I don't want to watch a movie today too." Suho agreed to you.

"I think I don't want to watch anymore since Haewon don't want to." Baekhyun said as he gave you a smile. You rolled your eyes, "Since some of you didn't want to watch a movie, can I go to sleep now?" you asked.

They all shook their heads quickly, "No!" they echoed. "Aish! What do you guys want now?" you asked in annoyance.

They all paused until Chen exclaimed, "Why don't we play truth or dare then?" he suggested.

You stared at him in disbelief, "Andwae—" before you could completely protest, they all agreed with Chen's suggestion. "Sounds good." Tao said.

You stood up, "Just play without me." you stated and started to walked away. "If you don't play with us, we'll going outside so that our managers will scold you." Kris snapped that made you stopped.

You froze in horror. You spun around, "Don't you guys dare—" you words was cut off by Kris again, "Be ready guys, we're going out." he announced.

The others nodded and stood up, completely agreeing on Kris idea. "Wait! I'll go play with you guys now." you blurted out.

After hearing what you said, they immediately went back to their seats and motioned you to come over. With a sigh, you did.

All of you encircled and sat on the floor with a bottle at the center. "Let's use the bottle once." Luhan started then continued, "Whoever the bottle got stop, he or she will be the first who ask truth or dare then the next one will be the person on his or her right side. Is it clear?" he asked.

All the boys nodded. Luhan raised an eyebrow to you. With another sigh, you boringly nodded.

"Okay, let's start." Luhan then spin the bottle. The motion of the bottle started to get slower. Suddenly, the bottle stops at Suho who is sitting on your right side. Means you're the last person will take the game.

"So, I think I'm the first one then." Suho said. Luhan nodded, "Yeah and Haewon will be the last." he said.

"Truth or dare?" Chen suddenly asked Suho. "Truth." Suho replied in just quick seconds. "What did you feel when some of your fans saying that you and Super Junior's Choi Siwon looks a like?"

Suho paused for a moment before answering, "Honestly, I don't think we look a like but many fans notice that. My feelings? Well, I'm fluttered that one of the members of Super Junior have a bit the same looks as me."

"Go to the next. Lay, truth or dare?" Lay paused for a while,

"I'll take the dare." he finally said.

"Good choice. Now, do your dance like what you did on your childhood days, like the video you showed in the show 'Happy Camp'." Kai said. "What? That was embarrassing if I do it here." Lay said, glancing at your way.

"But you choose a dare." Luhan snapped. Lay heaved a sigh, "Araseo." he then slowly stood up and started to dance.

As the time Lay started to dance, you couldn't help but laugh and so did the other members. After the dance, Lay sat back down and covered his red face, "That was embarrassing.." he mumbled.

Luhan elbowed him, "It's okay. Look! You make Haewon laugh." he said nodded on your way.

Lay lifted his head and saw you laughing. As much as you wanted to stop, you can't. You were still remembering lay dancing like a kid.

EXO smiled seeing your laugh. Finally, you calmed down yourself and cleared your throat, "Go continue." you motioned them.

"Uh-oh.. Yeah.. Who's next now?" Luhan asked. "It's now your turn, hyung" Sehun snapped. "Oh! It's already my turn?" Luhan asked, rubbing the back of his neck.

"Yeah, yours." Lay said. "So, truth or dare?" "Truth." Luhan replied without any hesitation.

"Is HunHan real?" Luhan stopped on that question. He glance at Sehun who is sitting next to him, he smiled and turned to faced all of you again before answering, "Maybe.."

"Yah! What kind of answer is that! You must give us a true answer." Lay snapped. "But that's the truth, right Sehunnie?" Sehun smiled and nodded.

"Now, you're turn Sehunnie." Luhan snapped. Sehun nodded, "Okay. I'll choose the truth also." he said.

"Okay, okay. Since Luhan didn't give us a good answer. Now, give us. What Luhan mean by his answer 'maybe'?" Sehun shrugged, "Umm., maybe no or maybe yes.." he replied. Luhan chuckled, "What a nice answer, Sehunnie." Luhan commented as he patted his shoulder.

"Yah! Make your answer clear." Kai snapped. "I already answer the question. Now, it's your turn Kai." Sehun snapped.

"Truth or dare?" Luhan asked. "Dare." Kai replied. "Kiss one of the member of EXO on the cheek."

"Mwo?!" Kai gasped. "You choose the dare so deal with it." Baekhyun snapped. Kai sighed, "Araseo." with that said, Kai faced D.O. who is sitting next to him and immediately kissed him on the cheek.

Eeewww you thought as your expression changed into unreadable one. "Yah! Why me?" D.O. groaned as he wiped his cheek. Kai just stucked his tounge our at his hyung.

"Your turn, hyung." Kai snapped. "Okay, I also take the dare." D.O. said. "Sing a song with a high notes." "So easy." D.O. said as he started to sing.

You stared at him as he started his song. Your mouth formed an O shape because of his beautiful voice. Just then, D.O. finished

the song as your mouth still forming an O shape.

"You amused someone here." Suho said. You closed your mouth and cleared your throat, "Go on and continue." you snapped.

"Baekhyun, truth or dare?" "Dare." he replied. "Show us your famous licking lips while looking at Haewon."

You gulped and stared at Baekhyun. He stared back and said, "Okay, okay." then he did.

You swallowed hard and looked away, *Why so hot here? Oh My God!*

Baekhyun smirked, "You're turn now, Yeol." he said. "I'll take the truth." Chanyeol said.

"Who is your favorite member of EXO if you were a fan?" Chanyeol paused and think before saying, "Baekhyun because he is talented. I'm not saying that you guys are not talented. It just that—" he was cut off.

"Okay, okay. We already understand. You're close to him and we understand that." Suho snapped. Chanyeol pouted. Baekhyun patted his back and give him a smile.

"Stop lovey dovey here. Now, Chen's turn." Kris said. "Truth or dare?" "Dare." Chen replied.

"Go sing a song for Haewon." Chen cleared his throat and started the song called 'Baby, don't cry'. As Chen started his song, your heart started to melt because of how he delivered the song well from the beginning until the song ended.

EXO stared at you, studying

your expression. Satisfied, the game continued. "Next, Baozi!" Luhan beamed. Xiumin shot him a look then rolled his eyes. "I'll take the dare." he stated.

"Show us your baozi aegyo." Luhan said. Xiumin rolled his eyes again but did as told.

Cute. you thought, not letting yourself to let out a giggle.

"Tao, you're next. Truth or dare?" "Dare" "Show us some martial arts and also your aegyo that every girl want to see." Tao nodded and stood up. First he did the martial arts that he always shows to everyone then the next one he did is his aegyo.

Super cute. you squealed in your mind.

"Now, you're turn Kris hyung." Tao said. Kris nodded, "Dare." he said.

"Please speak in English, Cantonese, Mandarin and Korean." Kris cleared his throat as he did.

Woah! What a smart guy. you thought, amazed.

"Last but not the least, Haewon. Truth or dare?" they cooed. You suddenly gulped, realizing that it's now your turn. You paused and said, "Truth."

EXO paused on it before asking,

"Why did you hate us?"

CHAPTER 33

"Why did you hate us?"

That question made you stunned on your tracks. EXO's eyes were glued to you with curiosity. You started to feel uneasy by that time.

Moment later, you cleared your throat and finally open your mouth to speak. "To be honest, I don't hate you guys.." you started that made EXO brightened. But then you continued, "But I didn't say that I like you guys either."

They give you a confused look. "What do you mean by that?" D.O. asked. "What I mean is, you guys are just a normal people to me. Nothing special." you stated.

"According to your statement, seems like you do hate us." Xiumin commented in a sad tone. "Honestly, I hate you guys." you trailed off.

EXO stared at you with wide eyes. Then you continued, "In our first meeting and I could feel that it doesn't the same anymore. Day by day, that hatred started to vanish." you said.

"So, you like us now?" Luhan asked, excited. You shook your head, "No. I don't like you guys but I don't hate you guys either." you said, repeating what you had said earlier.

"Then—" Baekhyun was about to throw you another question

but you cut him off, "You guys already asking me lots of questions. Be fair. So, I think this game was already finished, huh?" You stood up, "I'm going back to sleep now." you said and walked away without turning back. You headed to your room and take a nap.

The boys left there, dumbfounded. Though you gave them an answer, it wasn't clear enough for them to understand. You actually left them hanging with your confusing answer.

Days had passed. It's been a week already since EXO-K came to China. Now, their visit at China ended.

"Everyone, EXO-K will go back to Korea tomorrow and continue their career there since that place is their target actually." M's manager announced.

EXO nodded in understanding as you sat there, waiting for the conversation to end. "Another thing," K's manager snapped.

All the pair of eyes focus on him and then he continued, "Ms. Shim will go back with us." he blurted out that made EXO especially EXO-M, eyes widen.

"Me? Going back to Korea?" you excitedly asked with a smile on your face. Both K and M manager nodded.

"Mr. Lee Sooman told us to bring you back to Korea. He told us that you must already miss your mom there and your best friend." K's manager said as you nodded, beaming.

EXO-M gaze at you with sadness. You could feel the atmosphere became different. Your eyes found the expressions

of EXO-M members. You felt sad because of their reaction.

"So now, go to bed and sleep. We still have to wake up early in the morning because of the flight." K's manager said.

"EXO-M, you guys also. You'll be having an interview on the morning show." M's manager said. With that, the two managers left.

"Come on everyone. Let's go to bed now." Suho said as the other EXO-K's member nodded.

Still, EXO-M's expression didn't change. You glance at them, sadly. You bit your bottom lip, *I hope I made the right decision.*

You took a deep breath before blurting out, "You guys can sleep with me in one room tonight if you guys want."

They stopped on their tracks and stared at you in surprise. "We can sleep with you tonight?" Baekhyun asked, super excited.

You shook your head, "Not you guys," you pointed at EXO-K then to EXO-M, "Only the members of EXO-M allow to sleep in the same room with me tonight since I'm going to leave China tomorrow." you snapped.

Baekhyun pouted along with the other EXO-K's members. While EXO-M was happily beaming at you. They almost cried in happiness because of what you had offer to them.

"So, are you guys want to sleep with me or not?" you asked, peeking at EXO-M. They all nodded like a puppy.

You shrugged and stood up, "Okay then. Let's go to sleep." you said and was about to

walked towards Xiumin's and Tao's room but Kris snapped you.

"Let's use our room since that's the biggest among all the rooms here." Kris said that made you stopped halfway. "Sure." you replied and continued walking to the way to Kris' and Chen's room.

With that, EXO-M followed you with full of happiness. EXO-K on the other hand, sadly went to their room. Baekhyun and Chanyeol together. Suho and Sehun together. Then Kai and D.O. together.

CHAPTER 34

As you and EXO-M stepped inside the room, the boys got excited. You frowned when you saw that there are only 2 beds inside the room. The boys immediately noticed your expression.

"Let's sleep on the floor all together, shall we?" Tao suggested. The boys paused and slowly turned to you, peeking out your reaction.

"I think that's a good idea." you finally said as you walked forward. The boys stared at you with wide eyes, as if they heard your statement wrong.

You turned around and faced them. You raised an eyebrow, "Are you guys planning to stand there the whole night or something?" you blurted out.

They all shook their heads in unison and walked towards you. "Let's move the beds aside first before we settle our place on

the floor." Kris suggested.

You nodded, "Okay, that will be good." you said with a smile. The boys jaws dropped upon seeing you smiling. Your smile fade away and changed it with a frown. "Close all your mouths before the flies went inside of that." you snapped.

They all closed their mouths and swallowed hard. *Weird.* that was all on their minds because of your sudden changed of action.

The boys help each other on moving the beds to the corner. After that, all of you settled the blankets on the floor.

"You know what? You're different just now.." Chen suddenly split out. You paused on your tracks and turned to him. Chen gulped as the boys stared at the two of you in horror.

"So, you want me to ignore you guys tonight?" you snapped. Chen quickly shook his head, "Ani. That's not what I mean. It's just that, you're nice just now." he replied.

"Now, you're saying I'm not nice?" you raised an eyebrow. Chen shook his head once again, "Ani. Yes, you're nice but not to us." he said.

You made paused on it and glued your eyes to the blankets that were flatted on the floor.

Luhan let out a yawn that broke the silence, "We should sleep now." he said. You looked up and saw the boys nodded. "How about our arrangement?" Xiumin suddenly asked.

The boys looked at each other then turned to you, "On what place do you want to sleep?" Kris asked. You stared at them

for a moment until Chen spoke, "Center will be a better place for you so we can have a talk with you a little longer." he suggested.

You stared at Chen for a moment before giving him a smile, "Araseo! I'll take the center spot." you said. The boys stared at you in surprised. "Are you sure?" Lay asked.

Without any hesitation, you nodded. "Ne, I'm pretty sure. Also," you trailed off. EXO-M focused on you, waiting for you to continue. "I want to sleep in between Lay and Kris." you finished your sentence.

Both Lay and Kris stared at you in surprise yet happy. You could see the other boys pouted in disappointment.

"Why do you want to sleep next to them?" Luhan asked with a pout. You shrugged, "I just want to." you replied coolly.

Chen sighed, "It's her decision, we must respect it." he stated. Kris and Lay nodded in unison, grinning with happiness.

The boys rolled their eyes to their leader and lead dancer. With a shook of head, you carefully laid on the blankets and let yourself comfortable on your spot.

As the boys saw you already lying, they also did. Lay on your left side as Kris on your right side. Tao next to Kris and Chen next to Tao. Luhan next to Lay and Xiumin next to Luhan.

All of you stared at the ceiling with the atmosphere filled of silence. "Can I ask you guys something?" you suddenly split out. The boys glance at your direction as you keep staring at the ceiling.

EXO-M looked at each other before nodding to each other. "Go on." Lay said as the boys went back to stare at the ceiling.

"Why are you guys so nice to me?" you asked. They all paused on it then Kris started, "To be honest, we don't know either. Maybe because ourselves voluntarily wanted to be nice towards you." he replied.

"You know, you guys should stop being nice to me.." you said. "Why so?" Luhan asked. "Because I don't deserves to receive a threat like that. I can't reply you guys the same threat like how you guys doing to me." you replied.

"But we're not asking for you to be nice to us." Tao said. "And if you didn't notice, you're already nice to us. Like Chen said earlier, you're nice to us right now. You're now talking to us than usual." Xiumin snapped.

You paused before hering his statement. But then, Chen spoke. "And I'm already happy to see a nice Haewon, even only in one night, tonight."

"Not only us, EXO-M but also EXO-K will be happy if you threat them nicely even for one day." Lay added.

You let out a sigh, "It's getting late. We should sleep now. Umm.. Can you guys sing a song for me before I sleep?" you asked.

"Sure.." with that, they started singing their song 'Into Your World'. Both Kris and Tao sing along, second voicing.

A smile appeared on your face upon hearing their beautiful voices LIVE. Every fangirl would squeal because they're singing LIVE near you.

Moments later, the song ended. "At first, I thought you guys are bad performers but I guess I'm wrong.." you whispered but loud enough for them to hear.

They froze upon hearing your statement. With a slow motion, they turned to you but you was already visited the dreamland.

"Jalja~" they sang and with a smile, EXO-M closed their eyes then drifted off to sleep.

CHAPTER 35

Morning came. You woke next morning, lying on a bed. You frowned, *How did I end up here?* you thought.

"Oh! You're finally awake." you suddenly heard a voice said. You turned to the voice's direction and saw Luhan standing there with his wet hair.

"Where's the others? And how did I end up here?" you asked. "About that, Kris carried you to his bed because we noticed that you're not comfortable on your position that's why.." he explained.

"And the others?" you asked once again. "They're getting ready for the morning show. I just finished taking a bath so I went here to check you up. Now, you're awake. You should prepare yourself." he muttered.

You raised an eyebrow, "Wae?" you asked, completely confused. "Don't you remember? You're flight with EXO-K on coming back to Korea is scheduled today." Luhan reminded.

"Right! I almost forgot." you then jumped off the bed but lost your balance. Luckily, Luhan was there and caught you in time.

"Be careful." Luhan said as he help you to stand up straight. "Oh.. Gomawo." with that said, stormed off the room and headed to the bathroom.

Luhan watched you walked away, *That's the first time, first time hearing her thanking to anyone of us.* he thought but smiled.

As you finished taking a bath, you started packing up your things on going back to Korea, your hometown.

"Ready now Ms. Shim?" K's manager asked. You beamed and nodded. Just then, EXO-K came out with a smile on their faces.

You rolled your eyes upon seeing their happy faces. For some reason, you don't want to go back to Korea yet.

Just then, EXO-M came out with their manager. EXO-M wasn't happy at all. They did really enjoyed being with you here in China.

You gaze at them before walking towards them. "Yah! Lightened up! The fans will be sad if they saw you guys in the morning show with that looks on your faces." you said.

EXO-M looked at you in surprise and so did EXO-K. The managers glance at each other and smiled playfully upon seeing the different Haewon.

With that, EXO-M smiled brightly at you. "We'll going to see each other again, right?"

Lay asked, peeking at you. You nodded, "Of course! I'm EXO's personal assistant, remember?" you replied.

"Yeah. She's right. She's our personal assistant so she will always stick with us but for now, she need to stay with EXO-K." Kris said. You smiled at him in understanding.

"So.. I think this is a goodbye for now." you trailed off. "Can we hug you?" Tao slowly asked. You paused and remained silent for a while.

"Oh.. It's okay if you don't want to.." Tao said with a pout. You looked up and smiled, "You guys are allowed to hug me." you blurted out.

EXO-M's eyes widen but Tao is wider. With a jump, Tao immediately hugged you. You startled by his sudden action but chuckled at the same time.

"We will miss you.." Tao said with a sad tone. You patted his back, "We will still see each other soon.." you said. Tao broke the hug, "See you soon then.." he said with a smile. You smiled back and nodded.

The next person who hug you is Chen. "When the time we see each other again, I'll sing you another song." he whispered between the hug. You broke the hug and stared at him, "Really?" you asked.

Chen smiled and nodded, "I promise." he said raising his right hand, showing the sign of his promise. "Okay then. I'll wait for that." you said.

Then Lay hugged you next. "We didn't talk much unlike the other members so I hope we can have a long conversation for our next meeting.." he said. You nodded, "Okay, we will.." you replied.

With a smile, Lay pulled back as Kris hugged you next. "You're so tall." you commented that made the other members even EXO-K burst into laughter.

"And you're so short." Kris snapped. You rolled your eyes but smiled. "We will miss you," he paused, "a lot.. We will miss your bad attitude towards us." he said. You released yourself from his hug and give him a glare, "So you still want me to be bad towards you huh? Okay then, just wait until we meet again." you said and smirked.

"Mwo—" Kris didn't finished his sentence because Xiumin already hugging you. "I'm different with Kris. I like the new Haewon more. So please don't change towards me hmm?" Xiumin whispered.

You smiled and nodded, "Dae.. Baozi.." you replied. Xiumin boke the hug, "Baozi?" he frowned. "I keep hearing it from Luhan so I thought that's your nickname.." you explained.

Xiumin shot Luhan a look. Luhan shrugged, "I didn't told her to call you by that name." he defended an walked towards to give you a hug.

"We will miss you. I hope you'll be okay there when we're busy here." Luhan said. You nodded, "Yeah.. I hope so too. I hope you guys will do great here in China too." you replied.

"Ne, we will do our very best. And," Luhan lean closer to your ear, "Keep calling Xiumin a Baozi because it's more fit with him. Baozi, little bun." he whispered then pulled back.

You chuckled and give him a nod. You glance at Xiumin and giggled. Xiumin give Luhan a look, "What did you say to her?"

Luhan shrugged, "Nothing."

"Okay, okay.. Stop that. You guys will going to be late if you don't leave now. The morning show will start soon." M's manager reminded EXO-M.

"Right! let's go now!" Luhan said as Xiumin rolled his eyes on him. Luhan stucked his tongue out to him as Xiumin made a face. You chuckled by their childish act and shook your head.

"We need to go now also." K's manager said. EXO-K and you nodded. With that, all of you stepped out the door.

CHAPTER 36

You waved a last goodbye to EXO-M before entering the van with EXO-K and K's manager. With that, the van that EXO-M using droved off.

Next soon, the van that you were using also droved off. You were smiling that time, remembering the childish act of EXO-M.

Suddenly, someone poke your shoulder. You turned to your side and saw Baekhyun. Your smile fell, "What?" you asked, annoyed. "Why are you nice to them but not to us?" he pointed out.

You made a pause on it. You then shrugged, "Quit asking. I don't want to talk for now." you replied then glance at the window.

Baekhyun pouted then went back to Chanyeol. "What did she say?" Chanyeol asked.

Baekhyun sadly shook his head, "Nothing, as usual."

EXO-K face fell and decided to not bother you.

Moments later, the van finally stopped. All of you including the manager stepped out the car. With that, all of you headed to the plane and entered it.

You was the last person who enter the plane among all you 8. You look around, searching for a better place. There are only two vacant seats there. Unluckily, the one is in between D.O. and Suho and the other one is in between Chanyeol and Baekhyun.

You facepalmed yourself upon seeing those vacant seats. That time, Chanyeol, Baekhyun, Suho and D.O. were brightly smiling at you, hoping that you could seat next to them.

With a sigh, you dragged your foot forward until you reach the center of the seats. You glance left to right, thinking of the right spot to sit on.

Just then, Chanyeol reach your wrist. You turned to him and raised an eyebrow, "You can sit next to us." Chanyeol said gesturing the seat in between him and Baekhyun. You saw Baekhyun smiled and nodded. The manager was sitting to Baekhyun with his eyes closed.

You shrugged then give them a smile. BaekYeol excitedly beamed when they saw you smile, knowing that you would sit in between them but no.

You twisted your wrist, escaping from Chanyeol's grip. "Sorry but I'd rather choose to sit in between Suho and D.O. than you guys." with that, you turned to Suho's and D.O.'s direction then sat in between them.

BaekYeol pouted upon witnessing your walking away from them.

"Good choice!" Suho said as D.O. nodded on agreement. You rolled your eyes, "Make sure that I made the right choice." you whispered and closed your eyes. Just then, you heard voices giggling. You turned to your right and saw both Kai and Sehun giggling with happiness.

"Well.. I guess this is a wrong place." you said with a sigh after seeing Kai sitting next to D.O. and Sehun next to Kai.

"As if you can take to sit between those derps." D.O. snapped, nodding at Baekhyun's and Chanyeol's direction.

With another sigh, you closed your eyes. "Sleep will be the one that can help me.." Suho chuckled and so did D.O. Soon, you drifted off to sleep.

Slowly, your eyes open. You looked around and saw EXO-K except D.O. sleeping. You turned to D.O. and realized that he was listening to his ipod with an earphone on his ears.

D.O.'s back and head was comfortably resting to his seat. He was like Chen when it comes to music. They both love hearing music but the different is, Chen was listening to music with eyes closed but for D.O., he's eyes were open.
Correction: WIDE OPEN just like his name, D.O

You keep examining his action and study his eyes also, studying if it is going to blink or not. Unbelievably, it's not.

"Quit staring." D.O. suddenly spoke. You froze, right on your

spot. You then cleared your throat and shrugged, "I'm not." you said, looking away.

D.O. turned to you as he removed one the earphone on his left ear, "You are." he said. You looked back at him and was about to say something but you suddenly burst onto laughter upon seeing his wide eyes just in front of you.

D.O. frowned, "Yah! What are you laughing at?" he asked in confusion. You tried to speak but your laugh stopping you to do so. All you just did was pointing at him a you continued laughing that cause the other wake up.

"What's happening?" Suho asked while rubbing his eyes. Kai give D.O. a confused look but all D.O. was shook hi head since he have no idea of your laugh also.

BaekYeol which is sitting across your seats, took a peek on you. They glance at each other in confusion. "What's that?" Chanyeol asked. Baekhyun shook his head, "Molla.."

D.O. then held your shoulder, "Yah! Stop laughing. People will be mistaken you as a crazy girl." he said. Finally, you managed to stop on laughing and calm down.

D.O. raised an eyebrow, "What exactly happen to you? You just burst into laughter without a reason." he said. "Who says my laughter has no reason?" you snapped.

He raised an eyebrow, "So, what is the reason then?" he asked. "Your eyes." you said, loud enough for all the members of EXO-K to hear.

With that statement, EXO-K burst into laughter upon hearing

your straightforward answer. D.O. shot his co-members a look that made their stopped laughing.

Then he turned to you, "You one crazy girl." he said. "Psh! I'm not crazy. It's just that, your eyes were big. Haha!" you said, letting out a short laugh that made the other chuckled before going back to sleep.

Embarrassed, D.O rested back on his seat and put back his earphone to his left ear then closed his eyes, not wanting you to make fun with him anymore.

With another chuckle, you glance at him then grabbed the earphone from his left ear. D.O.'s eye popped open as he turned to you, "Yah! What was that?!" he hissed.

But your eyes were closed as your head was resting on your seat. The earphone was already stuck on your right ear. "Don't stare at me or I'll burst into laughter again." you snapped, still eyes closed.

"Give me first my earphone." he said. "I want to listen to music before I sleep. You have one earphone so let me have this one for a moment. You can freely remove it when I'm completely fall asleep." you said with eyes closed.

Hearing your reason, D.O. let you shared with his earphone. He then changed his earphone from his right ear to his left so it will be compatible to each other.

Soon enough, you drifted off to asleep. D.O. doesn't want to bother you anymore so he let the earphone remained on your ear and soon, D.O. followed you to dreamland.

CHAPTER 37

You were busy dreaming about SHINee when you felt someone shook you, completely interrupting your beautiful dream.

Your eyes popped open and saw Suho's face in front of you. "Wae?" you asked in annoyance. "We're already here~" he said. You glance at the window and realized that Suho was right. Just then, you felt a thing dropped down from your ear. You realized that it was D.O.'s earphone and the song that was currently playing was SHINee's Sherlock.

Now, you found out why you have a dream with SHINee. Suho then shook D.O., who is sitting next to you. As D.O. open his eyes, the sight of you greeted him.

You raised an eyebrow. D.O. rolled his eyes and completely removed the earphones on his left ear. He turned off his ipod and keep it to his bag.

With that, the others woke up also. All of you then exited the plane and headed to the ready-van that was waiting in front of Seoul Airport.

There are lots of fan waiting outside. The manager and the other staffs that was working at SMEnt make their way to hide you, not wanting the fans to see you. The reason is, you're too young to work with an idol with quite same age as you because fans will hate that.

Luckily, you reach the van safely. As all the members of EXO-K finally inside the van, it droved off towards the SM

Building.

"How was the trip?" Sooman greeted you a question. You raised an eyebrow, "What did you expect?" you asked back.

Sooman chuckled by your unbelievable answer. "You still the Shim Haewon I meet the first time." he commented. "Yeah and I will forever be the Shim Haewon you know." you snapped.

"So, okay! No work today. You can go back to your house now. Your mom was probably waiting for you." Sooman said. You nodded and stood up then grabbed your bag and walked away, without saying any words to him.

"How about us?" Suho asked Sooman. "No schedule today so you can go back to the dorm and take some rest." Sooman replied. EXO-K nodded and bowed to Sooman before leaving.

"Get in Agashi." the driver said as he open the van door for you. You didn't hesitate to refuse the offer so you just entered the van without saying a word.

Just then, EXO-K followed inside in just quick time. You frowned, "Aren't you guys busy today?" you asked.

They shook their heads. "No, not today. It's rest day!" Kai exclaimed as Sehun beamed and nodded.

You rolled your eyes, "Whatever!" you whispered and turned to face the window. Then the van droved off.

Moments later, the van finally stopped. As you open the van, you saw a familiar figure walking towards your house. *Baekhee?*

Just then, the main door of your house slided open. Your mom went out. She quickly noticed your presence as she smiled. "Haewon-ah!" he called happily.

The figure then spun around and revealed the face of your bestfriend, Baekhee. A smile formed on her face. "Omo! Haewon-ah, you're back!" she beamed as she run to you and give you a tight hug.

You hugged her back, "Yeah! I've finally back!" you whispered. Both of you pulled back, "You'll never know how I and your mom miss you.." she said as you glance at you mom who was walking towards you. "Wait! How did you know I'm living here?" you suddenly snapped.

"I saw her the other day at the grocery and I told her our address." your mom said. You nodded in understanding. "We miss you Haewon-ah.." Baekhee said once again.

You softened, "I also miss you Baekhee. You too, omma.." you admitted. Your mom give you a nod, "I'm happy to see my daughter again." she said and give you a warm hug.

You hugged her back, "Nado." you said. Baekhee watched the scene with a smile on her face.

As you broke the hug, EXO-K suddenly came out from the van. Baekhee's eyes sparkled because of the sight in front of her, "EXO-K.." you heard her whispered.

You rolled your eyes, "Let's go inside the house. I wanted to

take some rest." you said.
"Wait. Introduce me first to them." Baekhee said, whispering.

You firmly shook your head,
"Ani, I don't want to." you said.
Baekhee made a face, "Aigoo!
I'll just introduce myself then."

Baekhee turned to EXO-K and smiled, "Annyeong haseyo!
Baekhee-imnida. I'm Haewon's bestfriend if you guys didn't know. I'm also fan of EXO." she beamed excitedly.

EXO-K give her a warm smile.
"Hello! It's nice to meet a fan like you." Suho said. Baekhee blushed upon hearing Suho speak.

You shook your head because of your bestfriend's reaction. Until then, you heard D.O. commented, "You're completely different to her. You're too lovely to be her bestfriend. You're our fan but she's a anti-fan."

You narrowed your eyes to D.O. then rolled your eyes. "Yah! Don't talk about Haewon like that." Baekhyun defended you. "Yeah. Baek is right. Plus, she's our personal assistant." Chanyeol added as both Kai and Sehun nodded in unison.

For some reason, a smile suddenly formed on your face upon witnessing on how they defend you. You smirked at D.O. and said, "Sorry but you're friends was on my side." D.O. made a face.

"Cute." Baekhee said and giggled as she saw D.O.'s expression. "Well.. but atleast you're bestfriend like me." he said.

You rolled your eyes,
"Whatever! Come on Baekhee, omma. Let's go inside." you said

as you dragged them to go inside the house.

CHAPTER 38

The next day. You woke up early to get ready for your daily routine, jogging. You wears your usual outfit when you was jogging before leaving the house.

Since your mom is still sleeping, you don't bother to wake her up and skipped the house silently. The atmosphere was cold yet the sky was still a little dark colored.

It was Saturday, means no classes. You're free to do anything today. Spend more time outside the house. You did really miss Korea so you want to go around like you always do.

As you started to jogging, a figure suddenly appeared beside you. You automatically stopped and so did the figure. You then turned to your side and saw a smiling Baekhyun. "What are you doing?" you asked.

"Jogging." he simply replied. You rolled your eyes, "I know. But are you trying to go jogging with me again?" you asked, annoyed. He simply nodded, "You promised me this so you must do it." he snapped.

You raised an eyebrow, "Mwo? I don't remember that I promised you anything. You're just the only one who promised this to yourself. That was a big difference." you said, rolling your eyes on him.

"Well.. There's no difference to me." he snapped with a smile.

You rolled your eyes once again.

"And I'm going too." a voice from your other side said. You turned to your other side and saw Chanyeol's creepy face right in front of your face. You startled and jumped a little.

"Yah! Keep a distance!" you hissed as you pushed him away but Chanyeol still managed to smile. You raised an eyebrow, "What are you doing here?" you asked in annoyance.

"Jogging." he copied Baekhyun answer. You facepalmed yourself. "Whatever!" you said and started on jogging. Baekhyun and Chanyeol glance at each other before following you on jogging.

You tried to ignore them and went to the opposite side but as you always try to escape, BaekYeol immediately followed you. Without a choice, you let them followed wherever you go.

Accidentally, you stepped on a rock that made you lost your balance and fell down. BaekYeol was busy following you and didn't caught you in time.

Now, both of your knees were bleeding since you're only wearing a shorts. BaekYeol stooped down at you, "Gwenchana?" they asked in unison.

Annoyed, you shot them a look and said. "I'm fine. Now, leave me alone." you said trying to ease the pain the you were feeling. "No, you don't look alright." with that said, Baekhyun grabbed your arm and hoped your to his back. Your eyes widen in shock, "Yah! What are you doing?" you asked, still in shocked. You were trying to escape but you he was already carrying you om his back.

"You're bleeding and we need to cure it before it get infected." he said. "I'll go buy a medicine and something to put on her bleeding knees." Chanyeol said.

Baekhyun nodded, "Okay. Let's meet on the usual place." he said. Chanyeol nodded. With that, Chanyeol runaway to the near pharmacy as Baekhyun walked to the opposite direction, still carrying you.

"Yah! Put me down!" you yelled. "Shhh! Don't be too loud or the people will notice me." he whispered.

You stopped and look around. There are so many people around. You looked dowb to Baekhyun. He was walking with a head down, not wanting the others to recognize him.

Minutes later, Baekhyun stopped at one peaceful place. No people around, only the two of you. There's one tree and a fresh river there.

Baekhyun walk towards the tree and gently put you down under the tree. He then sat next to you. "Is it hurting so much?" he asked in a worried tone, gazing at your bleeding knees.

You stared at him as he looked at your knees worriedly. You softened, "I'm okay. It's only my knees that bleeding which is very far to heart. It's not like I'm going to die." you joked with a chuckled.

Baekhyun give you a serious look, "Far to heart but you're still feeling hurt." he snapped. You gulped then lowered your head, "I was just joking.." you whispered.

"You're joke isn't good though." he said. You looked up at him. A worried expression was still on

his face. You bit your bottom lip, "Okay. I know this isn't the right time for my joke. Don't worry too much. I'm really okay.." you assured him as you flashed him a smile.

Baekhyun finally smiled, "That's good to hear." then Chanyeol finally came. He was running while holding a small plastic bag on his hand.

"Where's the medicine?" Baekhyun asked. "Here!" Chanyeol showed up the small plastic bag. He then pulled out the medicine, alcohol and cotton.

Both Chanyeol and Baekhyun started working on your bleeding knees. Baekhyun on the left while Chanyeol on the right.

"Ow!" you winced in pain. "Mian. Wait a little, it almost done." Chanyeol said, assuring you with a smile. You nodded, believing him.

Moments later, they finally done. Your knees have already something on it to secure the scratch om your knees. With that, BaekYeol sat on your both sides.

"Gomawo.." you suddenly split out. BaekYeol gaze at you and smiled. "It's nothing. It's our fault anyways.." Chanyeol said.

"Okay.. If you say so." you simply replied. Baekhyun and Chanyeol lolked at each other then chuckled by your brilliant answer.

"You're still our anti-fan. Only EXO-K's anti-fan because I think you're a fan of EXO-M now.." Baekhyun said.

You paused on it but then said, "So? I think EXO-M is better than you guys." you simply spit

it out. "Woah! You're really unbelievable!" Chanyeol commented.

"I want to ask you first, did you already watch us performing?" Baekhyun asked. "Of course! I'm your personal assistant, remember?" you pointed out.

"Yeah! She has a point." Chanyeol said. "But still, you're not amaze at us, EXO-K?" Baekhyun asked. You shook your head, "No, not at all."

BaekYeol's jaws dropped. You was too prank by your answers. You even answer it in front of them. They shook their heads, amused by your answers then gaze to the river.

Silence filled the atmosphere.

"Where is this place by the way? And how come no one around here besides us?" you suddenly asked, broking the silence.

"EXO Planet." BaekYeol replied in unison. "Mwo?!" you gasped, confused.

"We called this EXO Planet because this is like our planet. Only EXO know this place but now, you also did." Baekhyun said. "We used to go here when we're still in trainee days. After practice, we got to go here to take some rest. This place was peaceful, this place was like a different place, a different planet that no one could ever enter but EXO only but we allowed you to be here." Chanyeol added.

You looked around, *True. This place was peaceful and different to the other place. I never knew EXO was really close to each other before they debuted. Not only they're talented, but also friendly and caring to each other.* you thought.

"Do you want us to show you our talent?" Chanyeol asked. You snapped out your thoughts and looked at him, "Hmm?"

Instead of giving you an answer, BaekYeol stood up and went near the river then faced you. With a smile, Baekhyun started to sing until Chanyeol came up for his rap.

To be honest, this is the first you heard them sing LIVE. You couldn't believe that Baekhyun has a beautiful and powerful voice and Chanyeol on the other hand was really good in rapping.

Without you knowing, you were already smiling because of their little performance. They even did a funny dance. They may look like a derp but their performance was cute. BaekYeol together was too cute to see performing together.

I guess I'm a BaekYeol fan now.. that was what you said on your mind as your smile didn't fade away upon seeing BaekYeol's LIVE performance.

CHAPTER 39

"Are you sure you can walk to the dorm in that situation?" Chanyeol worriedly asked as the 3 of you decided to go back.

You nodded, "Yeah! I'm sure." you said as you flashed him a smile, assuring him that you were really okay. You then started to walk but fell as you accidentally lost your balance.

Luckily, Baekhyun caught you in time. "I don't think you're okay." he said. "Uh-oh.." you bit your lower lip, not knowing

what to reply to him.

"I'll carry you." Baekhyun said. "I think I'm the one who needs to carry her this time. You already carry her on the way here. To be fair, I'll carry her." Chanyeol snapped.

Baekhyun turned to him, "You sure, Yeol?" he asked. Chanyeol turned to you and smiled. He then nodded, "I'm pretty sure." he replied.

Baekhyun nodded, "Okay then. Get on Haewon-ah.." he said. You shook your head, "Ani.. I'm really okay." you snapped. Chanyeol grabbed your arm and caused you to hop on his back.

Before you could protest again, Chanyeol was already giving you a piggy back ride as Baekhyun walked beside Chanyeol and you.

"Be careful Yeol. People might recognize us." Baekhyun whispered. Chanyeol nodded as he lowered his head while Baekhyun did the same.

Moments later, the 3 of you finally reached the neighborhood that you were living at.

"Do you want to eat with us for lunch?" Chanyeol asked you. You shook your head, "Ani. Omma is waiting for me for sure." you replied.

Chanyeol and Baekhyun glanced at each other then nodded. "Okay. Let us bring you inside your house then." Baekhyun said as Chanyeol made his way inside the house and Baekhyun followed.

As the 3 of you stepped inside the house, 4 boys greeted you. "Annyeong—" the rest of EXO-K stopped on their tracks when they saw the bandage on your

knees.

"Omo! What happened?" "Did it hurt so much?" "Gwenchana?" "Did these two do something bad to you?" was all their reaction.

Chanyeol gently put you down on the couch. "What are you guys doing here?" you asked.

Just then, you heard your mom's voice. "Lunch is ready~" she called as she popped out from the kitchen. "Omma.." you said.

"Oh! You're finally back." your mom said as she walked towards you. "Omo! What happened to your knees?" she asked worriedly as she noticed the bandage as she sat next to you.

You ignored her question and asked her, "What are they doing here?" you asked. "Oh! They want to eat lunch with us. Perfectly, you're now here but what exactly happened to you?" she asked again.

You looked down to your knees and bit your lip, "Uh-oh.." you couldn't find a right word to reply.

"Baekhyun and Chanyeol, what have you done to her?" Suho suddenly cursed. BaekYeol shook their heads. "You two, let's talk." Suho said.

But you stopped him and said, "It's not their fault. I'm so clumsy that I accidentally stepped on a rock and lost my balance. That's why so don't blame them." you snapped.

BaekYeol looked at you in surprise and so did the other members. "Woah! Did you hear her?" you heard Kai said. Sehun nodded, "Yeah! Noona defended BaekYeol." he said.

Suho turned to BaekYeol, "What did you two do to her to make her defend you two?" he asked. "We did nothing." Baekhyun replied as Chanyeol smiled.

"Yah! I already told you guys that I cause this by myself. No one need to blame here but just myself." you defended again.

D.O. stared at you with wide eyes when he heard you defended BaekYeol for the second time. "Let's just eat, shall we?" you snapped and turned to your mom, "Om妈?"

Your mom nodded as she clapped her hands together, "Okay! Let's eat!" she beamed as you nodded and stood up. Your mom helped you walk to the dining area as the boys followed.

All of you found a place to sit as you sat next to your mom. BaekYeol together as always. Surprisingly, D.O. sat next to you.

You were busy watching BaekYeol's childishness so you didn't realize that D.O. was the person sitting next to you. You let out a giggle when you saw BaekYeol fooling around to each other.

"You like them now huh?" you suddenly heard a voice that made you startled. You turned to your side and saw D.O. with the same wide eyes. This time, you finally got used to it so you controlled yourself to not laugh.

"Eh?" you gasped. "BaekYeol, you're fan of them now, aren't you?" he said. You bit your bottom lip and decided to remain silent.

D.O. cleared his throat, "Gwenchana?" he asked,

changing the topic. You looked up, "Eh?" you suddenly gasped. "Your knees, is it still hurts?" he asked. You could feel the worry on his voice. You softened as you nodded, "Ne, I'm perfectly fine."

D.O. smiled, "That's good to hear." he then faced the food. He got some and placed it on your plate. "Eat this. I cooked this." he said. You frowned, "You cook? I thought om妈 did.." you said as you turned to your mom. "I just settled the table but D.O. voluntarily cooked for us." your mom said.

You nodded in understanding. "You should eat now noonah. Kyungsoo hyung's cooking is daebak!" Sehun said as Kai showed two thumbs up.

You turned back to D.O. He smiled, "Eat a lot." he said while placing the food on your plate. "You're nice today." you mumbled.

D.O. stared at you, "Eh?" You shook your head and smiled, "I said thank you." you said and took a bite of the food.

"How is it?" D.O. asked, peeking at you. "Good right?" you heard Suho say. You swallowed the food until you broke into a bright smile, "Jjang!" you beamed.

Your mom also took a bite, "Woah! You're good in cooking, kid." she commented. D.O. rubbed the back of his neck, "Oh.. Gomawo.." he said.

"Aigoo! Kyungsoo is one shy boy!" BaekYeol teased, cooed. D.O. shot them a look as you chuckled but continued eating. Seeing you eating the food with a smile, D.O. started his food also until all of you finished the food.

With that, EXO-K waved goodbye to you and your mom before leaving the house and went back to their dorm.

CHAPTER 40

It was Monday, means you need to attend school. As you were finally prepared, you hopped your bag on your bag and waved goodbye to your mom before leaving the house.

Just when you stepped out the house, you saw the back of your best friend facing you, waiting in front of your house. You brightened, "Baekhee-ah!" you called.

Baekhee spun around and smiled as she saw you. "Ready for school?" she asked. You beamed and nodded.

"You missed a lot of things in school now.." she said. "Yeah.." you said with a sigh.

"Oh wait! Why did you wait here by the way?" you asked. Baekhee raised an eyebrow, "To fetch you of course! Can't I walk to school with my best friend?"

"I know. What I mean is, this place is far in our school and you wait here early to fetch me? What if you get late?" you asked, worried for your best friend. "You mean us." she snapped.

You gave her a worried look, "Look, we should go now before we get late." you said with a sigh. Baekhee smiled, "I won't mind if we get late." she said normally.

You turned to her, "What?" you

asked with a frown forming on your face. She smiled again, "Because I also won't mind if I get detention with my bestfriend." she replied.

You softened. Upon hearing those words coming from your bestfriend, you couldn't help it but smiled. "Okay, Be ready for our detention then." you said and started to walk. Baekhee beamed as she slidded her arm to yours.

With that, both of you headed to the Bus Stop and ride it on the way to the school.

"Ms. Shim and Ms. Yoon, detention!" your teacher said right after you and Baekhee entered the classroom.

Both you and Baekhee glance at each other then grinned. Facing the teacher again then said in unison, "Dae!"

Hours later, the school hour ended. It's now time for the detention. In just an hour, both you and Baekhee already finished the detention.

"Are you going home now?" Baekhee suddenly asked. You turned to her and paused, "I still have to work." you replied and sigh.

"I'm going to SM Building to check EXO-K's schedules." you added. Baekhee's eyes rounded, "You're going to see EXO-K?" she excitedly asked.

You simply nodded. Baekhee give you an amused smile. You frowned, "Yah, why are you smiling at me like that?"

Baekhee went closer to you, "Can I go with you too?" she asked, pekking at your face. You firmly shook your head.

Baekhee's face fell, "Aish! I just want to have their autograph and saw them today." she whispered.

You examined her face and finally gave up. You let out a heaved sigh, "Araseo. Come on, I'm already late." you said and walked away. Baekhee beamed then followed.

"Noona!" right after you passed by EXO-K's practice room, Sehun's voice already popped out. You ignored him and continued walking but your bestfriend stopped. You turned back at her, "Baekhee-ah, come on!" you called.

"Can I just stay here while you was talking with Mr. Lee Sooman?" she asked. You rolled your eyes, "No." you then walked towards her and dragged her along with you.

Reaching Mr. Lee Sooman's office, you carefully knocked it before you and your bestfriend entered the it.

"Oh Ms. Shim, you're late today." Sooman greeted you. You didn't reply and just sat on the chair in front of him while your bestfriend give him a bow first before she sat on the chair acrossed yours.

"You also bring your bestfriend here." Sooman said as he smiled at Baekhee. Baekhee smiled back, "Annyeong haseyo! Yoon Baekhee-umnida.." she introduced.

"I bring her along because I don't want to go here alone." you snapped. Sooman turned to you then pulled out something from his drawer. "Here's EXO-K schedules. They will be on Music Bank tomorrow so clear your schedule for tomorrow." he said

as he handed you the paper with EXO-K schedules on it.

Your eyes widen, "Mwo? but I have to attend school tomorrow." you said. "No worries. I already ask your teacher to give me some notes and it will arrived tomorrow. I'll give it to you tomorrow morning." he said.

Your face fell as Baekhee stared at Sooman in amusement.

"Go and check EXO-K now. They are practicing right now." Sooman said. With a sigh, you stood up and left as your bestfriend followed.

"You're so lucky with your job." Baekhee said as both of you stepped out from the office. You shot her a look then rolled your eyes, "Take it if you want." you aid and walked away. Baekhee pouted but followed.

You straightly entered EXO-K's practice room as you heard that word again, "Noona!" but this time, it's Kai. You rolled your eyes and search for a place to sit. Baekhee followed you with smile on her face.

"Why are you late today?" Baekhyun asked. "I got detention." you simply replied. "MWO?!" they gasped in unison.

You raised an eyebrow, "What make you guys surprise? I'm late so I got detention." you simply said. "And it's my fault." Baekhee suddenly snapped.

EXO-K turned to her. "No one fault it is. Now, continued practicing guys." you said.

"Wait.. Isn't she's your bestfriend?" Suho asked. You nodded, "Baekhee." you said.

Suho smiled at waved at her, "Annyeong haseyo! Suho-umnida. Leader of EXO-K." he introduced. "She knows. She's a fan." you snapped. Baekhee looked at you and pouted.

"Seems like you're saying you're not." D.O. said. You made a paused on it but then cleared your throat, "Just go and practice now. We'll get going." you said and stood up but Baekhee held you back, "I still haven't get their autographs." she whispered.

"You're leaving so fast? Can you two join us for dinner first? We're actually going out to eat." Chanyeol suddenly snapped. You turned to him and was about to reply but Baekhee already did, "We're joining."

CHAPTER 41

"Noona come here! Sit beside me!" Sehun called, pointed at the seat next to him as all of you entered a restaurant.

You was about to runaway from him but he already approach you and dragged you to his seat. "Yah! I want to sit with my bestfriend." you excused.

"Okay then. She can sit on your other side." Sehun simply said. Your rolled your eyes and met eyes with Baekhee. She was giggling but then sat on your other side.

"Stop that." you hissed as your bestfriend keep giggling. "Psh!" Baekhee pouted.

"Noona, eat this." Sehun said as he placed a food on your plate.

"You too, eat." Kai, who is sitting acrossed Baekhee, placed a food on her plate. "Gomawo." Baekhee said as he give him a light bow of her head.

With that, all of you started the food. "Ummm.. May I ask you a question?" D.O. suddenly asked Baekhee. She gave him a nod to go on with his question. "How come you're our fan but Haewon isn't?" he curiously asked.

You gulped upon hearing the unexpected question. The rest of EXO-K was also curious as they turned to Baekhee, waiting for her answer.

You open your mouth and was about to answer that question but Baekhee did first. "To be honest, she's actually a fan of EXO before." she replied normally.

You facepalmed yourself after hearing your bestfriend's annoying reply. Then EXO-K gaze at your way then smiled. You raised an eyebrow, "What?" you asked, annoyed.

"How come she become a anti-fan now?" Baekhyun added a question for Baekhee. "Because—" she didn't even finished her sentence when you stopped her by covering her mouth using your hand. "Enough asking. Now, eat." you bluntly said.

You then finally released your bestfriend and gave her a glare. Baekhee pouted then faced EXO-K and smiled, "Don't worry. She will become a fan again, for sure.." she muttered.

You shot her another glare but she just rolled her eyes the continued her food. EXO-K flushed you a smile before continued eating their food. Annoyed, you also continued eating.

After eating dinner with EXO-K, all of you left the restaurant safely and hopped inside the van. EXO-K offered your bestfriend a ride on the way to her neighborhood. Baekhee warmly agreed.

Minutes later, the van stopped as it reach Baekhee's neighborhood. With that, Baekhee get off the van and looked at you, "I think we won't see each other again tomorrow." she said.

You sadly nodded, "Yeah. I guess." you said. "Well.. See you soon then. Annyeong! And thanks for the autographs." Baekhee beamed as she glance at the boys.

EXO-K warmly smiled at her and waved her a goodbye. You also waved with a smile. As your bestfriend disappeared from the sight, the van droved off towards EXO-K's dorm.

Silene filled the atmosphere on the way to your and EXO-K's neighborhood.

Suddenly, Chanyeol broke the silence for asking, "Are you becole a anti-fan because the other people keeps comparing us to the other artists of SMEnt?" he asked.

You gulped by the sudden question but you decided to not to answer it and remained silent right on your spot.

But then Suho added, "Sooman hyung showed us your comments in our videos in youtube and all of it are negative. Your comments always says that we're not that good as the other artists of SMEnt. Well.. That's true. We're not that good as TVXQ, Super

Junior or SHINee but we also have talent and it's different to them. I want to be honest so I'll be lying if I said that we're not mad. Actually, your comments turned us down. Your comments hurts us." he said in a serious tone.

You started to feel guilty upon hearing his statement. You bit your bottom lip and closed your eyes before saying, "Mianhe.. I think I made a mistake there. I think I've more focus on the negative side of you guys so yeah.. Honestly, I don't why but recently these days, I'm starting to like you guys.." finishing your sentence, the an finally stopped.

You quickly open the door of the van and hopped off. You started to walked away in fast pace, leaving EXO-K dumbfounded.

In the middle of your walk, you heard them called, "Haewon-ah!" they shouted in unison that made you stopped on your tracks but didn't dare to look back at them.

"We will try our best just to make one of our fan back to us. We will prove you that we're worth it to be one of your favorite idol. We will improve ourselves to make you become our fan again." Suho, being the leader said.

You bit your bottom lip again and said, "I can't promise to be back as EXO fan again." you said. "That's why we're going to give a try. Don't force yourself. We will respect whatever your decision is." Suho snapped.

With another bit of your bottom lip, you didn't reply anymore and continued walking until you reach the inside of your house.

EXO-K glance at each other. "We're going to get back one of our fans, our personal assistant

Shim Haewon." Suho said. The rest of the members willingly nodded.

With another glance at your house, EXO-K also entered their dorm.

CHAPTER 42

The next day. You woke up early to prepared yourself for your job. You went to SM Building with EXO-K using the van.

After having a little conversation with Mr. Lee Sooman, you and EXO-K left SM Building and headed to the Music Bank.

Some fans caught you with EXO-K as all of you entered Music Bank's location. You ignored them and continued walking behind the boys.

You set the costumes for the boys and you helped them fixed it. As all of them already wearing their costumes, the make-up artists came in for the boys.

You then sat on the couch inside EXO-K's dressing room as you watched them furiously. *No wonder why so many girls are going crazy because of them. They're so handsome with and without make-ups.* you just thought.

Baekhyun caught your stares as he winked at you. You rolled your eyes, *He did it again for the second time.* you thought as you remember his wink on their photoshoot before.

After awhile, their make-up and hairstyles were finally done.

With that, EXO-K exited the dressing room and so did you.

Minutes later, EXO-K went up to stage and started performing 'MAMA' and 'History'. The crowd went crazy as EXO-K started their performance.

After the performance, EXO-K had interview. They started to introduced themselves one by one that made the crowd become wild. They keep squealing for EXO-K which makes you annoys. You ignored them and just focus for EXO-K interview.

"So.. Suho, being the leader. Is it hard for you to handle your group?" the host asked. Suho made a pause on it before he held up the microphone and answered, "To be honest, it's hard to handle them sometimes." he honestly responded.

"Sometimes?" the host asked. Suho nodded and smiled, "Yeah. Especially Baekhyun and Chanyeol. They acted like kids whenever they get close." he replied that earned a squeal from the crowd.

The host chuckled, "Oh.. By the way, I heard Baekhyun and Chanyeol shared a room. Is it true?"

Suho nodded once again, "Yes, they are." he replied. "So, may I ask Baekhyun?" the host asked. Suho nodded and give the microphone to Baekhyun.

"How close you are to Chanyeol?" the host asked. "Very close. We're like brothers actually but we're like a couple somehow.." he replied with a chuckle as Chanyeol chuckled along. The crowd became louder because of Baekhyun's answer.

Upon hearing his answer, you

couldn't help but chuckle. For some reason, you found Baekhyun's answer was quite funny.

"A couple? Woah! That was ridiculous." the host commented. "So, may I ask what Chanyeol's reaction for that?" the host peeked at Chanyeol.

"Ummm.. Actually I'm speechless but honestly, I and Baekhyun were really close to each other that made us look like a couple." Chanyeol chuckled but then continued, "But I assure everyone that we're bestfriend and not a couple." he said as he smiled at the audience.

Again, the crowd went louder upon seeing Chanyeol's creepy smile. Just then, another question throw to them. "How about you, Sehun? I heard you're close with EXO-M Luhan, is it true?" the host asked. Without hesitation, Sehun nodded. "Yes. Like Chanyeol hyung's and Baekhyun hyung's closeness, we're the same." he replied.

"How about Kai and D.O.?" the host asked. "We're like bestfriends." both Kai and D.O. replied in unison earning a 'wiiiee' sound from the crowd.

The host chuckled, "Yeah, I see." D.O. and Kai smiled. You were also smiling upon hearing them answer the question at the same time.

Your smile suddenly faded when the last question came up. "For the last question, "What can you guys say to the anti-fans out there?"

You were actually stunned by that question. You froze right on your spot. Sweats started to fall down to your skin. Your eyes

were glued to EXO-K. Their gazes slowly went to you that made you sweat even more.

Suho then answered the question first, "Honestly, we already encountered one of our anti-fans. It's actually hard to have a conversation with one of them. I think they really hate us for some reason." he said with eyes met yours.

You bit your bottom lip but then Kai added, "But we will do our very best just to prove them that we're worth to be an idol for them or to everyone." he said as he gave you a smile.

You started to play with your fingers but eyes were still glued to them. "At first I thought, it's hard to have an anti-fans but I think it's pretty challenging for us to prove our talents to everyone. Now, we're doing our best just to prove our talents were real and different to the other groups in kpop industry." D.O. spoke.

"And, we actually prepared a song for our anti-fans." Sehun said that made you gasped in surprise. "Woah! Let us hear it then." the host said, amused.

EXO-K cleared their throats before started singing the korean version of their song 'Into Your World' LIVE. To be honest, this is the first time you heard them sing LIVE. Their voice were like one. They sing it not just they wanted to but they sing it willingly from their hearts.

As the song ended, Suho spoke. "That song is for our anti-fans especially the one we knew and you know who you are. We sing that song because we want to tell you that we're always here waiting for you to enter our world. Everyone are welcome to enter our world whether you're

a fan or even an anti-fan. We will accept you whoever you are and wherever you came from." with that said, a tear rolled down to your cheek. You become emotional not because of their meaningful song but because of Suho's warm speech.

The crowd become emotional and clapped for EXO-K's meaningful song and speech. With that, the interview ended and EXO-K exited the stage.

CHAPTER 43

"Their words hit you, aren't you?" You suddenly startled by the sudden voice. You turned to your side and saw Lee Sooman appeared from nowhere, he was standing there while looking towards the stage.

"What are you saying?" you asked, pretending you didn't get what he wanted to pointed out. Sooman turned to you, "Your eyes explains it all." he simply replied.

You immediately run your hands up to your eyes and felt a wet thing at the corner of it. You looked away, speechless.

Sooman smiled, "Once you entered their world, you can't escape anymore. You're their fan on the first place and you're still their fan until now." he simply spit out.

You turned back to face him again, "Who said that I'm their fan before?" you asked. Sooman shrugged, "Having a talkative bestfriend is worth it." he said.

You frowned, *Aish! Yoon Baekhee, I'll kill you when I see

you..* you bitterly thought as you remembered how talkative your bestfriend is.

"Don't be mad at her. She's just worried about you." Sooman snapped. "Mwo?" you asked, confused. "Your bestfriends knows that you're still a fan of EXO yet you still deny it. Like I said, you eyes explains it all. Teenager stage is quite short so you better enjoy it by adoring your idols." he stated.

There was pause until you let out a sigh, "I guess you're right." you mumbled but loud enough for Sooman to heard it. Sooman smiled, "Now, go to them. They need your there now." he gestured. You nodded and with a bowed, you left and headed to EXO-K's dressing room.

Sooman watched you walked away, *You're starting to warm now, Ms. Shim. I'm glad you realize what you really are to them, a fan.* he thought with a smile.

Just when you open the door, EXO-K turned to your way. They were silent. No one dare to open a topic nor have a talk with you. You walked over to them then flushed a warm smile, "Yah! What's with the air. The performance was daebak! Cheer up guys!" you said.

EXO-K was stunned by your sudden changed of mood. They just stared at you, totally surprised. "I like the performance so far especially the song part for the anti-fans." you stated, earning a shocked expression from them.

You frowned, "Yah! Come on, let's go back home. You guys must already tired now. You guys need some rest. Kaja!" you

said and started to walk but Kai held you back that made you stopped.

"You like our performance especially the song for the anti-fans? Aren't you one of them?" he asked. You slowly turned to them, "Who says I am?" with that said, you pushed Kai's hand aside and continued to walked, leaving EXO-K dumbfounded.

You stopped halfway when you realized that they weren't following you. You turned back to face them and frowned, "Aren't you guys coming?" you called. EXO-K glance at each before breaking into a wide smile. "Ne, coming!" the shouted back in unison then followed you. With a playful smile, you exited the dressing room.

EXO-K was already understand what you had said earlier so they didn't bother to ask you anymore. All of you hopped inside the van as you sat beside the window and Suho next to you.

Your eyelids started to dropped as you lean your head on the window glass. Suho got noticed it as he carefully reach your head and gently laid it to his shoulder, "There.." he whispered.

You looked up and smiled, "Gomawo Suho.." you whispered. "It's oppa to you." he said. You nodded, "Ne, gomawo Suho oppa.." you said. With that, Suho gave you a smile before you could fully close your eyes.

The van finally stopped, you felt someone shook you. You slowly open your eyes as Suho's face greeted you. "We're already here." he said.

You straightened up and look

around. The sight of EXO-K's dorm and your house could be seen. With that, all you 7 went out from the van.

You waved goodbye to them and was about to walk away when you heard Baekhyun spoke, "Can you sleep over in our dorm tonight?" he carefully asked.

You titled your head and saw their pleading expression looking at you. "Please.." Chanyeol plee. "I'll ask omma first." you said. "We'll go with you, noona." Sehun said as the other nodded in agreement.

For some reason, you did miss Sehun calling you noona since Kai had stopped calling you like that. You couldn't help but smiled then nodded.

With that, all of you headed to your house and ask your mom for permission. At first, your mom was surprised by it but then she agreed because EXO-K kept pleading on her.

Satisfied on your mom's permission, you and EXO-K left the house and headed to their dorm.

"Noona, sleep next to me!" Sehun called. The other members shot him a look. "No she's sleeping next to me!" Kai snapped.

"Kids stop. Let Haewon decide where she wants to sleep." Suho said. The others nodded in agreement. Then you heard Chanyeol whispered to you, "Between me and Baekhyun is the better place." You looked at him then to Baekhyun who flushed you a wink.

You paused then said, "I'll sleep in between Suho oppa and

D.O." you said. "OPPA?" EXO-K didn't focus on where do you want to sleep but focused of you calling Suho an oppa.

You frowned, "Is there a problem for me calling him oppa? He's older than me and act like brother to me so I think he deserves to be called like that." you snapped as you position yourself at the middle. All of you decided to sleep on the living room so you all set the blankets on the floor to sleep all together.

D.O. happily laid next to you and so did Suho. The other pouted but then laid on the blanket also. Kai next to Suho as Sehun next to Kai. Then BaekYeol next to Suho.

"So, I think you're our fan now.." D.O. stated. "Ne, I guess." you said as a smile playfully appeared on your lips. EXO-K beamed happily as you finally admitted you, being their fan.

"Umm.." you started, "Can you guys sing the song 'Into Your World' again before we sleep?" you asked.

"Sure.." with that said, EXO-K started the song. For the second time, you fall asleep after hearing that song again. First is when you slept with EXO-M together, they sing the chinese version and now, EXO-K sing the korean version.

Soon enough, you drifted to sleep with a smile formed on your lips.

It's been already a month since the day you accepted the truth, yourself being officially fan of EXO. Day by day, you becoming closer and closer to them.

Sometimes, you went hanging out with EXO-K along with your bestfriend, Baekhee. She was very happy to know that you already accepted that you're a fan of EXO and not an anti-fan.

One day, you received a phone call from Lee Sooman. "Yeoboseyo?" you answered. "Can you come here and have a talk with me?" he asked.

"Sure." with that said, you hang up and left the house. You dragged your food on the way to SM Building.

As you reach it, you entered it and headed towards Sooman's office. As you was walking you heard a familiar voice called you, "Haewon noona!"

You turned to one of the practice room and saw EXO-K running to you. Sehun was the one who called you. "Oh.. Already finish practicing?" you asked with a smile.

They shook their heads. You frowned, "Then go and continued." you gestured them. "You're not here to visit us?" Baekhyun asked.

"Mr. Lee Sooman called me to meet him. He have something to discuss with me. I'll be right back after I talk with him. Is that okay?" you asked. Finally, they smiled in satisfaction then nodded.

With that, you walked away as EXO-K went back to their practice room and closed the door so no one could disturb them.

"Please take a seat Ms. Shim." Sooman said as you entered his office. "So.. Why did you call all of a sudden?" you trailed off.

Sooman straightened up and looked at you with serious face. "If I'm not misaken, you're close to EXO-K now, am I right?" he asked. You paused then nodded, "Umm.. Yeah, you can say that."

Sooman smiled, "I'm glad you realized now." he said. You gave him a confused look, "You were saying?"

"What I'm trying to say is, I'm glad you realized what is EXO to you and who you are to them. You're a fan." he stated. You smiled then nodded, "Thanks for making me realize it." you said.

Sooman stared at you in surprised. You frowned, "You did it on purpose, don't you? You hired me as their personal assistant to make realize that I'm a fan and not an anti-fan, right?" you snapped. Sooman chuckled, "You just realized it now?"

You rolled your eyes but then smiled, "Well.. Still thanks though.." you said. Sooman smiled and nodded, "No problem.."

"Umm.. By the way, is this what you wanted to say to me that's why you called?" you snapped. Sooman simply shook his head. You frowned, "Then why?" you asked.

"I called you because I want to ask you something." he stated. "Okay, so what is it?" you asked. "Since you already realize what you really are, I want to ask you if you still want to be EXO's personal assistant or not?" he asked.

Without a second thought, you answered. "Of course, I wanted to." Sooman replied, "Good. Because EXO will be having their 2nd Showcase tomorrow and I need your help." he said.

"2nd showcase? You mean all the 12 of them in one?" you asked. Sooman nodded, "Bingo!"

"Isn't EXO-M is in China right now?" you asked. Sooman shook his head, "No, not anymore. Actually, they're already in their way going here. They will be here anytime soon." he stated.

"They're back?!" you gasped. Sooman nodded. "Is EXO-K knows about this?" you asked. Sooman shook his head, "Not yet."

"Can I go and tell them the good news?" you asked. "No, I want you to surprise them." Sooman snapped. You frowned. "Just wait until EXO-M arrived. I will let you bring them to EXO-K by your own." he said.

You smiled on that idea and nodded. Just then, the door burst open and revealed EXO-M. Your eyes rounded upon seeing the faces that you have miss in a month.

You stood up and give them a warm smile, "Welcome back!" you greeted. Without any hesitation, EXO-M walked to you. Luhan was the first one who give you a hug, "Did you miss us? Cause we miss you a lot." he whispered.

You smiled between the hug and looked up at EXO-M behind Luhan. You patted Luhan's back, "Of course I did." you replied. Luhan broke the hug and smiled at you as you smiled back.

Then Xiumin stepped forward

and give you a hug, "I miss you, our fan." he whispered. You chuckled, "I miss you too Baozi." you whispered back, earning a laugh from Luhan. He broke the hug and give Luhan a glare. Luhan stucked his tongue out.

Xiumin ignored him then face you, "Be thankful I miss you a lot, if not I scold you. Don't call like that." he pouted. You giggled, "But it fits you." you said.

For the second time, Luhan burst into laughter along with the other members and even Lee Sooman.

Xiumin pouted even more. "Aigoo! Don't laugh at him guys." you snapped that earned a smile from Xiumin.

Then next who hug you is Chen. "It's been only a month but it feels like forever that we didn't see each other." he whispered.

You chuckled, "Yeah.. But now, we see each other again." you whispered back. Chen smiled then released you. Next is Lay. "Now that I'm here. I want to talk to you more." he stated. You smiled and nodded, "Okay. We'll do that." you replied.

Next to him is Kris. "Aigoo! You're so tall." you commented, having a hard time to hug him back. Kris chuckled then bent down. You smiled and hugged him back, "Good boy!" you said, patted his back.

Kris chuckled once again, "I miss you, I miss your annoyed face the most." he said. You broke the hug and gave him a glare. Kris chuckled for the third time, "I like that face." he stated.

You rolled your eyes but then smiled, "Thanks." Kris shook his

head, amused.

And the last person, Tao. He hugged you very tight as if there's no tomorrow. Just then, you heard him sobs and then you realized that Tao was already crying.

You gently patted his back, "Aigoo! I can't believe you're still the crying baby. You're already bawling so stop crying now before my tears also explode." you said.

Tao chuckled, "Mian. I just miss you and me, being here in Korea." he stated. You broke the hug, "Ara. I also know you miss EXO-K a lot." you said as you wiped his tears.

Sooman watched all of you, touched. "Ms. Shim, go and bring them to EXO-K for a surprise." he beamed. You turned to him and nodded. With that, all of you exited the office.

You carefully open EXO-K's practice room that made them stopped halfway on their practice. "Haewon-ah! You're finally back." Chanyeol beamed in happiness as the others give you a warm smile.

You smiled back, "Yeah, I'm back and I have a surprise for you guys." you beamed. Their eyes rounded, "Really?" they excitedly asked.

You smiled then turned to you back, giving EXO-M a hint. You open the door widely as EXO-M went inside.

"Omo! EXO-M is back!" D.O. gasped in surprised. Without a second, they all hug each other happily.

Again, Tao burst into tears upon seeing their half, EXO-K. You

smiled at the scenery in front of you. It felt good to see them reunite again.

That day, you went out to eat with EXO and on the night, you sleep over at their dorm, not wanting to miss a chance to sleep with all of them together.

FINAL

Another day came. It's the day for EXO 2nd Showcase in Korea. Everyone is preparing for the awaited time for the special Showcase of EXO.

"Haewon-ah!" you heard Baekhee called you as you entered the school. You spun around and saw her waving.

You waved back and walked towards her, "Good morning!" you greeted. "What are you doing here? You should be helping EXO on preparing for their Showcase tonight, you know." she stated.

"Mr. Lee Sooman told me that I can attend school today and help them later." you said. She nodded in understanding. "Wait! Are you coming?" you asked. Baekhee smiled, "Of course, I will!" she beamed. "Okay. Let's go there together." you said.

"Eh? Aren't you going to help them?" she asked. You nodded, "Yes, I will but that's only to cheer them up. Mr. Lee Sooman wanted me to feel how being a fan feels so I'm going to attend their Showcase not as their personal assistant but as their fan." you replied.

Baekhee smiled, "That's good then. Kaja! Let's go to our class now before we get late. I don't want to get detention today or I

will miss EXO's Showcase." she said.

You chuckled then nodded. With that, the both of you headed to your class.

After some hours, the classes finally ended. Both you and your best friend hurriedly changed into comfortable clothes before going to EXO's Second Showcase.

As the both of you arrived at the venue, you two headed in front for the seats. As you and your best friend sat, you suddenly received a phone call from Lee Sooman.

"Ne, yeoboseyo?" you answered. "Ms. Shim, I need your help here. The boys are getting nervous. Can you please cheer them up?" he asked. "Sure." you replied.

"Okay. Meet them here in the back stage." he said. You nodded through the phone, "Okay. I'll be right there in a minute." with that, you hang up and stood up.

"Where are you going?" Baekhee asked. "The boys need my help. May I excuse myself please?" you replied. "Uh-oh.. Okay. Come back after cheering them up, ne?" she said, you nodded then left.

"Getting nervous, eh?" you snapped as you saw EXO keep walking back and forth. They turned to you as their eyes rounded.

"Woah! You really came, Haewon-ah.." Lay said. You smiled, "Of course, I will. How can I miss the showcase of my idols?"

They all beamed in happiness upon hearing your reply. "Gomawo.." Suho said. You smiled and nodded, "You guys are always welcome.."

"But noona, we're really nervous." Sehun said. Tao nodded, "Yeah.. I'm trembling right now." he added.

"Aigoo! That's easy. Come here." you said pulled Tao into a warm hug. "Are you okay now?" you asked. Tao smiled and nodded, "Yeah. Your hug makes me calm." he said.

You released him and caught Sehun staring at you. You smiled and also gave him a hug. "Don't be nervous. Everything will be alright." you whispered. Sehun softened and nodded, "Gomawo."

You released him and caught 10 pairs of eyes staring at your way. With a shake of head, you went up to them and gave them a hug one by one.

"Guys, always remember that this showcase is for all your fans inside this place or even outside. They all went here to watch their idols, all of you. If you keep on your mind all your fans, all the fear or nervous that you were having right now will fade away. Always remember that your fans are here to support you all as one, EXO. Now, get ready. Fighting!" you said, cheering them up.

They all smiled and nodded. With that, you went back to your best friend and waited for the Showcase to start.

"Are they alright now?" Baekhee asked you as you sat next to her. "Positive." you replied with a smile.

"Luckily, you're here for them." she said. You shook your head, "Not only me but us. All the fans." you said.

Baekhee stared at you, amused. "I thought you're an anti-fan?" she teased. You rolled your eyes but then smiled, "I also thought I am but I realized that I'm not. I'm their fan now and probably forever." you said, emotionally. Baekhee smiled at you, proudly.

Just then, the Showcase finally started. EXO started to perform their famous song 'MAMA' together. The routine of the showcase is just like their first showcase but the difference is, they're more energetic this time.

After the non-stop performance they did, the interview came up. The host this time is TVXQ's Yunho.

There are many questions Yunho throw them but the last question is the most meaningful one.

"So, we heard that you guys knew one of your anti-fans. How things going between you guys and that anti-fan?" Yunho spit out the last question.

"Umm.. For this question, we want to answer this one by one." Suho said. Yunho nodded in understanding, "Okay, go on."

"Actually, that anti-fan we're talking is here. No need to bash her, she's our fan now anyways." Suho started, "To be honest, I hate her when we first met but then I realize that she's not that bad to us. She even care about us at times. I admitted, I'm happy to know that she's our fan again." he added.

"So, like Suho hyung said. She's our fan again. Again? Yeah, 'again' because she's actually our fan at first but become an anti-fan. You know what the reason is? Because of the others comments about us. She become our anti-fan because the others keeps comparing me to the other SMent artists which is you're included." Baekhyun said to Yunho.

You bit your bottom lip, watching EXO giving a comment about you. Baekhee was giggling at your expression. You just ignored her and focus at the interview. Then Baekhyun continued, "She likes all the artists in SM Entertainment and she hates the fact that some of our fans keeps comparing us to them."

Yunho chuckled by that sudden revelation, "That was quite cute though.." he commented. Baekhyun nodded in agreement.

"Chanyeol?" Yunho asked. Chanyeol held out his microphone and spoke, "Yeah. And I laugh at the side that she noticed our negative sides than the good sides. But oh well.. Every person have own thought of us. Honestly, I like her as an anti-fan but I like her being a fan better." he said as glance at you. You couldn't help but smiled.

"Umm.. At first I call her noona and guess what? He give me a glare and said that we're not that close for me call her like that. To be honest, I can't believe there's a person that rude as her but I like her both sides, rude and kind." Kai stated. Sehun nodded in agreement, "I even call her noona at first also but it's different for Kai because until now, I still calling her like that."

"Is she still annoyed to be call

by that?" Yunho asked. Sehun shook his head, "Ani. I think she get used to it now." he stated. You nodded in Sehun's statement.

"For me, I like her better now too. I remember when I cook some food for us. She didn't believe that I cook that. I'm pissed by her reaction but then I understand because I could see that she likes my cooking. I'm glad she's our fan now." D.O. stated.

"How about you Kris?" Yunho asked. "I like her annoyed face the most." he honestly said. "Wae?" Yunho asked in curiosity. "Molla but I just like seeing her pissed." he said as he glance at you. You made a face then rolled your eyes. "But she looks better when she smiles. Seeing a fan smiling, giving us a energy to perform well in stage." Kris added. With that stated, a smile formed on your face.

Yunho smiled, amused. "Yeah. That's true." he commented. Next who spoke is Luhan, "If Kris likes to see her annoyed face, as for me, I like to annoyed her the most." he said. "You did?" Yunho asked.

Luhan smiled then nodded, "We used to argue with each other at times. I don't know but I like to annoys her. But if you see her bright smile, it felt different. I felt relieved seeing those." he stated. You smiled, softened.

"Yeah. I like her smile the most. It gives me more energy seeing those. Not only her smiles but also all our fans' smiles. Those are gives us energy to stand on stage." Lay added.

The fans touched by their idols' words. Some of them were crying and being emotional. As you haven't realize, a tear

suddenly fall down from your eye.

"For me, I love her compliments about us. When she said that our voice are good, I'm already contented. I like music so I like how she gives compliments to us. I'm glad she become our fan again." Chen stated.

"As you all know, Luhan used to call me Baozi and I hate it. Because of Luhan, she also started calling me by that name. I'm getting pissed when someone called me like that but I could see that she's happy whenever she called me by that. Seeing her smiles amking me smiled along. So everyone, I want to announce that I'm allowing our fans to call me Baozi." Xiumin announced.

The fans started shouting 'Baozi' upon hearing Xiumin' permission. Even Baekhee was joining happily. You chuckled by your bestfriend's reaction but then smiled at Xiumin.

"Tao?" Yunho called. "Umm.."
Tao made a paused then continued, "I like it when she defended me from hyungs. I know that she's annoyed seeing me crying like a baby. However, she still trying to understand me and tried to save me from hyungs. I like being comforted by the fans and I'm glad that one of our fans before that became an anti-fan is now come back to us not to bash us or anything but to be a fan for us again." he said.

Another tear rolled from your eyes down to your cheek again. Baekhee give you a warm squeeze on your hand and smiled. You smiled back and give her a nod, assuring her.

"In conclusion, we, EXO are happy to get back one of our fans again and I will do our very

best just to get back the others. We will prove to everyone that we also have talents that is different to the other groups in the kpop industry. I just want to say, please don't look only on our neative sides but also the good and positive ones. That's all. Thank you." Suho said, ended the interview.

You smiled at them proudly,
I'm glad Lee Sooman help me realized my mistakes. I'm glad I get close to you guys. And I'm glad I'm EXO's fan again...
