## CHAPTER 1

*Kring! Kring!~*

Your eyes slowly open because of the sounds of your alarm clock.

As your eyes were fully open, a smile went up to your face. Why? Because of Jinyoung. Not actually the real Jinyoung but the poster of him.

You have a lot of posters of him since he's your ultimate bias.

You stood up and walk close to the poster. You kiss it, "Good morning Jinyoung oppa~" you greeted it with a smile.

With that, you went to your bathroom you prepare yourself to go to school.

Right after you take a bath, you wear your uniform and grabbed your bag. You stopped at Jinyoung's poster once again and smiled, "You're the one who makes my day alive. It's my first day of my Sophomore year. I hope to meet you someday. Annyeong Jinyoung oppa~" you waved like he's for real.

You went out from your room and went down stairs.

"Good morning honey~" your mom greeted you. "Good morning omma." you greeted back with a smile.

You grabbed a bread and planning to leave but your mom spoke, "Why don't you just eat here?" she asked.

"I'm sorry omma but Sohyun is waiting for me and I'm going to be late too." you explained.

Your mom nodded in

understanding, "Okay. I'll understand. Goodluck on your first day!" she shouted.

"Ne, omma. Annyeong!" you shouted back as you waved and left.

---

"Yoonhye-ah!" you heard Sohyun called you. You look around and saw her at the front gate of Seoul High.

She runs to you as you also runs to her. Both of you happily hug each other.

"I miss you~" Sohyun said to you. "Nado." you replied.

"Let's go!" Sohyun said as you smiled and nodded.

---

"What's your schedule?" Sohyun asked you. You showed to her your schedule and you saw her pouted. "Wae?" you asked.

"We're not the same in any of your class." she said.

You lightly squeezed her hand, "We can still see each other at break time and also after school so don't be sad now. It's our first day of our Sophomore year so be happy now." you tried to cheer her up.

Finally, you saw a smile on her face.

"So.. Let just see each other at break time I guess." you said. She nodded, "I guess so."

With that, both of you separated from each other and headed to your class.

---

"Class dismissed." your teacher said as she left. That was your 3rd class and that means, this is the time for the break time.

You put all your things to your bag before you could leave your classroom. As you were about to leave, you heard the conversation of your

classmates.

"Did you guys hear the news? Teen Top will going to transfer here in our school." the girl said to her friends. "Really? Woah~ I'm so excited to see them!" you heard the other girl said.

You then decided to stood up and completely leave the classroom.

---

"Yoonhye-ah, here!" Sohyun waved at you with your other friends in one of the table in the canteen.

You went there and sat next to Sohyun. "Did you heard about the news?" she excitedly asked.

"News?" you asked. "Teen Top will going to transfer here and they will start studying here tomorrow." Sohyun happily beamed.

You slowly nodded, "Yes. I heard about that." you replied. "I'm so happy when I heard the news. I'm so excited to see L.joe in peraon. How about you?" she asked.

"I'm happy for you." you smiles at your bestfriend. "Thanks." she said smiling.

\*How I wish B1A4 will also going to transfer here..\* you hoped.

## CHAPTER 2

"Are you guys ready on your first day in Seoul High?" Teen Top's manager asked them.

"Yeah! I'm so excited~" Ricky beamed. "Aish! Ricky is always full of energy eh?" Chunji commented.

"I was just excited hyung!" Ricky snapped. "Wasn't all of us?" Niel raised an eyebrow. Ricky pouted. All his co-

members laugh at him.

"So I think all of you were ready now hmm?" the manager asked. Teen Top nodded.

"Let's go now." the manager ordered as Teen Top did.

---

"Yoonhye-ah, get up now~" you felt someone shook you. You slowly open your eyes only to see your bestfriend in her uniform.

"Uh.. Sohyun-ah what are you doing here?" you asked, still in bed. "To fetch you of course!" she replied.

You look at your alarm clock then look back to Sohyun, "It's still early so let me back to sleep." you stated as you close your eyes again.

"No. We need to go to school now. We need to be at school before the Teen Top came. Get up now please.." Sohyun tried to sat you up.

"Aish! Araseo. Just wait me here. I'll go take a bath." you said as you stood up.

"Yay! Yoonhye-ah, you're the best!" Sohyun happily squealed. You rolled your eyes and went to your bathroom.

---

"You really like Jinyoung that much eh?" Sohyun asked you as you went out from the bathroom. "And you really like L.joe that much too." you blurted.

Sohyun just smiled. "We're both love our bias. I didn't know you have so many posters of Jinyoung." she commented. "But I know that you have a lot of posters of L.joe. Am I right?" you asked. She nodded, "You are really my bestfriend. You know all about me." she smiled as you smiled back.

"Omo! We need to go now!" Sohyun suddenly said as she take a glance at the clock. She

grabbed your wrist and dragged you downstairs and outside the house.

"Yoonhye-ah! Sohyun-ah! Eat breakfast first." your mom shouted, trying to catch you two up. "Mianhe Auntie, we're in a hurry right now." Sohyun shouted back. "Mianhe omma. I'll see you later~ Annyeong!" you waved as Sohyun continue dragging you.

"Aish! Those kids.." your mom whispered as she went back inside the house.

---

"KYAAAAAAAAA!!!" you heard your bestfriend squealed along with the other girls.

Teen Top was coming. They're all handsome but your not interested at any of them. You only like is B1A4 especially your bias Jinyoung.

So many girls around Teen Top so you and your other friends can't see Teen Top that close. "Let's just play." Sohee, your other friend suggested. "But I want to get close with Teen Top." Sohyun said.

"Exactly! Let's just play the punishment game so they will notice us!" Jiyeon, your other friend said.

Sohyun brightened and finally agreed. You and your friends went to the School ground and sat at the corner.

"Let's start." Sohyun said. "Wait! I didn't know the mechanics of that game." you snapped.

Sohyun, Sohee and Jiyeon explained to you how the game will works. At first, you don't understand but they gave you an example for you to understand. Finally, you did.

Sohyun was the first one who starts the game. "Gong!" she pointed at Sohee. "Gong!" he pointed to you. "Chi!" you pointed at Jiyeon who is at your right. "Bang!" he pointed at herself so you and Sohee raised your both hands and screamed.

The game were perfectly goes. You only had 2 mistakes, Jiyeon had 3, Sohee have 1 and Sohyun also have 1.

All of you continue the game until all of you heard someone said, "May I join?"

All of you look up only to see L.joe smiling. All of you just nodded as he sat between you and Jiyeon. You felt Sohyun lightly elbowed your arm and nodded to your seat.

You know what your bestfriend means so you exchanged seats with her. She's now next to L.joe.

Sohyun was the girst one who starts the game again. "Gong!" she pointed at L.joe. "Gong!" L.joe to Sohee. "Chi!" Sohee to you. "Bang!" you to L.joe.

Jiyeon and Sohyun raised their hands and screamed but L.joe accidentally raised his both hands.

You couldn't help but burst into laughter. L.joe look at you so you stopped laughing. With that, all of you gave him a punishment.

Second game, L.joe started. "Gong!" he pointed to Sohyun. "Gong!" Sohyun to Jiyeon. "Chi!" Jiyeon to L.joe. "Bang!" L.joe quickly pointed to you that made you raised your hands along with Sohee and Sohyun. "Omo!" you gasped.

L.joe chuckled because of your reaction. "We need to give you

a punishment." Sohee said. You pouted and lowered your body for the punishment.

As the game goes by, the rest of Teen Top came and joined the game. The other girl students were envious of you and your friends. This time, you had a lot of mistakes. L.joe couldn't help but to laugh when he always saw your cute reaction.

Suddenly, the manager called Teen Top to go to office. Teen Top then bye to all of you and went to the director's office to get their schedule and discuss some things.

"That was fun!" Sohyun said. "But not to me! I received lots of punishment." you pouted.

Your friends just laugh at you.

The bell suddenly rang. All of you got separated and headed to your respective classrooms.

### CHAPTER 3

As you enter the classroom, your teacher also went in. You sat in the empty chair at the corner.

"Good morning class!" your teacher greeted. "Good morning~" all of you greeted back.

"So I guess all of you already know about Teen Top transferring here at Seoul High right?" the teacher asked. "Yes!" all your classmates replied.

"Well, one of them will be joining this class!" the teacher announced. Your classmates grew excited as you wondered, "Who could it be?"

You saw your teacher nodded at the door. You shifted your gaze at the door and to your surprise, L.joe was standing there.

"Come here." your teacher said

to him. L.joe went in and walks to the center at the front.

"Even you are popular, you still need to introduce yourself." the teacher said.

L.joe nodded and faced all of you.

"Annyeong haseyo! Lee Byunghun-imnida but you can just call me L.joe for short." he bowed a little and gave his precious smile to everyone.

You heard your classmates giggled. You let out a sigh, "How I wish Jinyoung was the one in here." you thought as you looked at the window at your side.

"Okay. Is there any empty seat?" the teacher looked around, "Uh there! Please sit there Mr. Lee." she pointed the chair next to you.

You could feel that everyone was staring at you. You slowly take off your eyes from the window and look in front.

You saw L.joe walking towards you. "Eh? Why is he coming closer to me?" you nervously thought.

But then, you saw him sit next to you. You let out a sigh and close your eyes. "Annyeong!" you heard a voice said from your right.

You open your eyes and look to your right. L.joe was smiling at you. You awkwardly smiled back and greeted back.

"You're the girl at the ground earlier right? With your friends playing the punishment game?" he asked.

You nodded.

"You are also the girl who made lots of mistakes at the game right?" he asked.

Your face turned pink. You nodded in embarrassment.

"Did you know who I am?" he asked. "Yes. You are L.joe

right?" you asked.

He smiled and nodded. "You, what's your name?" he asked.

You were about to answer him when you noticed everyone were staring at the two of you. You slowly look around and saw your classmates glared at you.

You looked back at L.joe and whispered, "You need to stop talking to me now. They're all staring at us." with that, you faced the front.

L.joe look around and saw the girls staring. He just gave them a wink and also faced the front.

As the class goes by, you grew bored and just stared at the window. L.joe glanced at you. "I'm wondering what's her name? And why do I feel like she's not interested in me? She didn't even squealed just like the other girls." he thought.

---

It's time for break time. L.joe wants to approach you but the girls at your class went around him and starting to get along with him.

Without any glance at him, you went out from your classroom to meet your friends at the canteen.

As your eyes caught your friends, you quickly went to them and sat beside Sohyun. You smiled at her. She just sighed.

"What that sigh for?" you asked her. "I heard L.joe is in the same class as you?" she asked. You nodded.

"Chunji is in the same class as me." Jiyeon said. "Niel with me." Sohee said. "And no one with me. Ricky and Changjo are only freshmen. CAP is junior. Why no one is in the same class as me?" Sohyun pouted.

"Aish! At least you can still see your bias here at school unlike me, my bias is so far from me." you let out a sigh.

A smile went up to Sohyun's face. "You're right!" she said. You just gave her a force smile.

Sohyun could feel your sadness. She then wrapped an arm to your shoulder, "Don't be so sad. Who knows maybe your bias will also transfer here someday right?"

You look up to her, \*What if she's right?\* you smiled at the thought and nodded.

#### CHAPTER 4

As the bell rang, you and your friends separated and went to your respective classrooms.

As you enter the classroom, the first one you saw was L.joe looking at you.

You were shocked by his stares. \*Why is he looking at me?\*

But then, your teacher entered the classroom using the front door. "Ms. Jung Yoonhye, can you please take your seat now?"

You stopped staring at L.joe and nodded, "Uh-oh yeah~" you walks to your seat and sat there.

\*Jung Yoonhye? so that's her name..\* L.joe secretly smiled.

As the class went by, you just busy focusing on your teacher. You could feel that someone was staring at you. You slowly move your head to your right and caught L.joe looking at you.

You quickly faced the front again. You started to feel uncomfortable by that time. You could feel that L.joe was still staring at you.

\*Omo! Why he kept staring at me? Is there something on my face? I hope there's nothing.\* you look at the window so you couldn't notice L.joe.

Suddenly, the bell rang. It's time for all the students to go home.

You let out a sigh, \*Finally..\* you feel relieved. You quickly stood up to go home but L.joe spoke that made you stopped. "Yoonhye-ah.." he said.

You look down at him, \*Omo! What is it now?\* you quietly thought.

"Ne?" you asked. L.joe was about to open his mouth to speak when all the girls in your class went around him.

So couldn't see his face now. You let out a relief sigh, \*Thanks to all of you, girls..\*

"Yoonhye-ah!" you heard a familiar voice called you coming from the door. You look the direction of the voice and saw your bestfriend.

You brightened, "Sohyun-ah!" you beamed as you runs to her. "Let's go!" you said as you grabbed her hand.

But she stopped, "Wait!" she snapped. You look back at her, "Eh?" you raised an eyebrow but you just only see her looking inside your classroom.

You followed her gaze and saw what she was looking at. It's L.joe. You then look at her, "I also want to talk to him." Sohyun softly whispered.

You softened as you wrapped an arm to her. "I know how you want it but I don't you can talk to him now. See.." you nodded at L.joe's direction, "..he's now around with our classmates."

She nodded, "Yeah. I think so." she forcedly said. You lightly squeezed her, "Don't worry. You still have a chance. He's always around the school so it's not hard for you to talk to him.

She finally brightened. She look at you and give you a grin. You raised an eyebrow, "What?" you asked.

"Can you help me to talk to him?" she asked. "M-Me?" you gasped. She nodded.

"Why me?" you asked. "Because he's your classmate so this will be an easy task for you." she explained.

"But as you can see, he's busy right now.." you think an explanation. Sohyun smiled, "Don't worry. Your task will be tomorrow not now. So let's go home for now." with that she grabbed your hand and dragged you outside the school.

\*What will be my task tomorrow? Well.. whatever it is, I'll do it just to make my bestfriend happy.\* you smiled at her and walk home with your bestfriend.

#### CHAPTER 5

Next morning, you wake up early to prepare yourself to go to school.

As you went out from your house, you saw Sohyun waiting for you. You're facing her back. You slowly walk to her for her to not notice you.

"Why didn't you—" your words suddenly stopped when your bestfriend spun around to face you.

You were very shocked. Not because of her sudden turns but the things that she was holding. "What's that?" you gasped.

Sohyun look down to her stuffs, "This? All my L.joe collection." she replied. "Yes, I know. What I mean is.. Why all your collection is with you today?" you asked while raising an eyebrow.

Sohyun look at you and look back to her collection, "Here.. Take it." she reach your arms to hold all her collections.

You didn't have a chance to protest because of her quick action. "What I'm going to do with your collections?" you asked.

"It's part of your task." she said smiling. "Task?!" you gasped.

She nodded, "Remember what I told you yesterday? That I'm giving you a task today for me to get close to L.joe?" she reminded.

You paused for a while, remembering what your bestfriend told you yesterday. Finally, you remembered and nodded to her, "Uh, yeah.. I remembered now.."

Sohyun smiled, "Good! So your task for today is to make L.joe sign all of that." she nodded at her collections.

"An autograph?!" you gasped. She nodded again, "Bingo!"

"So.. You want me to ask him for an autograph?" you asked again, to make sure. Sohyun nodded once again.

"But I'm not his fan to do that." you muttered. "Yes. I know but your bestfriend does." she gave you her aegyo.

\*Omo! She's using her aegyo again. Please don't do this to me Sohyun-ah..\* you mentally said to yourself.

"Please.." Sohyun gave you her another aegyo. You let out a sigh, "Araseo. I'll do it." you replied.

Sohyun brightened, "Woah! You are always the best Yoonhye-ah!" she jumped because of joy.

"But I just want to remind you that this task will be hard for me since all the girls in our class are always approaching him." you muttered.

Sohyun eagerly nodded, "Yes, I know and I also know that you can do it!" she beamed.

You rolled your eyes, "If you're

not my bestfriend, I won't do it for sure." you said.

"Then sorry because I'm your bestfriend." she grinned a little. You pouted and sighed.

"Let's go before we get late for school." Sohyun grabbed your hand as she dragged to school.

---

"Yoonhye-ah? Hwaiting!" Sohyun cheered you up before the both of you separated.

You rolled your eyes, "You better treat me after I successfully did my task." you said. She nodded, "Of course! What do you want? Dukbokki?" she asked.

You brightened when you heard your favorite food, "Yes!" you beamed. "Okay but before you get your reward, do first your task." she reminded.

You let out a sigh, "Okay. I'll try my best.

---

As you enter your classroom, you didn't see any sight of L.joe there.

But then, you heard a familiar voice coming from behind, "Looking for someone?"

## CHAPTER 6

"Looking for someone?" a familiar voice asked. You carefully spun around and saw L.joe standing there.

"W-What?!" you gasped. "You seem to be searching for someone.. So do you?" he asked.

You quickly shook your head, "No. I'm not looking for someone!" you snapped as you quickly went to your seat.

L.joe raised an eyebrow to you

and shook his head in your action. He then also went to his seat.

\*I'm almost caught..\* you let out a sigh. L.joe looked at you, puzzled. You looked back at him, "Wae?" you asked.

L.joe shook his head, "Nothing!" he replied.

Suddenly, your teacher finally arrived at the classroom so you faced front and focus on the class.

L.joe took another glance at you before he could face the front, \*She's kind of weird today..\* he thought.

---

"Class dismissed." your teacher announced.

You were about to leave the classroom when your eyes caught the paper bag where your bestfriend's collections are in there.

\*This will be going to be hard to me. Eoteokhae?\* you let out a sigh as you closed your eyes.

You grabbed the paper bag and faced L.joe. You opened your mouth to speak but then again, all the girls in your class approached him.

Your shoulders fell, \*Maybe I should ask his autograph later..\* you stood up and went out from the room and went to the canteen.

---

"How was your task?" Sohyun asked you. "As I told you, this will be hard for me." you replied.

"Task? What task are both of you talking about?" Sohee asked, curious. "Yeah, what was that. Mind to share?" Jiyeon added. Sohyun leaned close to Sohee and Jiyeon and said about the task.

Sohee and Jiyeon nodded in understanding. "Her task was

really hard eh?" Sohee said as Jiyeon nodded, "Yeah, I guess."

"But you still have time to do that and I heard L.joe is your seatmate, is that true?" Sohyun asked you.

You nodded. "Then, it's not so hard for you. You will still do it, right?" Sohyun want to make sure.

You nodded again, "I'll try it later.." you replied. Sohyun smiled and hug you, "Gomawo koreangirl26-ah.." You smiled back, "All for you Sohyun-ah.."

---

After break time, you went back to your classroom. You straightly went to your seat and sat there.

L.joe automatically look at you. You look back at him, "Wae?" you asked.

He shook his head, "Nothing." he then faced the front again.

---

After class, some of your classmates go to there home but there are some girls stayed still. They went to L.joe again, "L.joe oppa mianhe but we can't talk to you now because you know.. We have lots of assignments.. Annyeong!" one girl said as they leaved the classroom.

L.joe closed his eyes, "Finally.. I'm free. Thank God!" he thought.

You breath in and out before you approach him. "Um.. L.joe-ssi.." you started.

\*Omo! Who is it this time?\*

L.joe thought. He slowly open his eyes and for his surprised, you're the one who is talkong to

him. "Yes?" he brightly asked.

You then grabbed the paper bag at your side and placed it to his desk. "Please sign this." you said.

L.joe look at the stuffs inside the paper bag. He was amazed on it. All of it has his face on. Posters, post cards, pocket calendar, notebook, pen, baller which has an 'L.joe' on it, all the albums of Teen Top, etc.

A smiled went up to his face, "So she's my fan all of sudden." he thought. "Pen.." he said.

"Eh?" you asked. He look at you, "Pen for me to sign this." he said. "Don't you have a pen to sign that?" you asked raising an eyebrow.

He also raised an eyebrow at you, "Do you really want to sign this or not?" "Uh-oh.. Ne, araseo." you pouted as you get your pen from your bag.

\*Cute..\* L.joe thought as he smiled.

"Here you go." you handed your pen to him. L.joe's became serious again as he took the pen ans started to sign Sohyun's collection one by one.

"Are all of these yours?" he asked while signing. You shook your head, "No. All those stuffs are belongs to my bestfriend." you simply replied.

L.joe suddenly stopped signing, disappointed. He then look at you, "So.. You're not my fan?" he asked. "Please say no.." he hoped.

"Actually.. Errr.. I'm not." you replied, embarassed. His face fell because of your answer.

"But you know what? My bestfriend really likes you that's why I help her to have your autograph. You're actually her bias!" you beamed as you smiled.

\*I hope I'm your bias too..\*

L.joe remained silent as he continue signing.

"Woah! Gomawo!" you beamed as L.joe finished signing and give back to you the paper bag. L.joe just nodded.

"Annyeong!" you waved at him as you leaved the classroom.

L.joe sigh, "I never thought someone said to me that she's not my fan even though she already saw me in person and even we're also in the same class.." he whispered.

## CHAPTER 7

Next day, it was Saturday so that means there's no class.

Sohyun went early to your house to confirm the progress about your task. "Uh, Sohyun-ah.. What brings you here at early in the morning?" you asked.

"I just want to ask about your task. Is there any progress?" she asked. "Uh.. About that.." you stopped to teased her.

Sohyun stared at you, waiting for you to continue. "Yoonhye-ah, what about it? Is he sign it or not?" she mumbled.

You smiled, "Of course he does." you replied. She brightened, "Chincha? You're not joking around?" Sohyun want to sure.

You nodded again, "Yes, you heard right. Wait.. I'll go get it to my room." you said as you stood up and went to your room.

After just a moment, you went back to your bestfriend. "Are you ready?" you asked her. Sohyun eagerly nodded with a smile on her face.

You sat next to her and handed the paper bag to her, "Here you go.."

Sohyun quickly took it and get her stuffs from the paper bag one by one. You can see a spark on her eyes as she saw L.joe's autograph. "Happy?" you asked.

She turned to face you. She smiled and suddenly give you a hug. "You didn't know how happy I was now. Gomawo Yoonhye-ah.." she whispered to you.

You were shocked by the sudden hug at first but then a smile formed on your face. You lightly patted her back, "No problem. I'm happy for you." you whispered back.

Suddenly, your mom saw both of you. "What's happening here?" she asked.

Both you and Sohyun broke apart and look up at your mom. "Omma.." you said.

She walks to the both of you and sat to the couch that facing the both of you. "I saw you two hugging.. Is there something good happened?" your mom asked.

"Yes, eomonim. Yoonhye help me to get L.joe's autograph. I'm so happy." Sohyun beamed.

"L.joe? An idol?" she asked. Sohyun nodded, "He's a member of Boy Group 'Teen Top' and he's in the same class as Yoonhye." Sohyun explained.

"Woah~ My daughter is so lucky to have an idol classmate. What he looks like? Is he handsome?" your mom asked you.

"Omma!" you snapped. "Wae? I was just asking. Wait.. By any chance, is he your favorite now?" she asked.

You paused by her question. Sohyun stared at you, waiting for your answer.

"Omma, you already know who my ultimate bias is and it won't going to change even I have an idol classmate. I'm loyal to Jinyoung. He's my one and only bias." you replied.

Sohyun smiled by your answer, "Nado. My L.joe is my bias now and forever." "Who knows. Maybe someday, you met your real favorite. Maybe the one that you are calling your favorite is not the real one." your mom said.

You and Sohyun look at each other. Your mom let out a sigh, "I'll go prepared the breakfast now. Sohyun, you stay and join us for breakfast." she said as she stood up. Sohyun nodded, "Ne, eomonim."

---

On the other hand, L.joe was on his deeply thought about what you said to him yesterday.

\*If I'm not her bias then who? Is he one of my co-members?\* he then look at Changjo who is sitting in front of him.

L.joe mentally shook his head, \*Impossible! He's too young to her bias.\*

L.joe look at Ricky who is sitting next to Changjo. \*Not also. Too young.\*

He then shifted his gaze to CAP, \*I don't think so.. He's too serious to be her favorite.\* then to Niel, \*Maybe him? He's good in singing.. But I don't think Niel is her type.\*

Lastly, to Chunji who is sitting next to him, \*Chunji? It's possible! He has good looks but I hope not.\*

"Ahhhh~" L.joe suddenly whined. His co-members automatically look at him. "What happen to you?" Chunji asked. The others are waiting for his answer.

L.joe shook his head, "Nothing.." he replied. The others just nodded and back to their business.

L.joe went back to his thoughts. "Um.. Did you guys already encountered a girl in your class and said to you that she's not your fan?" he suddenly asked.

His co-members look back him, raising an eyebrows.

L.joe rolled his eyes, "Aish! Never mind!" he stood up and went to his room.

The others look at each other in confusion and shook their heads.

## CHAPTER 8

Monday came that means it's the day for the resume of the class.

Sohyun went early to your house to fetch you. "Good morning Yoonhye-ah!" she greeted.

"Good morning to you too Sohyun-ah!" you greeted back. "You ready?" she asked.

You smiled and nodded. "Kaja!" Sohyun grabbed your hand as both of you started to walk to school.

As usual, L.joe was not yet there. You walks to your seat and sat there.

Suddenly, your teacher arrived at the room but L.joe didn't.

You look around then to the door. \*Where is he?\* you thought. \*Eh? Why am I looking for him?\* you then shook your head and focus to the class.

But then, you heard a sudden voice. "Good Morning! Mianhe Seonsaengnim, I'm late."

You turned to the direction of the door and saw L.joe bowed. "It's okay. Go to your seat now." your teacher said.

L.joe bowed once again and went to his seat. You just watch him walk to his seat. You didn't know why but you feel so happy when you saw L.joe.

L.joe give you a puzzled look. You noticed it and quickly faced the front. L.joe raised an eyebrow and also faced the front.

You take another glance at him, not even turning your head since you can also saw him on side of your eye. You secretly smiled and focus back to the class.

"Class, we're having a research paper and I decided to make it as a partner project." your teacher announced.

\*Partner project?\* you thought.

"So your partner will be your seatmate." your teacher added.

You and L.joe automatically look at each other. Your other classmates (girls) are look at you, envious.

"Don't worry. The research paper will be submitted at the end of the school year. So.. Class dismissed." your teacher left tge classroom.

You and L.joe didn't start talking until L.joe spoke, "I think we're partners." he said.

"Yeah. I think so.." you awkwardly smiled. "So when do you want to start this project?" he asked.

To his disappointment, you suddenly removed your hand from his and run from one of the appliances shop.

L.joe followed your direction. You were staring at one of the TV that displayed there. "What are—" his words cut off when he saw Jinyoung on the screen of the TV.

\*Why is she staring at him?\* he mentally shook his head, \*No, no, no. She's staring at the TV not him.\* you said to himself.

"You like that TV?" he asked. You back to your world and look at him. "Eh?" you asked.

"I'm asking you if you like that TV?" he asked again. You laugh a little and shook your head, "No. Him.." you pointed to the screen who Jinyoung is there. "He's the one that I like. You know what? He's my ultimate bias." you confessed.

L.joe's expression became sad and just remained silent. "Um.. Do you know him? Or maybe your friend?" you asked.

L.joe his head, "No. He's not my friend. I don't want to be friends with him." L.joe said. "Eh? Wae? I think he's good." you commented.

"Let's just start our project okay?" he said as he walk away. You titled your head, \*What's wrong with him?\* you then followed him.

---

As you two were busy for your project, both you didn't talk much to each other.

"Wanna go eat first?" you

suddenly asked. "I don't want." he snapped.

You pouted, "I know you're already hungry so let's just eat. Come on!" you grabbed his arm and dragged him to the Dukkobokki Stand.

L.joe look down at you, "What are we doing here?" he asked. "To eat of course!" you dragged him to sit as you sit also, facing him. "Go wear your mask so I can order now." you said as L.joe did.

"Ahjumma, 2 plated of dukbokki please." you shouted. The ahjumma nodded, "Okay coming up!"

After a moment, your orders finally arrived. "Here the 2 plates of dukbokki." the ahjumma then left.

You started to eat as L.joe just stared at you. You noticed him and stopped, "Why don't you start to eat?" you asked. "Isn't it dirty?" he asked.

You rolled your eyes, "No it's not." you replied. "And I can't eat when I have this mask on." he said.

"Okay, I'll help you. Just up the lower part of your mask so I can feed you." you said. "Y-You're going to f-feed me?" he gasped.

You nodded, "Yeah! I know it's hard fir you so I'll help you. Go up now." L.joe didn't moved and just stared at you.

You raised an eyebrow, "Do you also want me to do it for you huh?" you asked. He quickly shook his head and did what you said. With that, you started to fed him.

"Yummy right?" you asked. L.joe swallowed the dukbokki and automatically nodded. "I

knew it!" you said.

"Here.." you feed him again. He ipen his mouth and eat the dukbokki. \*Omo! I can't imagine it. She's feeding me.. We're just like a couple..\* he secretly smiled.

"Um.. Can you do it by yourself? Coz I want to eat too.." you said.

L.joe nodded, "Uh-oh, yeah.." he took the stick and started to eat by his own as you also did.

---

"I'm already tired." you whispered as both of you started to walk. "I'll walk you home now.. Let's just continue this tomorrow then." L.joe said.

You nodded, "Okay."

---

You bowed, "Thank you for walking me home.." you said as you two reach your home.

"Thank you also for the dukbokki. It was my first time to eat that kind of food." he said. You smiled, "No problem. So see you tomorrow. Annyeong!" you waved and walk in to the house.

L.joe smiled as he put his hands to his pocket, \*Yoonhye-ah, I think I'm fallen for you..\* he let out a sigh and left.

## CHAPTER 16

Next day, Sunday. L.joe went to your house to continue the project with you.

He rang the door bell. Your mom approach it. "Uh.. L.joe.. Come in." she welcome him as he followed her inside.

"Good thing, you didn't put your mask on." your mom said. "Uh yeah. I didn't wear it since we're not going out." L.joe replied.

"You two not going out?" she asked. L.joe nodded, "We're going to start our project today and we decided to do it here." he replied.

Your mom nodded in understanding.

"Um.. Where's Yoonhye?" he suddenly asked. "Uh yeah. I almost forgot hehe. She's still in bed. I'll go wake her up. Wait here~" your mom was about to go upstairs but L.joe stop her.

"Can I just wake her up instead?" he asked. Your mom look at him, suspicious. "Is it okay with you?" she asked.

L.joe nodded.

"Okay then. When you go upstairs, you turned to right then the first door, that's her room." you mom explained as L.joe nodded again.

He went upstairs and followed your mom's instruction. He lightly tapped the door, no response. He slowly open it to not wake you up.

A smile went up to his face as he saw your sleeping face. \*You're the most beautiful girl that I know when asleep.\* he slowly close the door.

His smile vanished when his eyes suddenly caught all your Jinyoung posters. He looks at them one by one, \*She did really like him. How I wish I'm on his spot.\* L.joe sigh.

"L.joe?" he heard your voice. He spun around to face you, "Uh.. you're awake."

"What are you doing here?" you asked as you sat up. He raised an eyebrow, "Don't you remember? We're going to continue our project today." he said.

You nodded, "Uh.. Yeah. I almost forgot!" you replied. He smiled at your cute reaction.

"Wait! I'll go wash first." you said as you stood up. He nodded then you went to the bath room.

"Ne omma." you shouted back. You look at L.joe, "Let's continue this later. Let's eat lunch first." you said as he nodded.

You two went downstairs and eat lunch with your mom.

"Woah~ the food is so delicious!" L.joe commented. "I know right!" you said. Your mom smile,. "Thanks!"

You and L.joe sat side to side as your mom sat to the opposite so she's facing the two of you.

You were chewing your food as your mom suddenly spoke, "You know what? You two are like a couple." your mom commented.

You choked by it. L.joe handed

you a water as you took it and drink it. "Omma!" you frowned at her.

"Wae? That was only my opinion." she said. L.joe look at you and smiled. You look away, embarrassed.

"I'm already full." you stood up and look down to L.joe, "Followed me upstairs as you finish." you said and went upstairs.

"I'm also full. Thank you for the food." L.joe bowed. "No problem. You two looks cute together." your mom said with a smile and went to the kitchen while holding the plates to wash.

L.joe raised an eyebrow but smiled too. He went upstairs and help you to the project.

At 4pm, L.joe waves and say goodbye to you and to your mom. He need to go home now since he need to attend for their practice.

As the time passed by, you and L.joe become more close to each other. Also because of the project, you two are always together and talking.

One day, when the class finally ended, you and L.joe decided to stay at the classroom to rewrite your research paper.

As L.joe was busy rewriting, you suddenly fall asleep as your head is resting at the desk.

When L.joe noticed you, he couldn't help but to smiled. He saw you sleeping once again.

---

Sohyun's class was over. She decided to go to your classroom

and to walk home with you.

As she reached your classroom, she saw L.joe stooped down and staring at your sleeping face.

She quickly hid herself behind the wall, beside the classroom's door to listen.

"Yoonhye-ah, what have you done to make my heart beat so fast to you.." she suddenly heard L.joe said to you.

Sohyun's eyes widened as she covered her mouth with her both hands. \*L.joe likes Yoonhye?\*

## CHAPTER 17

Next day, you straightly went to the school for you to have a talk with L.joe about the project.

"We still not yet done on rewriting. Do you want to do it now since it's early before the class starts." you said to him.

He nodded, "Okay. No problem with me." he replied with a smile. You couldn't help but to smile back as you handed the paper to him.

He warmly took it and started to rewrite as you also did.

Suddenly, your teacher arrived. You grabbed the papers from L.joe, "Let's just continue this when we have free time." you whispered as he nodded again.

---

Lunch break came, you put all your stuffs to your bag and stood up, planning to leave.

"Wait! Are we not going to

continue rewriting?" he asked. You shook your head, "Sohyun is waiting for me at the canteen right now so I can't. Maybe we can continue rewriting tomorrow." you said.

You were about to leave as he spoke again, "Let's go together to the canteen then." he said as he stood up and walk passed by you. You raised an eyebrow but smiled and followed him.

As both of you reach the canteen, you saw Sohyun with Jiyeon and Sohee at one of the table there.

You say goodbye at L.joe and went to Sohyun's direction. You were smiling at that time. "Annyeong Sohyun-ah.." you greeted her.

Sohyun could feel that you're happy before you and L.joe separated. She just give you a small smile.

You sat next to her as you started to eat with them. Sohyun started to ask about L.joe as you happily answer her with a wide smile on your face.

Suddenly, an unexpected question ask you coming from Sohyun. "Do you like him?"

Your smile fell. You paused by her question. \*Do I like him?\* even yourself, you didn't know the answer on that question.

"Yoonhye-ah, do you like him?" Sohyun repeated her question. You could see on her face that she's worrying. You look straightly into her eyes, "Yes, I like him.." her expression become pale.

"..I like him as a friend." you continued. A sudden smile came up to her face after she heard what you said.

"Really?" she asked. You nodded and give her a small smile.

With that, both of you continue to eat.

---

After lunch, you headed to your room. L.joe was already there.

He smiled at you, "Did you eat a lot?" he asked. You nodded and give him a fake smile.

Suddenly, your teacher came and started to discuss as L.joe faced the front and listen.

You take a glance at him, \*Do I really like as a friend only? Or in different way?\*

## CHAPTER 18

*Valentines Day...*

"Yoonhye-ah!" Sohyun run towards you as you were walking to school gate.

"Eh? Wae?" you asked. "Um.. This.. Try this.." she show a heart box from her behind. She carefully open it and put a piece of chocolate in front of your mouth.

You raised an eyebrow. "Just take a bite." she said. You nodded and took a bite on it.

"How does it taste?" she asked you seriously. You carefully swallowed the chocolate and smiled, "I love the taste!" you beamed.

"Really?!" she asked. You eagerly nodded. "Good to hear that my chocolates taste good."

she said.

"But... Why do you make some chocolates?" you asked.

"Because today is Valentines Day." she beamed.

"Valentines Day? Uh.. I almost forgot!" you gasped. "Aigoo! You babo!" Sohyun shook her head.

"Um.. Yoonhye-ah, can you give these chocolates to L.joe?" she asked. "To L-L.joe?!" you gasped. She nodded, "Of course! Who would it be then? He's my bias, remember?" she reminded.

"Uh-oh.. Yeah." you nodded in understanding. "So.. Are you going to help me?" she asked.

"I think you are the right person to give those chocolates to him in person." you explained.

"You think so?" she asked as you nodded.

Suddenly, the bell rang.

"Okay. I'll go give this to him after class." Sohyun said as both of you separated.

Before you went to your class, you went first to your locker to get your research paper.

As you open your locker, you saw a heart-shaped box of chocolates and card on it.

You open the card and read it.

*to: Yoonhye*

*Happy Valentines Day!*

*Please accept the heart-shaped box of chocolates for you to feel my heart and see how it beats for you~*

*from: you'll know later^^*

You raised an eyebrow, \*Who's exactly it is?\* you thought but a smile formed on your face.

But then you remembered that you still have class so you put all of it back to your locker as you headed to your classroom together with the research paper.

## CHAPTER 19

"I'm sorry. I'm late." you bowed to your teacher as you entered the classroom.

"It's okay. Take your seat now." your teacher said. You bowed once again, "Kamsahamnida."

With that, you walk to your seat. L.joe was seriously listening to your teacher so you didn't bother him.

You take a glance at him, \*He looks different today.\* you then faced the front and listen also to the lesson.

---

"Class dismissed." your teacher said and left the classroom.

You sighed and faced L.joe to talk about your project but all your classmates (girls) went up to him to give him their chocolates. You let out a sigh and decided to leave the room.

At the Canteen, you meet up with your friends to have a lunch with them but only Sohyun is there.

"Where's Jiyeon and Sohee?" you asked her. You saw her nod to the other direction.

You followed her nod and saw Jiyeon and Sohee with the other girl students trying to catch up Teen Top. "They want to give their chocolates to them." Sohyun said. You shook your head and you sat next to Sohyun.

"I can't wait till the class ended. I really want to give my chocolates to L.joe." Sohyun suddenly said.

You fake a smile and started to eat as Sohyun also did.

---

Lunch break was over, you and Sohyun got separated.

You went to your class and saw L.joe tiredly rested his head on his desk.

You sat to your seat and look at him, "Tired?" you asked. He tiredly nodded and sighed.

"Um.. I guess you can go home early today since you look really tired. I will rewrite our research paper by myself." you said.

L.joe then straightly sat and shook his head, "No. I'll help you." he snapped.

"But—" you want to protest but L.joe cut you off, "No buts!" he blurted.

Suddenly, your teacher came and started the lesson.

---

As the class already ended, your teacher left the classroom. All your classmates also left.

Meanwhile, you and L.joe started to rewrite. Silence filled the classroom. No talking.

L.joe suddenly spoke, "Um.. Do

you receive any present today?"

"Yes. I received a box of chocolates." you replied, still focusing on what you were doing.

"Do you like it?" he asked. You nodded, "I actually love it!" you smiled as you continued rewriting.

A smile came up to his face, "I'm glad you like it!" he said. You stopped on rewriting and take a look at him.

"Wae?" he asked. "Did you know who give those chocolates to me?" you asked as you crossed your arms.

"To be honest, I'm the one who gave those chocolates to you." he looks into your eyes with a serious face.

You froze after you heard what he said. He's actually confessing to you right now. You want to ask many questions but no words came out from your mouth.

Without saying a word, you grabbed your bag and stood up, "I need to go now."

You were about to leave but he suddenly grabbed your wrist and make you faced him. "I know my confession is unexpected but it's the truth. Joahe.." he whispered.

You remained silent and just stared at him. "Nomu Joahe Yoonhye-ah.. Do.. You like me too?" he asked.

You look away, "I'm sorry.." you whispered.

"Sorry for what?" he asked. "I'm sorry because.. because.. I didn't feel the same way as you." you replied as you bit your bottom lip.

"You're lying! Look straightly into my eyes then say that you didn't love me." he said.

You slowly look into his eyes, "Mianhe—" L.joe didn't let you finish your sentence but suddenly hugged you.

You were so shocked by his action, "Please stop saying that you're sorry.." he whispered.

You could feel his heart beat. It's beats so fast. "L.joe.." you whispered, giving him a signal to let you go.

"Let's just stay like this for a while.." he whispered. You didn't even protest to it and let him hug you. His hug was so warm that made you want to stop the time for that moment.

Suddenly, you heard a bit loud sound coming from the door. Both you and L.joe turned to the door only to see Sohyun dropped the box of chocolates on the floor.

You could see tears falling from her eyes as she runaway. "Sohyun-ah, wait!" you lightly pushed L.joe and run after your bestfriend.

## CHAPTER 20

As you followed Sohyun, L.joe was also followed you.

You saw Sohyun run to the exit while crying. You run faster for you to catch her.

As Sohyun finally out the school, you caught her arm and spun her around to made her face you. "Let's talk.." you said.

"Is there still need for that?" she raised an eyebrow as her tears keeps on falling.

You didn't want to see her tears. When she's hurt, you feel hurt too. "Sohyun-ah.. Let me explain.." you whispered.

"No need to explain! I already saw and it already explain to me!" she said.

Sohyun was about to leave when you grabbed her arm once again but she twisted her arm that made you out of your balance.

Luckily, L.joe caught you at the right time. You were so shocked on what Sohyun did to you. You didn't expect your bestfriend can do that.

"Yah! She almost fall on the ground, you know that?!" you heard L.joe shouted at your bestfriend.

You saw another tear fall from her eyes as she heard L.joe's cold voice. She gave you a glared before she could completely disappeared on your sight.

You stood straight, "Sohyun-ah!" you were about to follow her again but L.joe grabbed your arm. "Let her go.." he whispered.

You spun spun around to face him. A tear started to fall from your eyes, "It's all your fault. I don't want you to come close to me again. Please leave me alone!" you removed his hand from your arm and walk away crying.

L.joe froze on his spot. He couldn't believe what you just said to him. He's really hurt right now, \*Yoonhye-ah...\*

---

As you reach your house, you wiped your tears before you went in.

Your mom was busy watching as you entered the house. But when you were about to go upstairs, she suddenly noticed you.

"Uh.. Yoonhye-ah.. You already here." your mom said. "Ne omma.." you replied, not even looking at her.

"Something bad happen?" she asked. You automatically look at her by her sudden question. "Eh?"

You saw your mom frowned as she walk to you, "Why your eyes are red? Did you cried?" she worriedly asked.

You shook your head, "Ani.. It's nothing."

Your mom want to ask you again but the door bell suddenly rang. "Wait up." your mom said as she walks to the door to see who the visitor is on the small TV near the door.

"L.joe is here." you heard her said. She was about to open it when you suddenly spoke, "No! Don't let him in. If he ask where am I, tell him that I'm not home." you said.

"But—" "Just tell him what I said." you snapped as you went upstairs.

Your mom sighed as she open the door, "Uh.. L.joe." she act normally.

"Is Yoonhye inside?" L.joe asked. "Uh-oh.. Mianhe but she's still not home yet." your mom lied.

"But I saw her enter your

house. Please Ma'am, I really need to talk to her." L.joe said.

Your mom let out a sigh, "Okay you're rihgt she's here but she didn't want me to let you in. Mianhe." your mom said.

L.joe lowered his head in sadness. "Uh-oh.. I understand." he whispered.

"I didn't know what's the problem with you two but I'll try to talk to her and convince her to talk to you." your mom said.

L.joe look up and bowed, "Thank you ma'am." Your mom smiled, "Now, you go home first."

L.joe nodded and left. With that, your mom shut the door.

## CHAPTER 21

You entered your room and laid on your bed. Your tears starting fall again. Your heart was really hurt and when you remembered what just happened earlier.

Now, Sohyun hate you and you on the other hand, need to take a distance to L.joe.

Thinking about taking a distance from L.joe made your heart more hurt. Even when Sohyun's expression went back to your vision, you feel more hurt.

All you can do at this right time is to cried and cried.

Suddenly, you heard a light knock coming from your door. You look up then you heard your mom's voice, "Can I come in?" she asked.

You wiped your tears before you give her a response, "Ne.. Come

in."

Your door slowly open as your mom stepped in. She walk to you and sat next to you.

"Are you okay?" she asked. You could feel a worried tone from her voice. You didn't want your mom to get worried about you so you smiled to hide your sadness.

"I'm fully okay." you replied. Your mom took your hand and look back at you, "I know your having a problem. You can open up with me. Maybe I can help." she worriedly said.

You lowered your head, didn't know how to start. Your mom took your chin and make you face her again. "Come on., go open up. I will listen t you." she said.

You let out a sigh before you started. You tell her what exactly happened earlier between you, Sohyun and L.joe.

After your mom heard you story, she paused for a while then smiled. "The main point is love, isn't it?" she asked.

"Eh?!" you gasped. She smiled once again, "Sohyun mad at you because she think that you stole her bias right?" she asked as you nodded.

"Maybe Sohyun likes L.joe but it's not love at all. She only thinks that she loves him but she was just feels different. She likes L.joe not the way she thinks. She likes him as a fan who admired her idol. Aside of that, nothing more.." your mom said.

"Do you think she only likes him as an idol? But I don't think so.." you lowered your head.

Your mom hold both your

shoulders that made you look at her again. "And.. About L.joe's feelings for you, I'm sure that was love." she said.

"Omma.." you whispered. "I didn't say it because you're my daughter but I could feel that L.joe has a feelings of love for you. The first time I saw him, I could feel that he likes you on the first place. He loves you as girl. And.. I don't want to say this but.. I think you already fall for him too." your mom honestly said.

You stunned by your mom's words an paused for a while. But then, you spoke, "Omma.. You know Jinyoung is my bias right?" you said.

"Yes. He's your bias but you didn't feel any love towards him. Like Sohyun feels to L.joe. That's what you exactly feels to Jinyoung but your feelings to L.joe is different. It's LOVE.." she said.

You paused once again. "I think you need to think about it first for now. I'm going to leave now for you to thibk carefully. I hope my advice help you." with that, your mom left your room.

You let out a sigh as you laid on your bed. You just stared at the ceiling and started to think.

\*Was my mom right? Sohyun was only admired L.joe and I'm in love with him?\*

## CHAPTER 22

As L.joe reach their dorm, he pulled out his key to open the door.

L.joe stepped inside. He straightly walks to his room with the blank expression.

All his co-members look at each other while frowning. They nodded to each as a sign and followed L.joe to his room.

L.joe was lying on his bed blankly that he didn't even noticed his co-members entered his room.

Teen Top yanked at his bed that made sat up. "Yah! What are you guys doing here?" he yelled.

Chunji raised an eyebrow, "You looks different today. You didn't even notice us when we entered this room. You know that?"

"Uh-oh.." that was the only word that L.joe said.

"Yah! What happen to you?!" CAP yelled. "Yeah. You looks really different today. The L.joe we've known is not the L.joe today." Niel added.

"To be correct, the bully L.joe hyung is gone!" Ricky said. L.joe give him a glared.

With that, Ricky shut his mouth. "What's exactly happening to you today hyung?" Changjo suddenly asked.

L.joe paused. He let out a sigh as he close his eyes. He lowered his head as he open his eyes, "I'm in love.." he whispered.

Teen Top look so shocked as they look at each other. "Y- You're in love? With who?" Niel suddenly asked.

"Who would it be? Of course to Yoonhye." Chunji snapped.

"You're in love with Yoonhye noona?" Ricky asked his hyung.

L.joe sighed once again, "Yeah. She's the one." he confessed.

"Why are you sad then?" CAP asked. "Because she hate me.." L.joe replied.

"Woah~ L.joe hyung got rejected? Impossible!" Changjo said. L.joe give him a look. Changjo shut his mouth.

"Seriously, she hate you? I don't think so.." Chunji said. L.joe made to faced him, "What do you mean?"

"To be honest, when I first saw her, I could feel that she has a special feelings for you." Chunji said.

"I thought so. But she hate me because of her bestfriend." L.joe said.

"Bestfriend? Why?" Niel asked. "Her bestfriend is actually one of my fans." L.joe said. "What exactly happen today huh?" CAP asked.

L.joe tell the whole story to his co-members.

"Mwo? Her bestfriend caught both of you hugging?!" Chunji gasped as L.joe nodded.

"She hate you not because she don't like you, she hate you beacuse she think that she's hurting her bestfriend. You should give her sone time to think." CAP advised.

"What if she won't realize her feelings for me?" L.joe asked.

"If noona really likes you, she will realize it." Changjo said. "Chanjo was right. You just need to wait hyung." Ricky said.

"Aish! How you two know about love more than me huh?" L.joe asked. Ricky and Changjo look at each other and smiled.

"You also need to think. Think on how will you prove that you're the one that she likes." Niel said. L.joe nodded, "Yeah, I guess."

"Let's go guys. He needs to think of it by himself. Let's let him think carefully." CAP said as he headed to the door.

The others followed. Chunji stopped as the others already left. He look back at L.joe, "Don't worry too much, everything will be okay. Just don't give up your feelings for her so easily." with that, he left and shut the door.

L.joe laid on his bed as he pressed the back of his wrist on his forehead and faced the ceiling.

\*They are all right. I need to give her and myself the time to think. Like Chunji said, I won't give up on her.\*

## CHAPTER 23

Next day came. You went early to school to look for Sohyun.

As you were near at the school entrance, you spotted Sohyun together with Jiyeon and Sohee.

You immediately walks to her and approach her, "Sohyun-ah.." you started.

She spun around only to see you. Her expression become different. "What?" she raised an eyebrow.

"Can we have a talk?" you asked. "Go ahead and tell me now what you want to say." she

ordered.

"Can we just talk alone?" you asked.

"Um.. We're going now. You two need to talk and give a privacy." Jiyeon said as she look at Sohee who nodded to her.

They were about to leave when Sohyun suddenly spoke, "Wait!" Jiyeon and Sohee stopped on it and look back at her.

Sohyun then look back at you, "Sorry but I and my FRIENDS really need to go now. Let's go Jiyeon and Sohee."

With that, Sohyun left as Jiyeon and Sohee take a glance at you for a second then followed Sohyun.

You lowered your head, really hurt. You didn't expect to happen this between you and your bestfriend. She's been your bestfriend since childhood but now it's over just because of one guy.

Without any other choice, you entered the school and headed to your class.

---

L.joe was waiting for you at the classroom's door. Suddenly, his eyes caught your presence.

As you were walking to the classroom, you met eyes with L.joe. You quickly look away and entered the classroom.

"Yoonhye-ah.." you heard him called you as he grabbed your wrist that made you stopped.

All the pairs of eyes are on the both of you. You could see all the girls are glaring at you. You started to felt uneasy.

You look back at L.joe, "They're

all staring at us. Just stop bothering me." you whispered as you removed your wrist from his and headed to your seat.

L.joe's face fell as he leaved the classroom since your first teacher was absent.

You look at the empty door and sighed, \*Mianhe L.joe but I think this is the best thing we need to do.\*

## CHAPTER 24

Lunch break... You immediately left the classroom and went to the canteen.

As you expect, Sohyun was there with your two other friends, Jiyeon and Sohee.

You walks to them and approached their table. Sohyun was smiling on their conversation but suddenly fell when you appeared on her sight.

"Sohyun-ah.. Please talk to me." you said.

Sohyun look back at Jiyeon and Sohee. "Guys I need to go now." with that, Sohyun disappeared on your sight without saying any word.

Your shoulders fell as you let out a sigh. You suddenly felt a hand on your left shoulder. You look back and saw Jiyeon as Sohee on your other side.

"Just give her some time." Jiyeon whispered. "She's still mad at me. I hope everything will be okay soon." you whispered.

Sohee patted your other shoulder, "Cheer up! Everything will be okay for sure! You two are bestfriends so it won't take a long time." she tried to cheer you up.

You give her a small smile and just nodded. "I hope that can be true." you hoped.

"Just don't give up so easily." Jiyeon suggested. You nodded, "Of course I won't!" you replied.

"That's good then." Sohee said. "So we need to go now. Sohyun will be mad at us too if we didn't go to her." Jiyeon and Sohee waved and say 'goodbye' to you.

With that, you take a sit and sighed as you rested your chin on your both palm as both of your elbow on the table.

As you didn't know, someone is watching you from afar.

## CHAPTER 25
